Hello,
book full of empty pages!
IT'S ME, MABEL PINES! I found you lying in
Dipper's stuff. Dipper knows better than to leave empty sketchbooks in
my presence, so I can only assume this is what he wanted to happen!

Get ready for the Mabel magic!

SO COOL!!

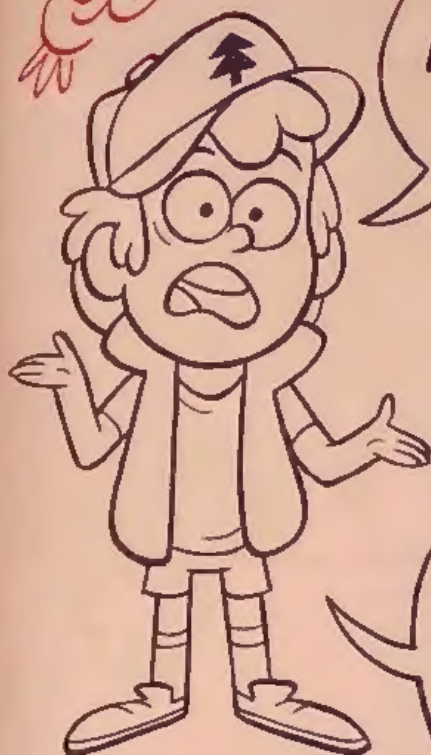

XYLER

CRAZ

I'd recognize
those drawings
anywhere! Mabel?
Is that you?

Dipper?

How did you appear on the page like that?!

I don't know what happened.
I found this book during one of my
daily cemetery checks—

Hmmm. We'll talk about that sad
little antisocial chestnut later. . . .

And I brought it home,
opened it up, and this inky
black stuff reached out and
pulled me in! I've been stuck in
here all day!

Weird!

How do we get you out?

?

The inky
black
stuff!

?

Should I cut you
out with scissors?

??

No!

Please . . . Allow me to explain. . . .

Whod . . .

Who is this?!

My name is Chamelius Pendraggin. I am a pigmentologist determined to study all colors in all worlds. This book is one of the many hue-collecting tomes I've sent out across the universes. It must have instinctively pulled this "Dipper" person in to absorb his colors. I'm quite sorry! I'll release him at once . . .

unless . . .

Unless?

Oh. Um.
Thank
you.

Unless?

Unless you both would like to help me document the colors from your world.

I don't know about this, Mabel.

If you help me, I will reward you by showing you
A COLOR FROM ANOTHER WORLD,
the likes of which your eyes have never seen!

A NEW COLOR?! Dipper, we have to!

I was born for this!

I NEED THIS IN MY EYES RIGHT NOW.

That DOES sound fascinating....

Yeah! And we'll be helping a PIG-ologist! My kinda people! I'm a color scientist.

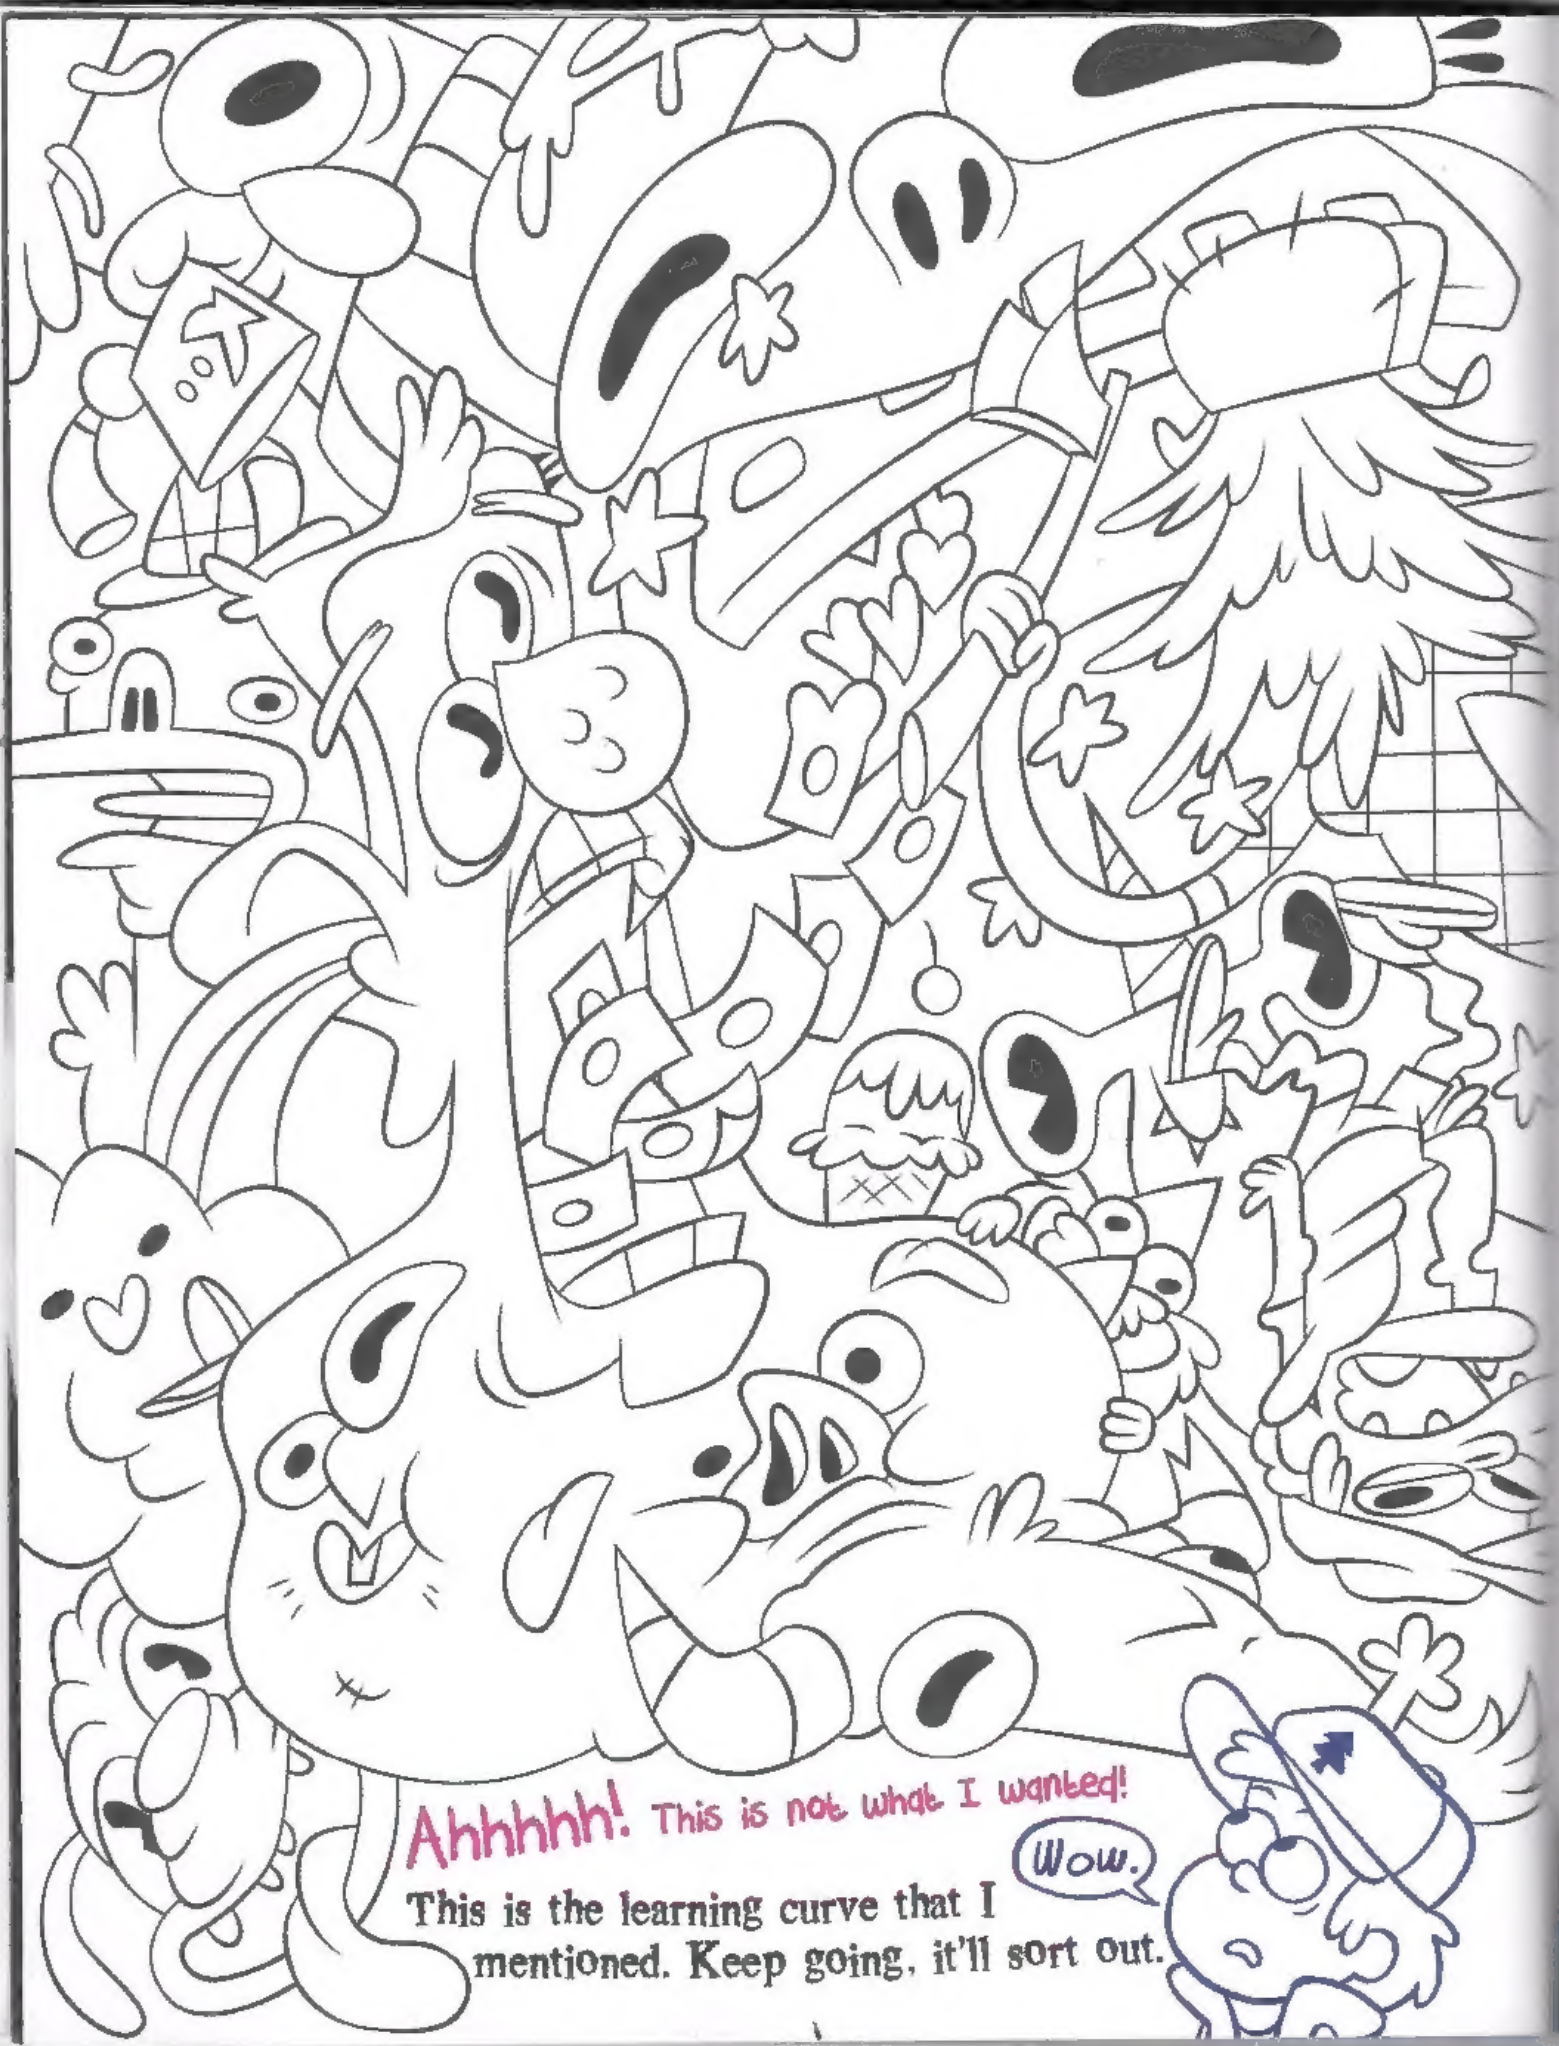

So, Chamelius, what do we have to do?

It's simple! My hue-collecting tomes are filled with telepathic ink. The very same that's making my words appear on the page now. Hold the book in your hands and use your mind to conjure images with the ink. Then, using pigments from your world, fill the images so I can receive and document the colors on my end.

SO YOU NEED ME TO MAKE THIS INTO A COLORING BOOK?
THIS IS MY JAM. THIS IS MY ABSOLUTE JAM.

Excellent.

I do warn you, though, there is a bit of a learning curve with the telepathic ink. It takes . . . some practice.

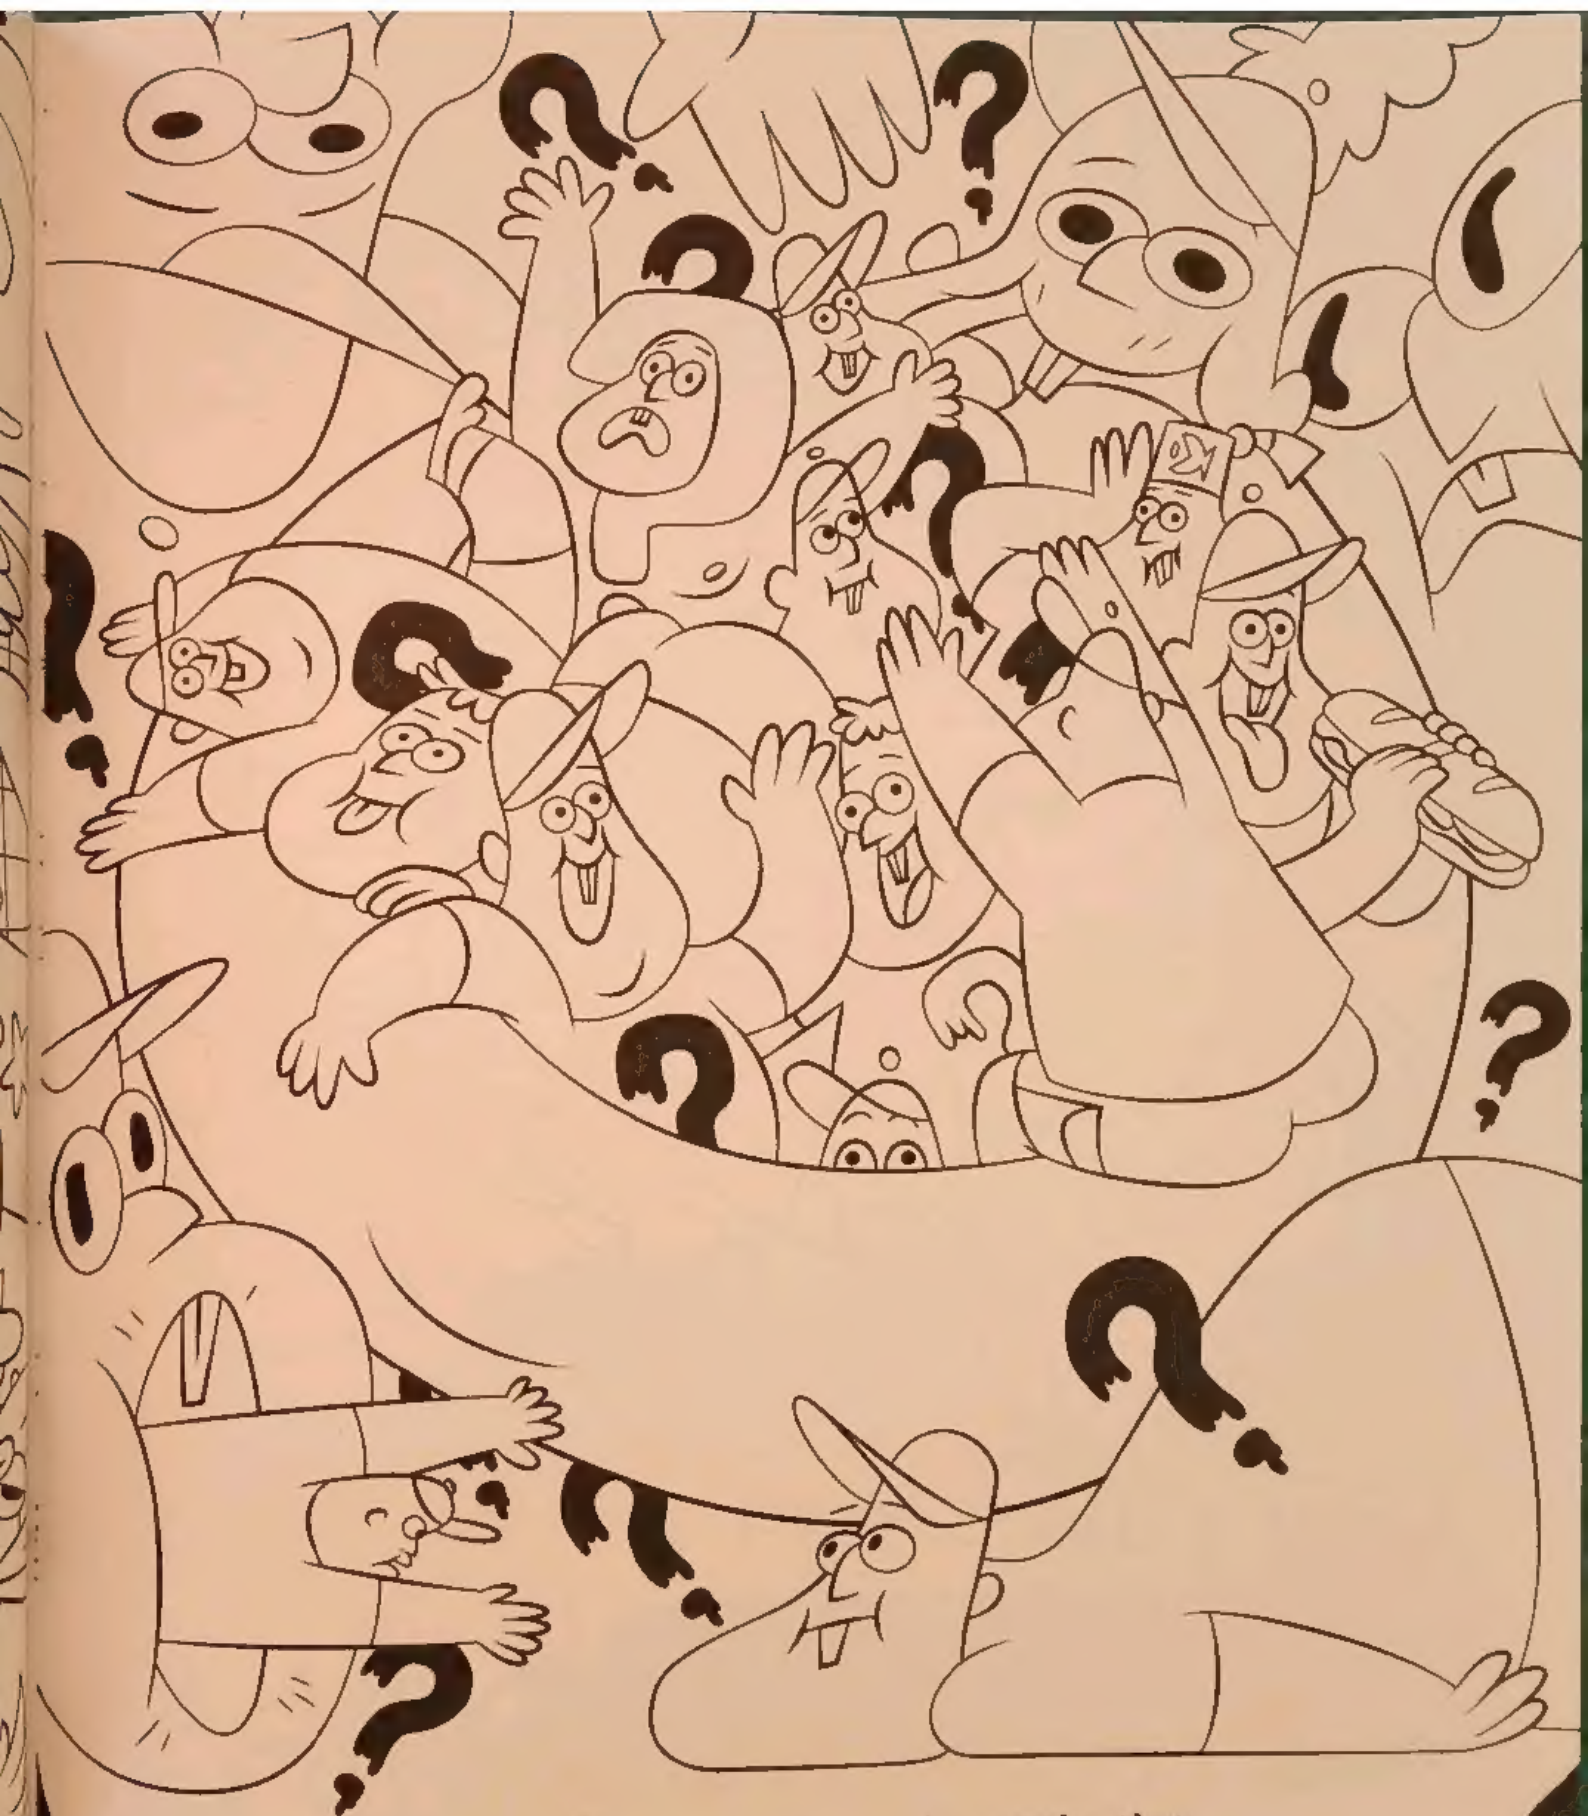

Ahhhhh! This is not what I wanted!

This is the learning curve that I mentioned. Keep going, it'll sort out.

Wow.

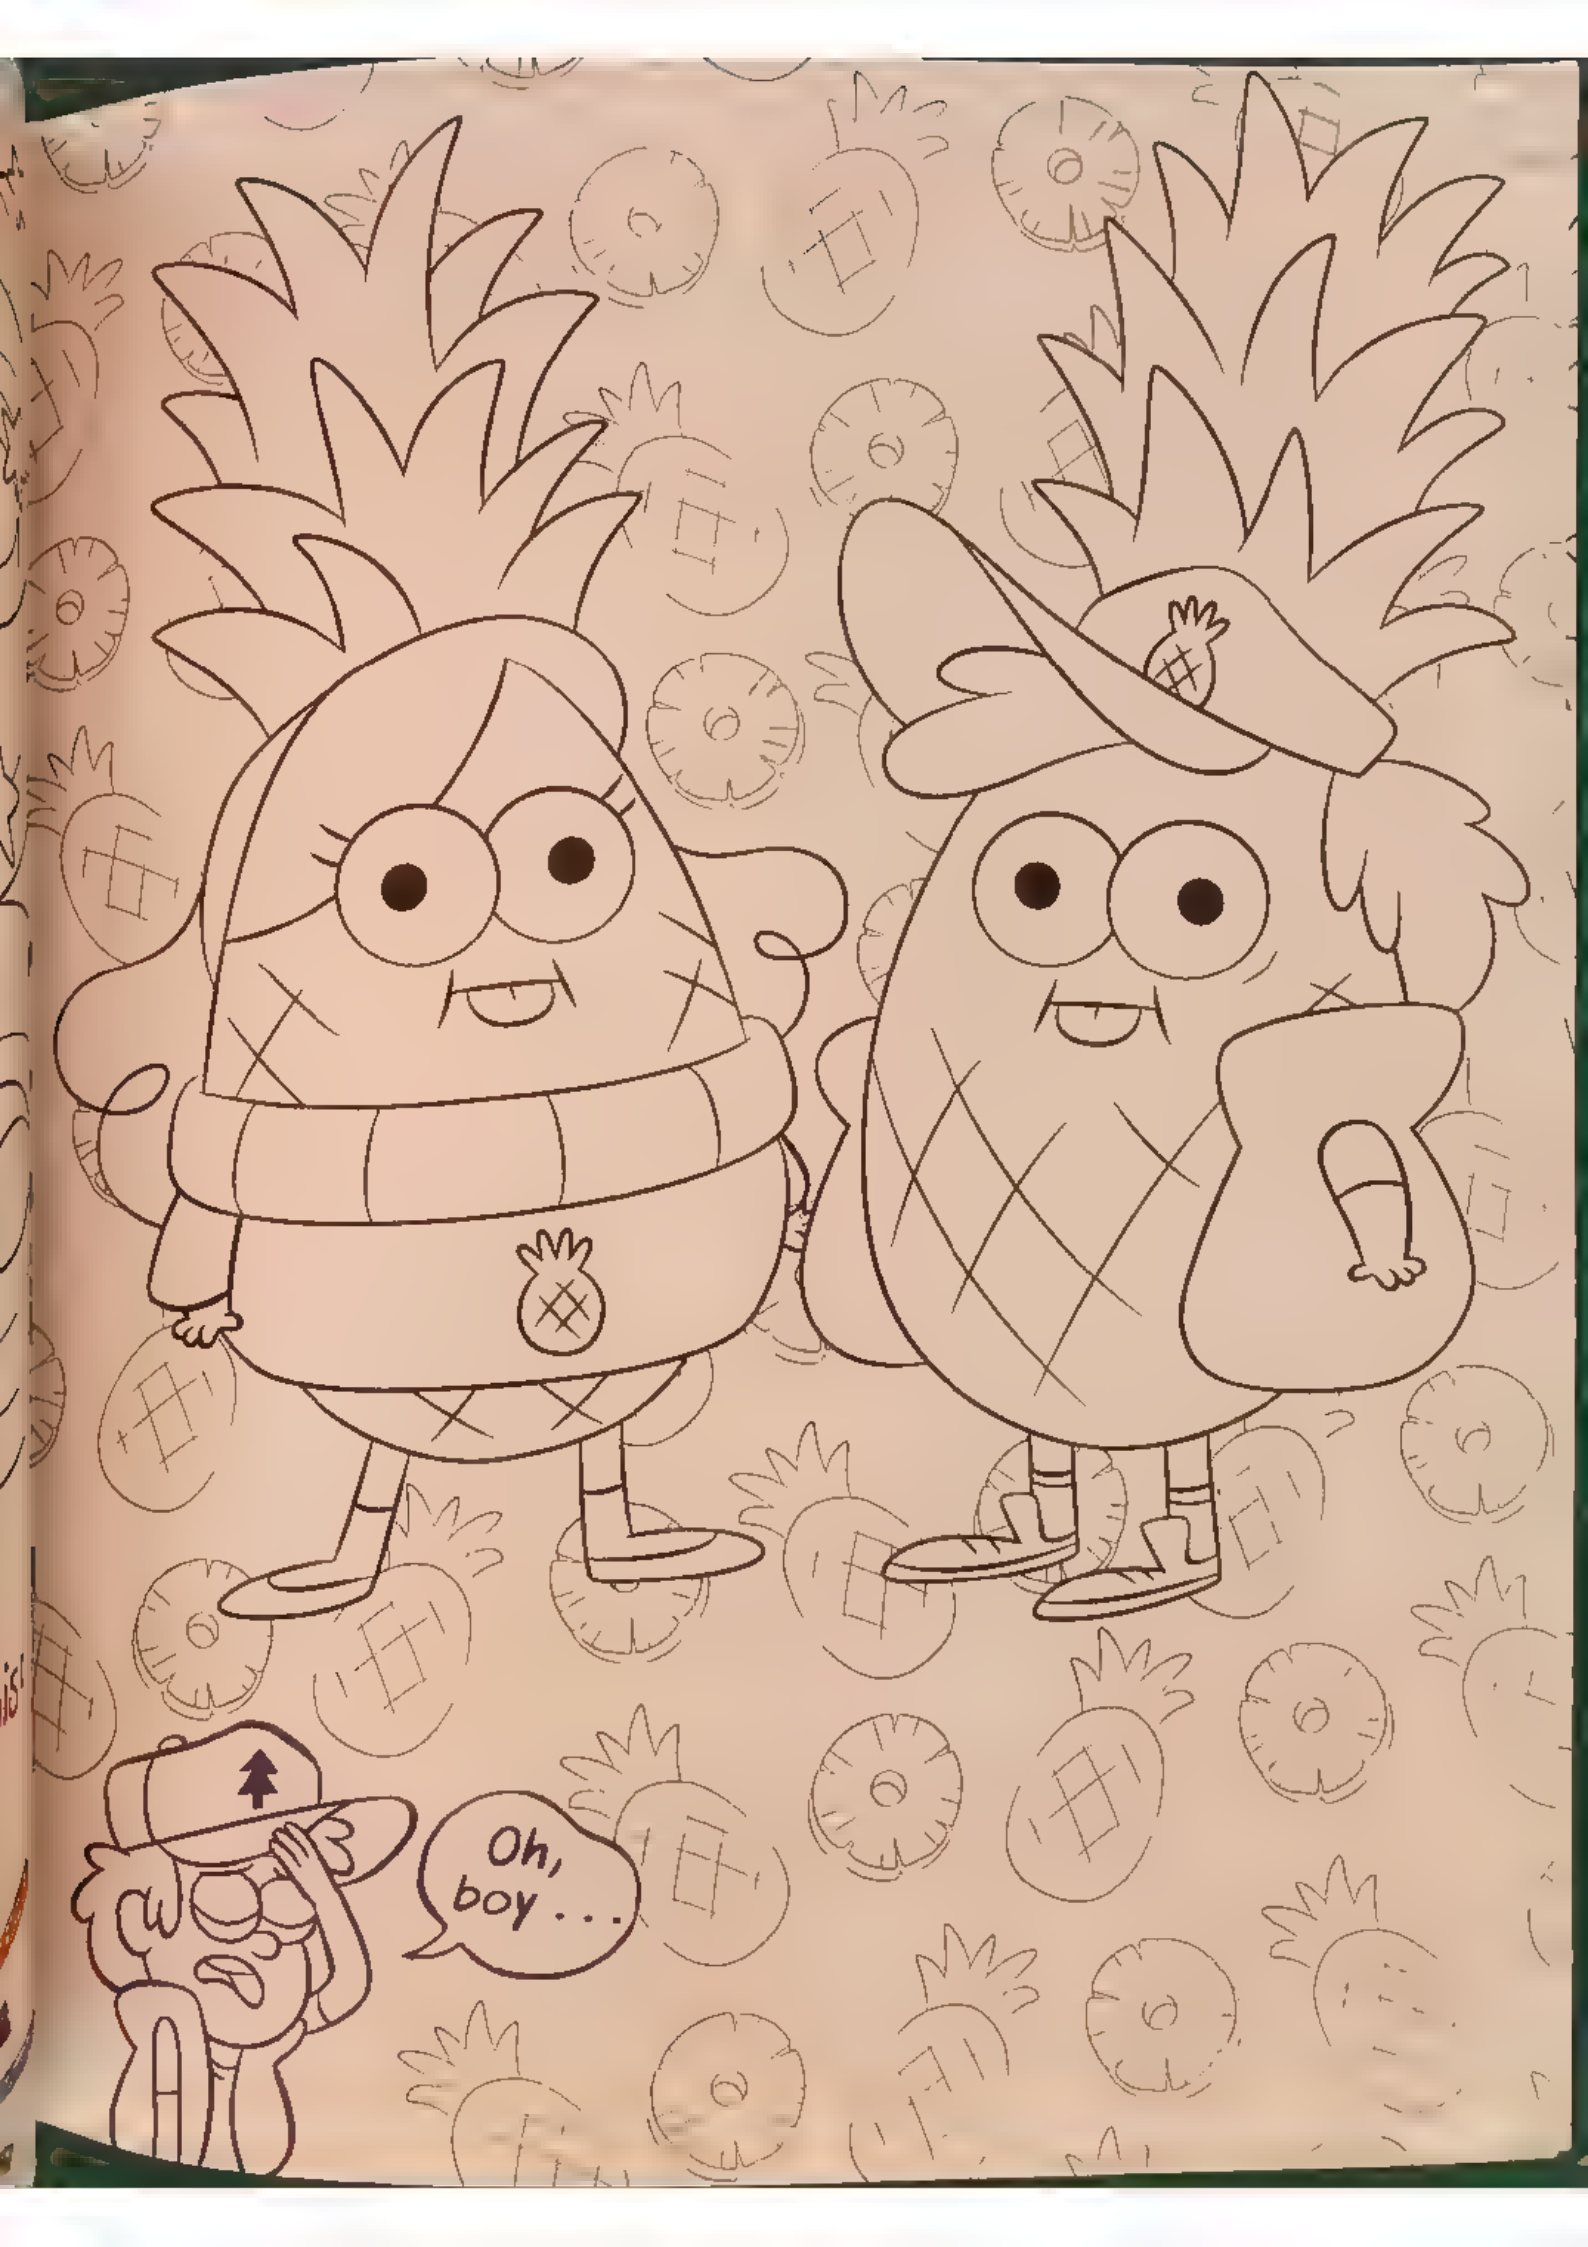

Hmmm . . . this creature . . . is captivating.

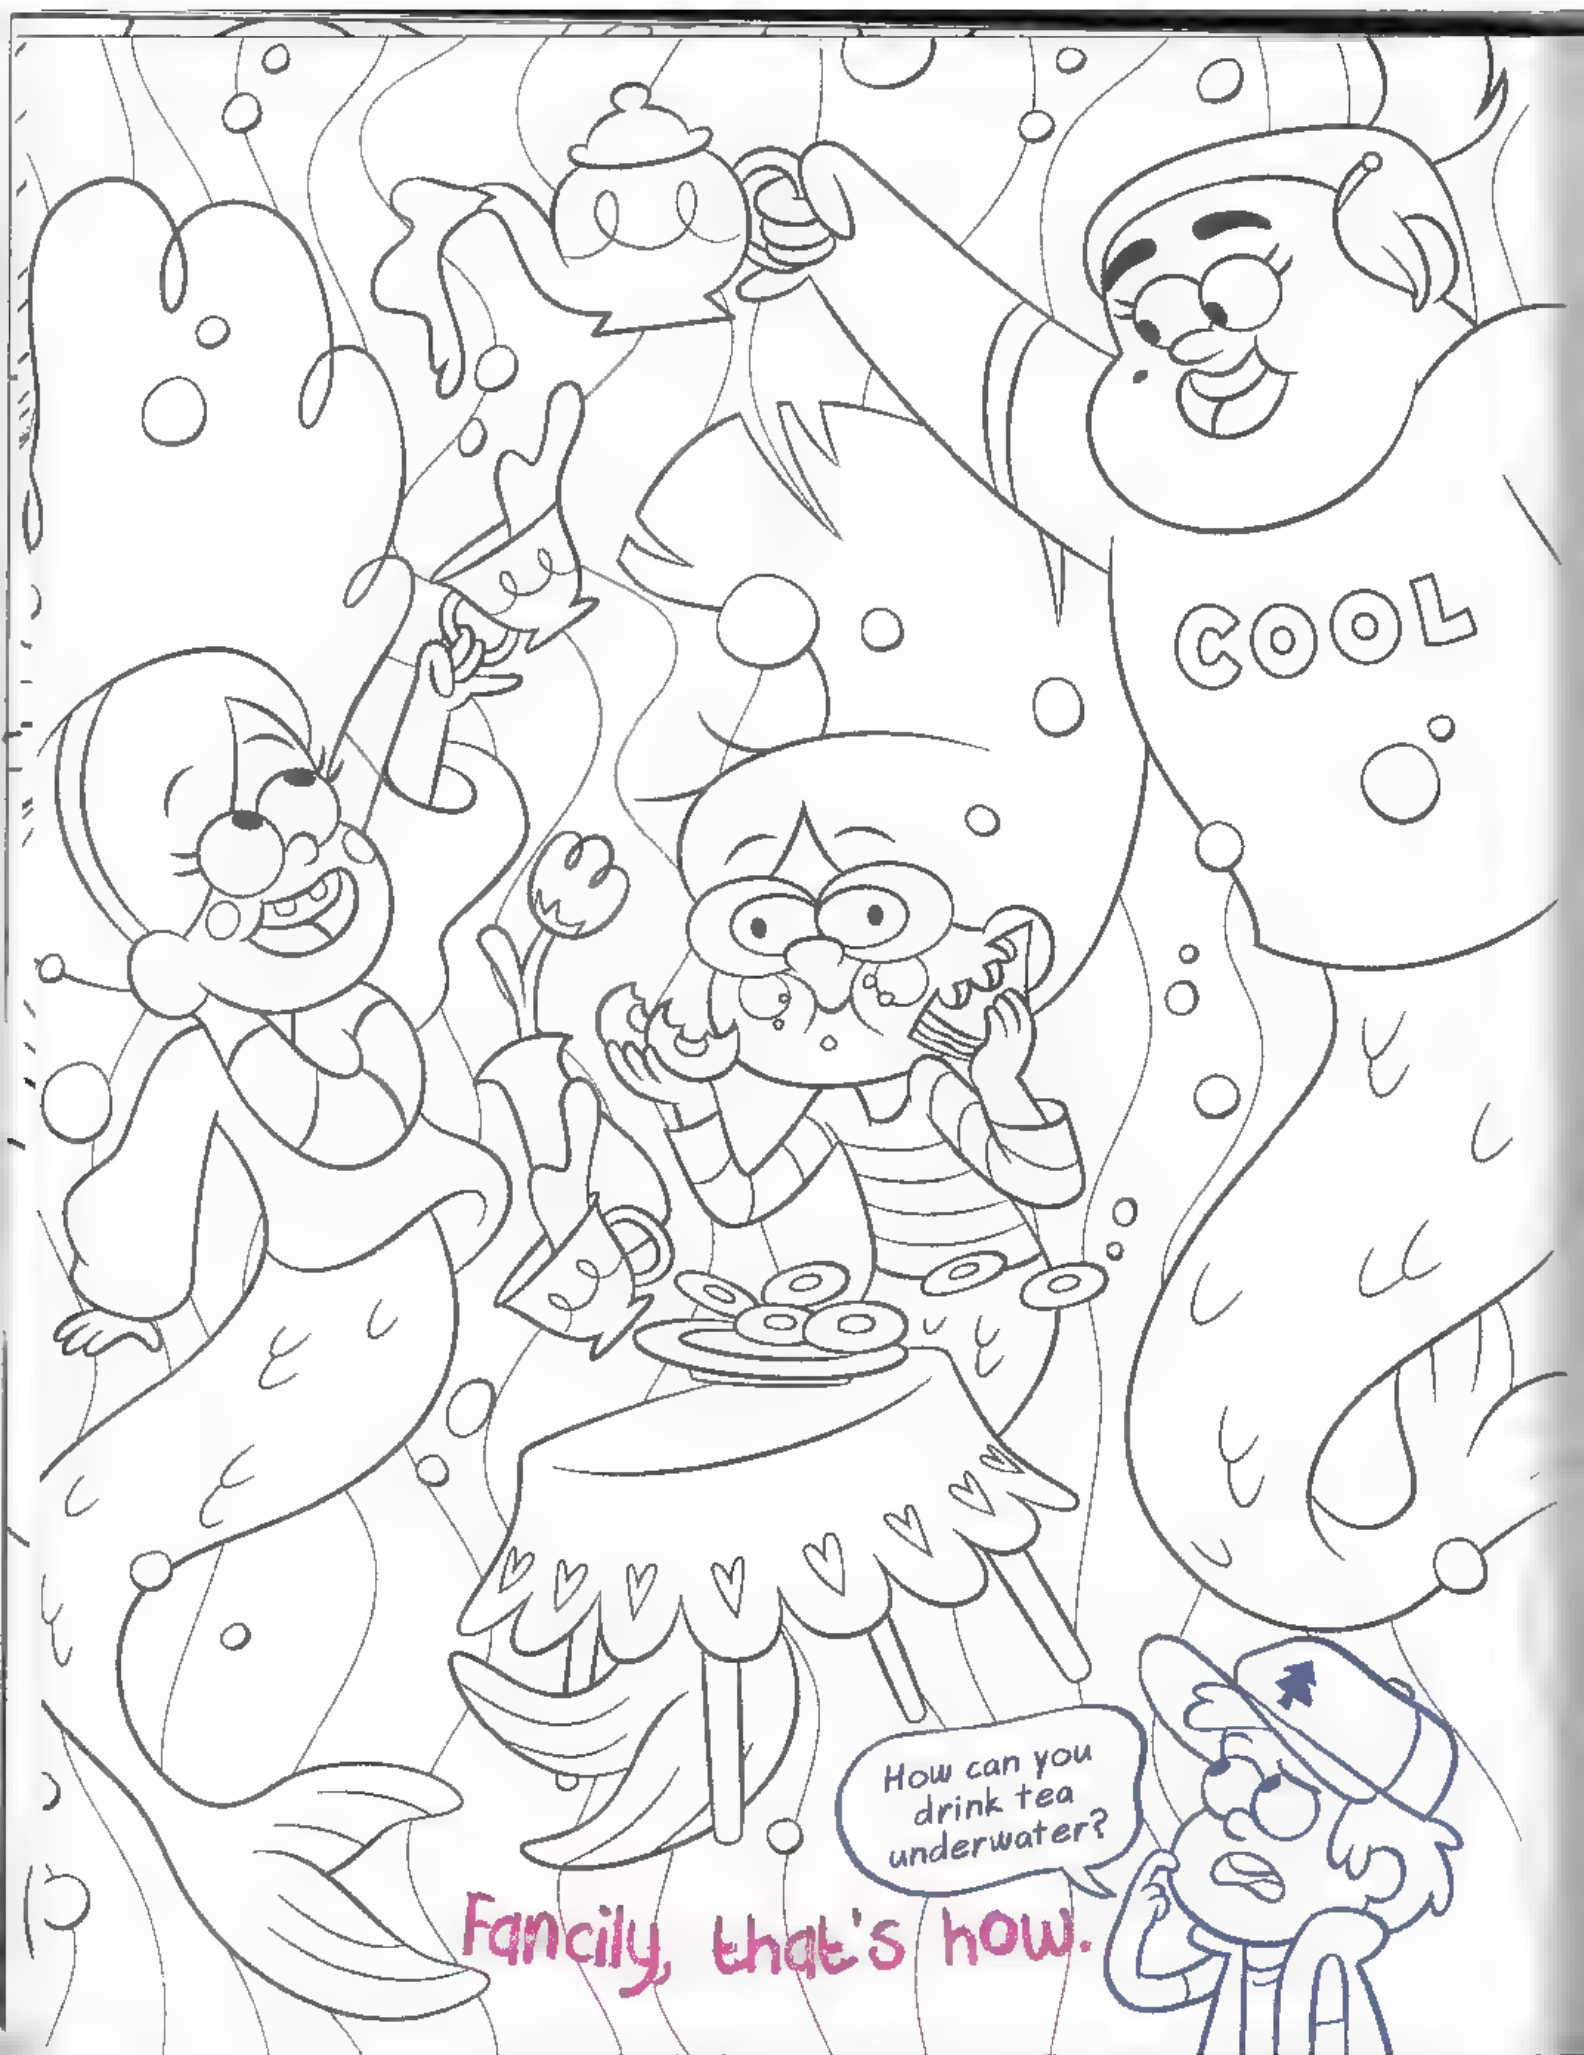

Yeah, that's Soos. He has that effect on people.

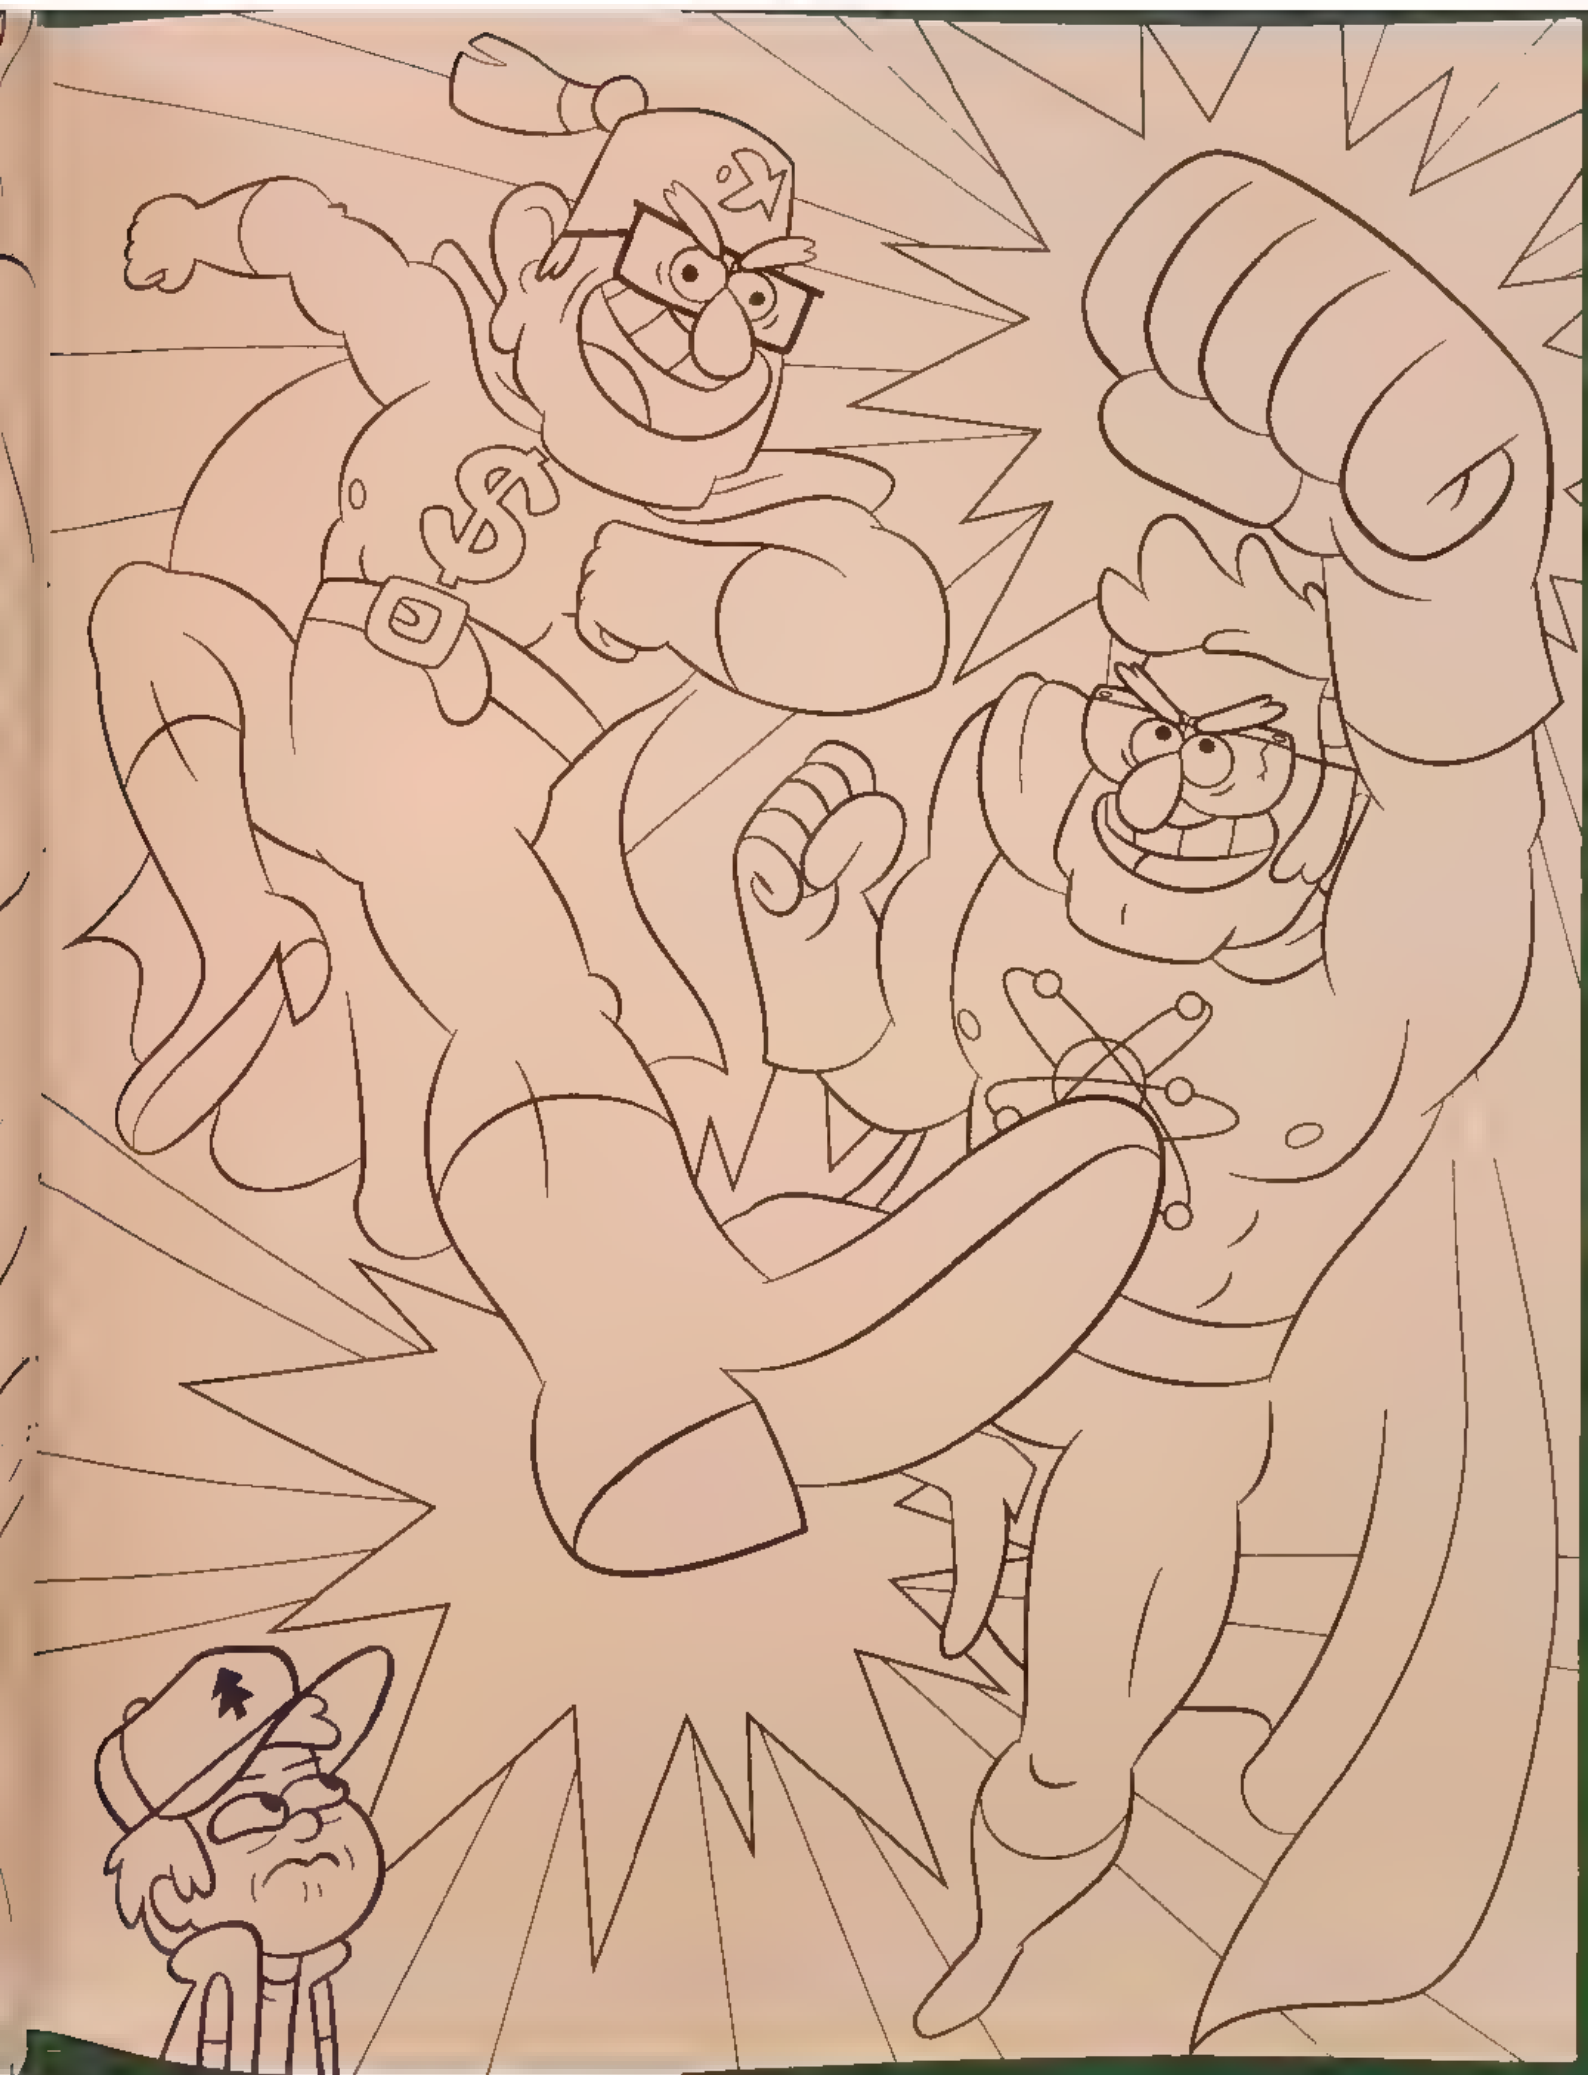

OK! I think I've got the hang of this!
Chamelius, get ready for the

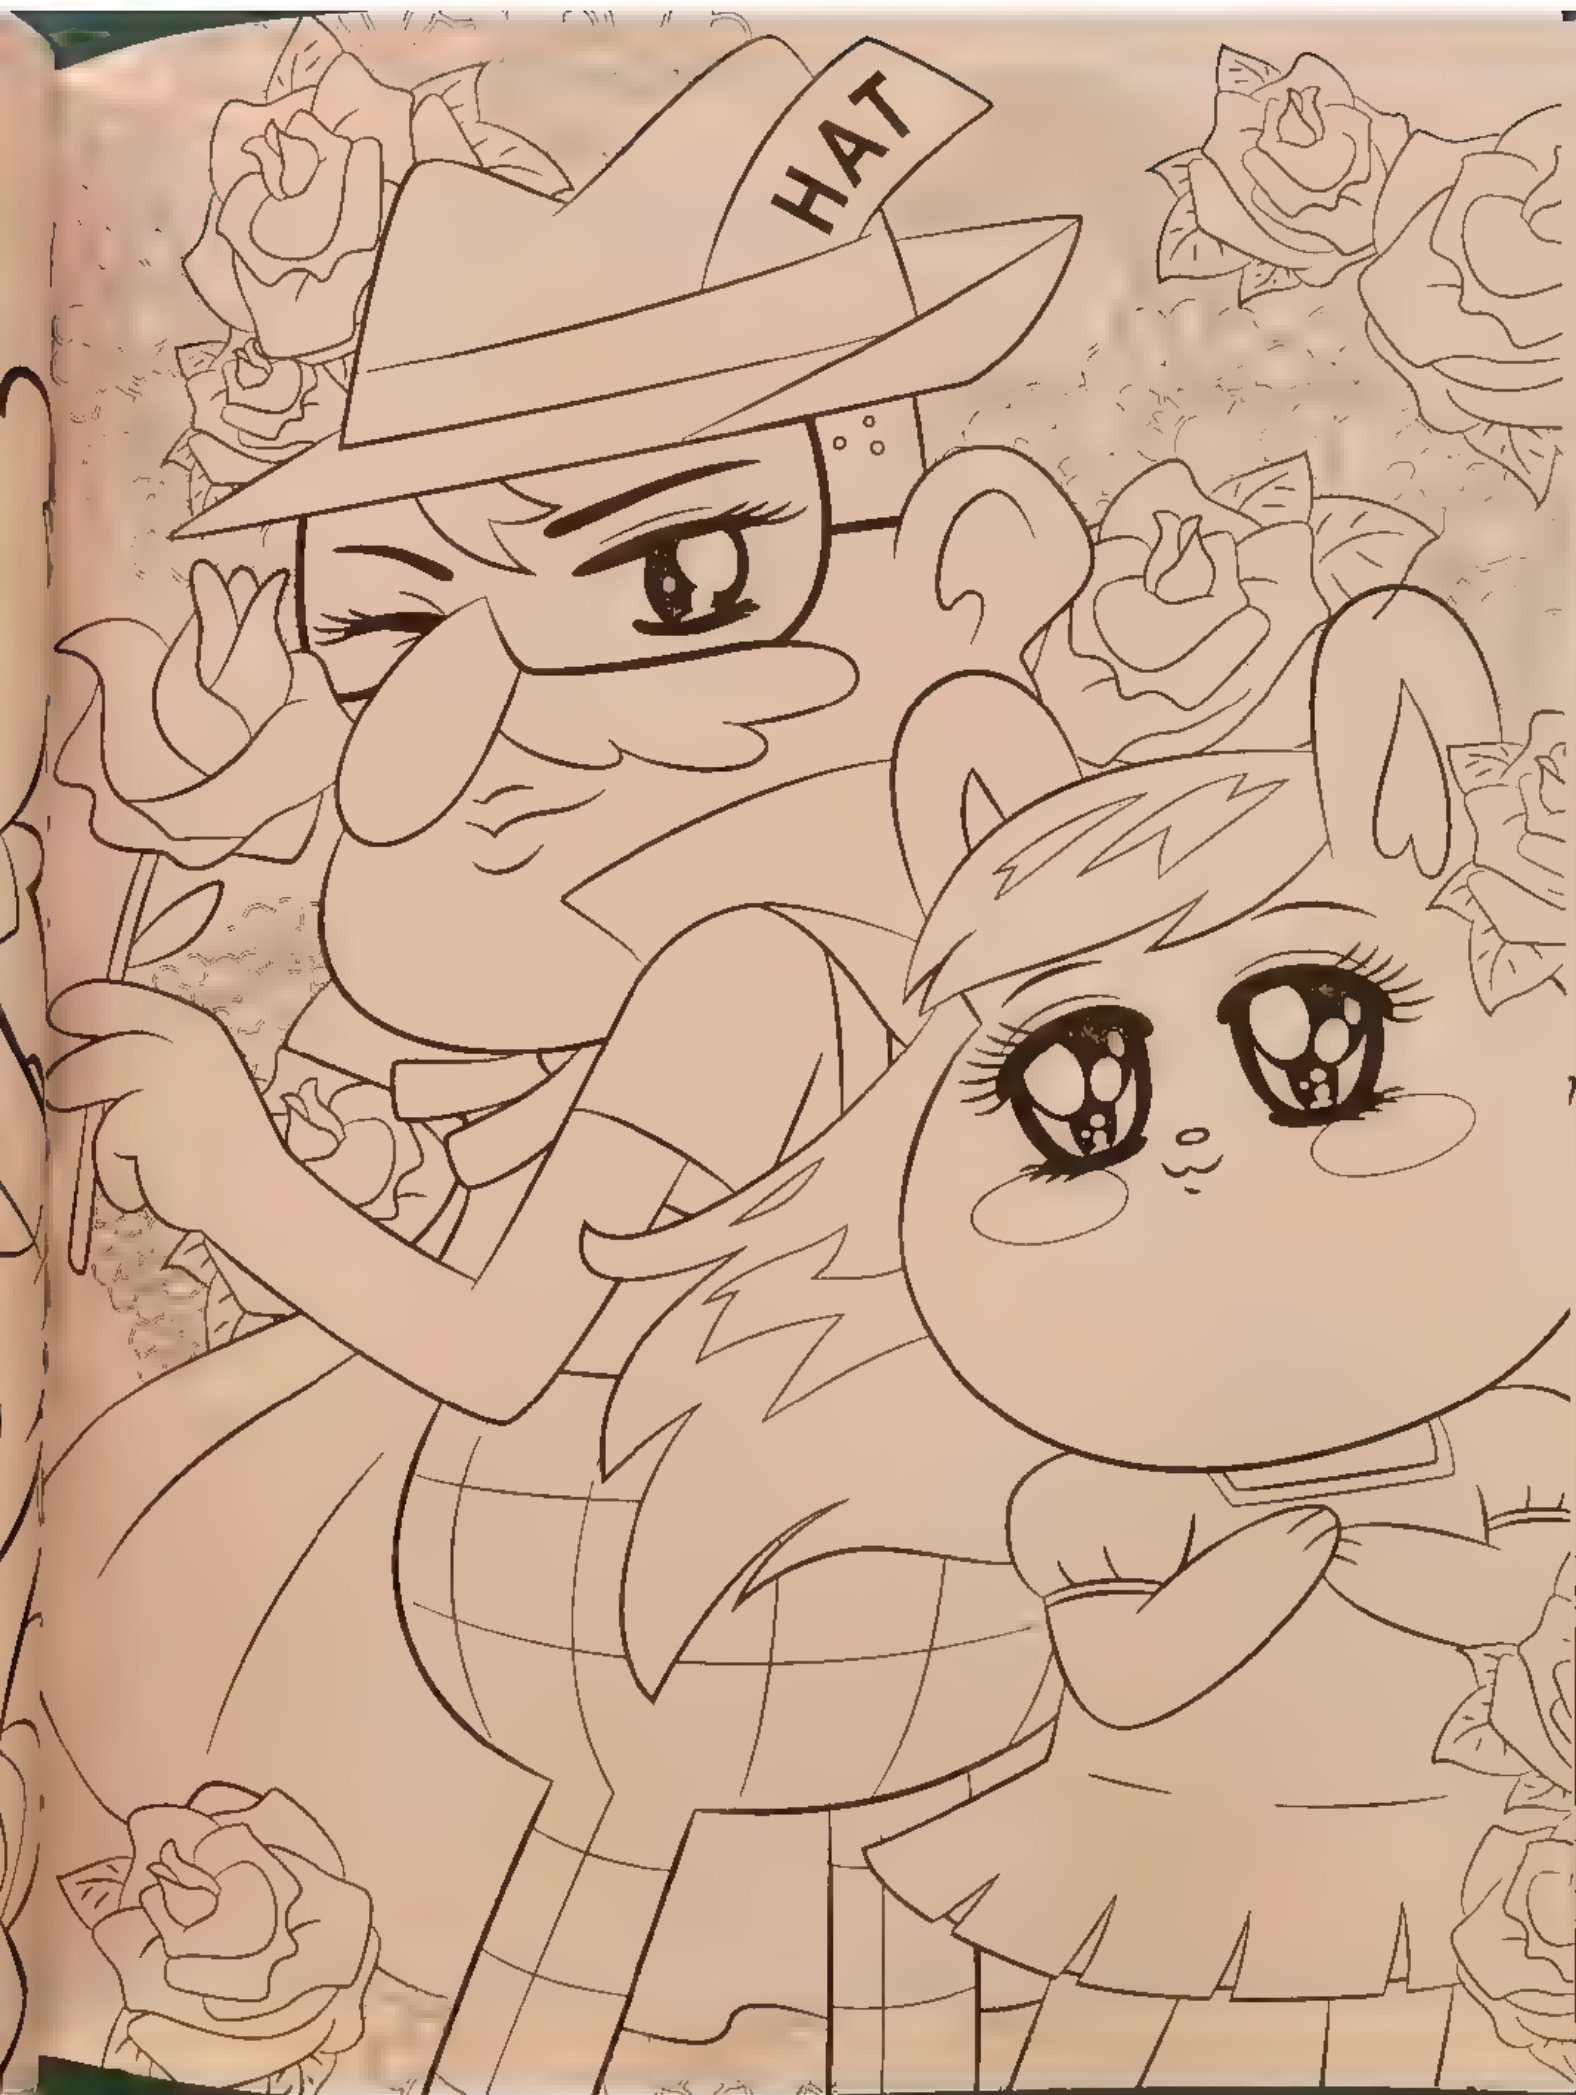

COLORING BOOK
OF YOUR DREAMS!

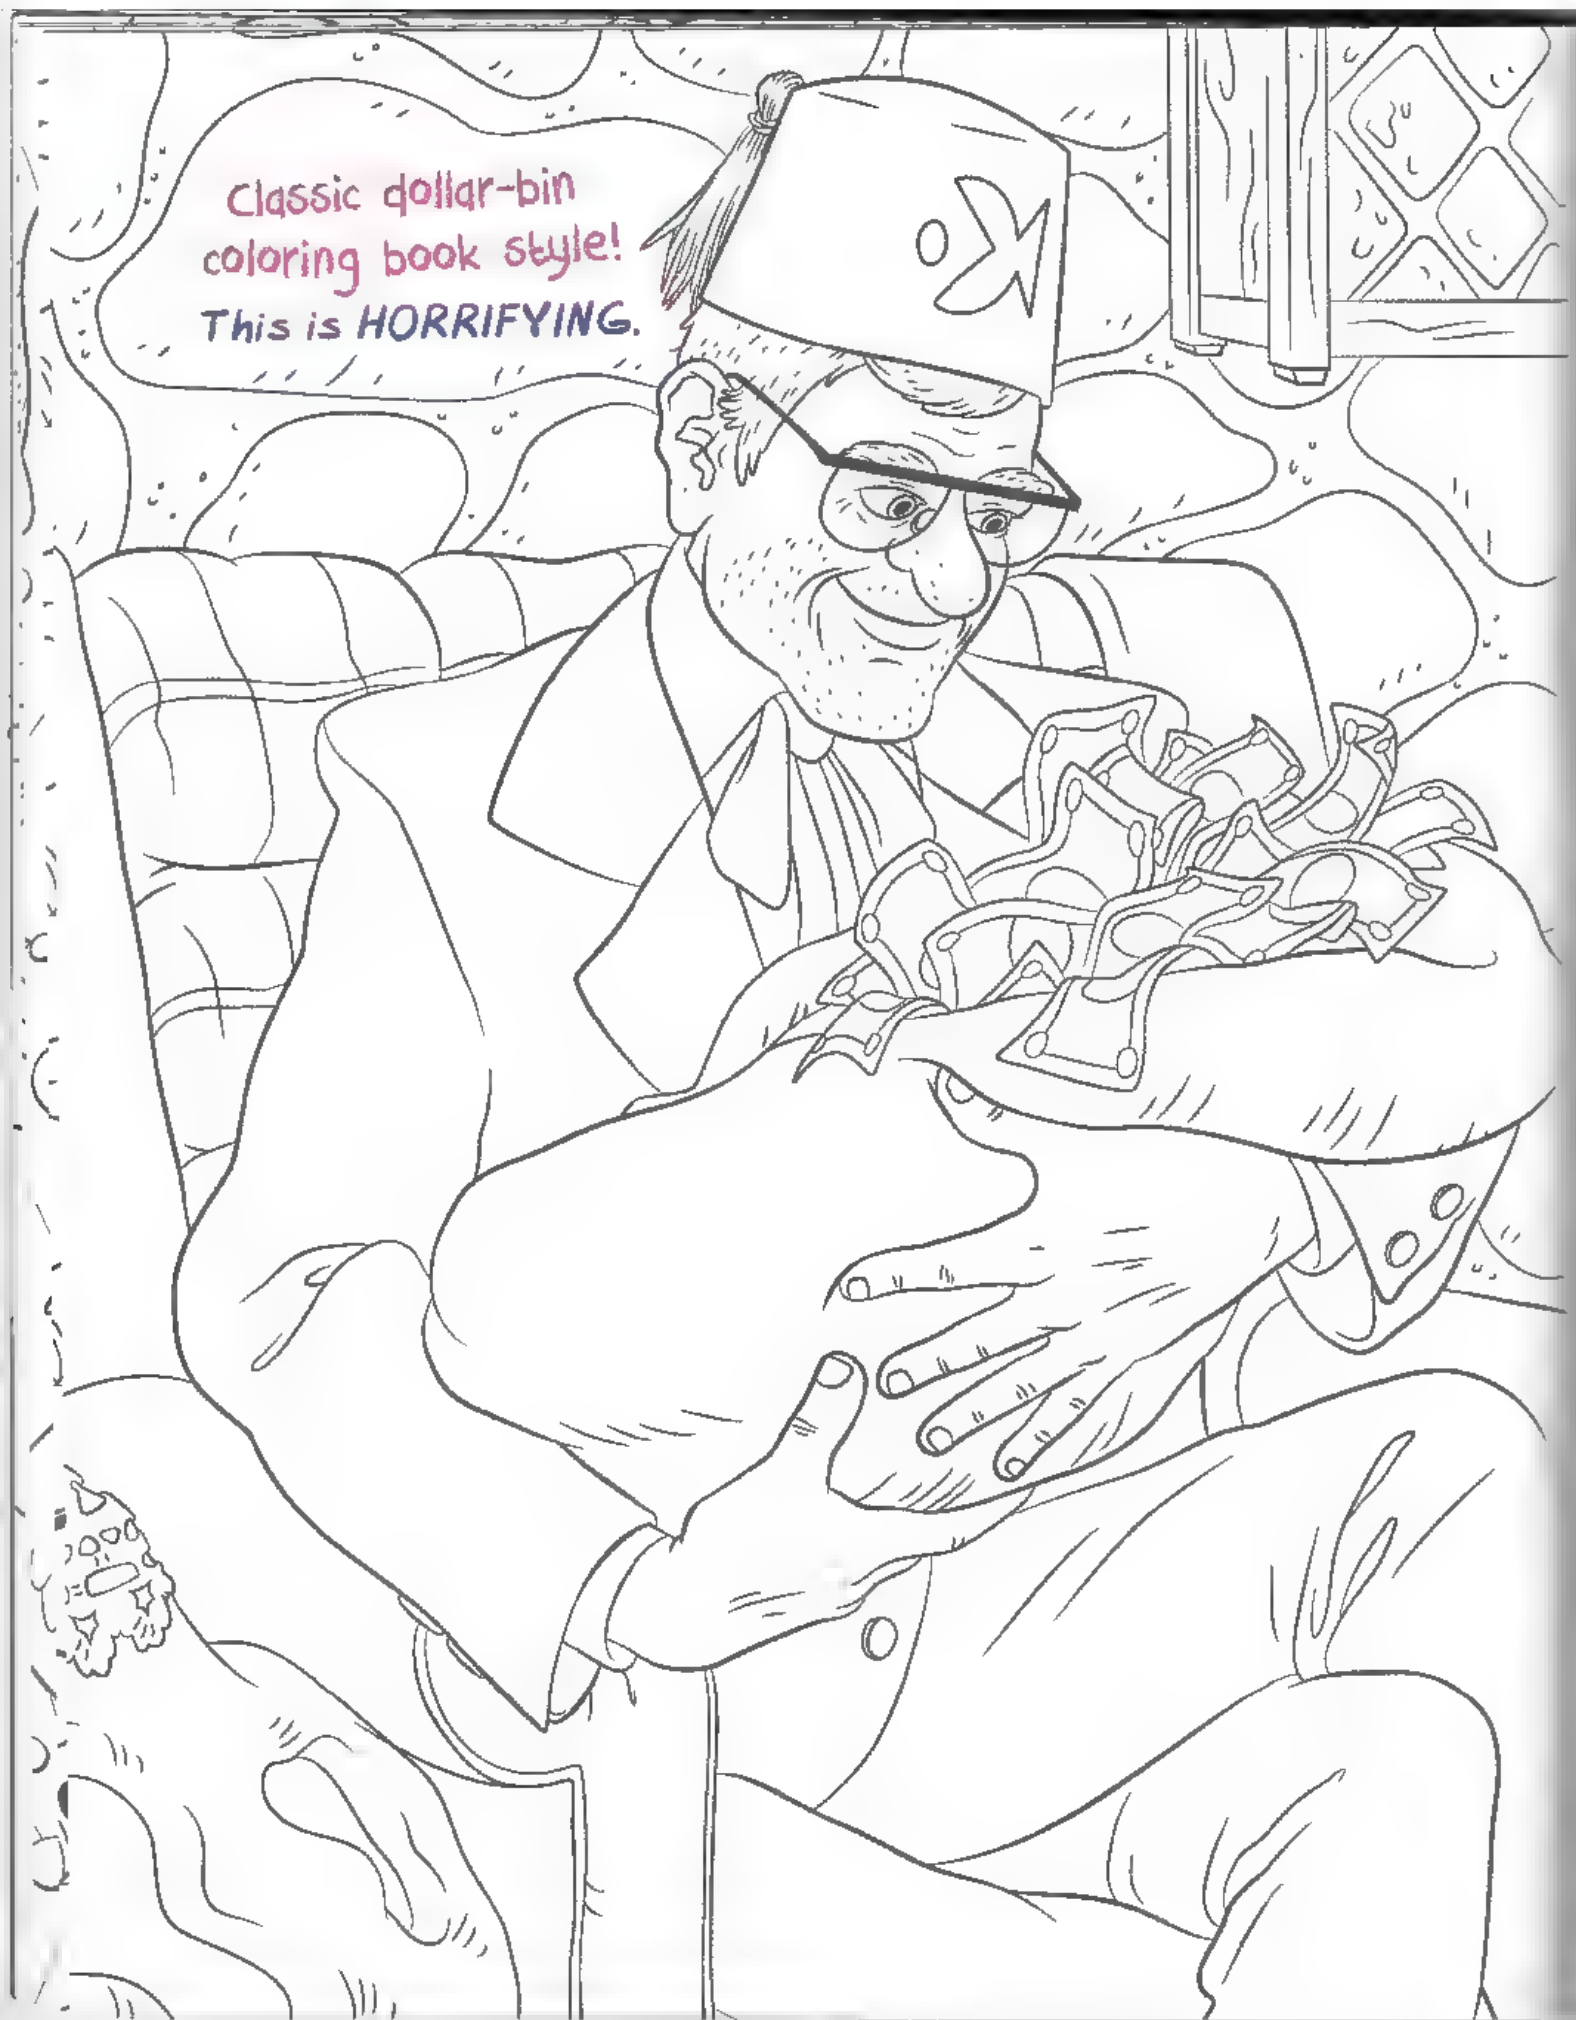

Classic dollar-bin
coloring book style!
This is HORRIFYING.

What the heck is this?

What? Isn't this what you want?

I have thousands of books filled with princesses and superheroes. I don't need another.

Just make stuff YOU want to color, Mabel!

Can you use the telepathic ink, too, Dipper?

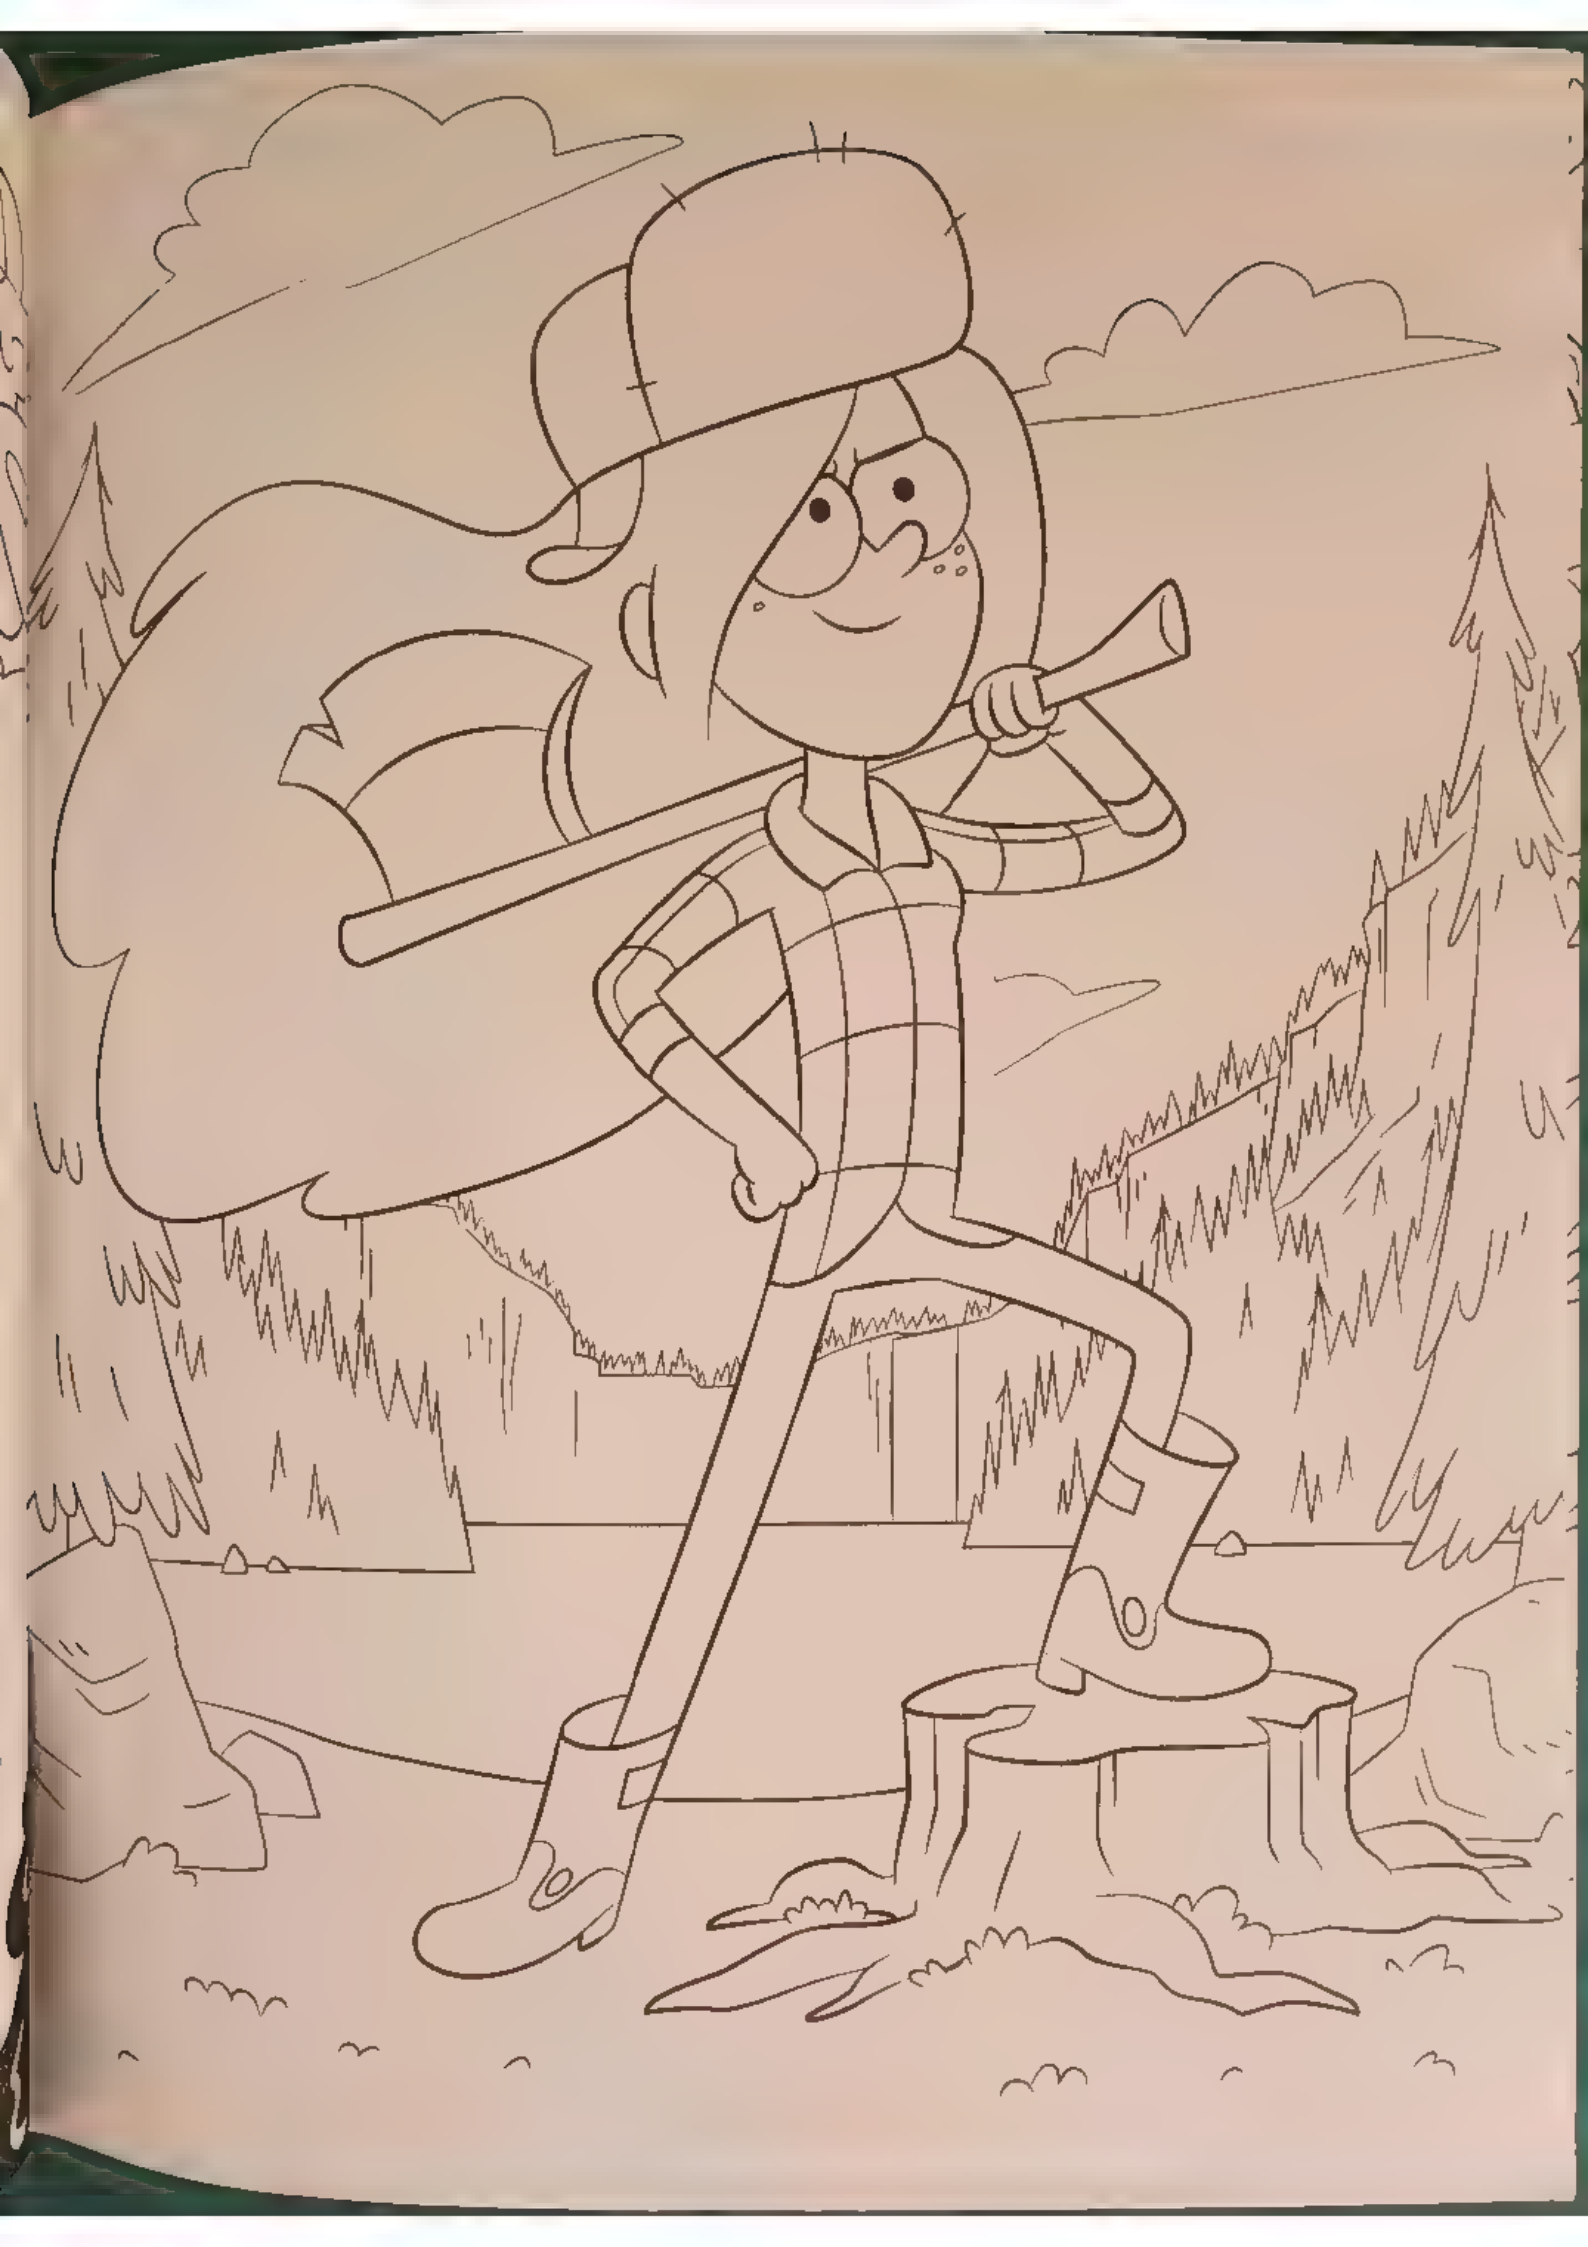

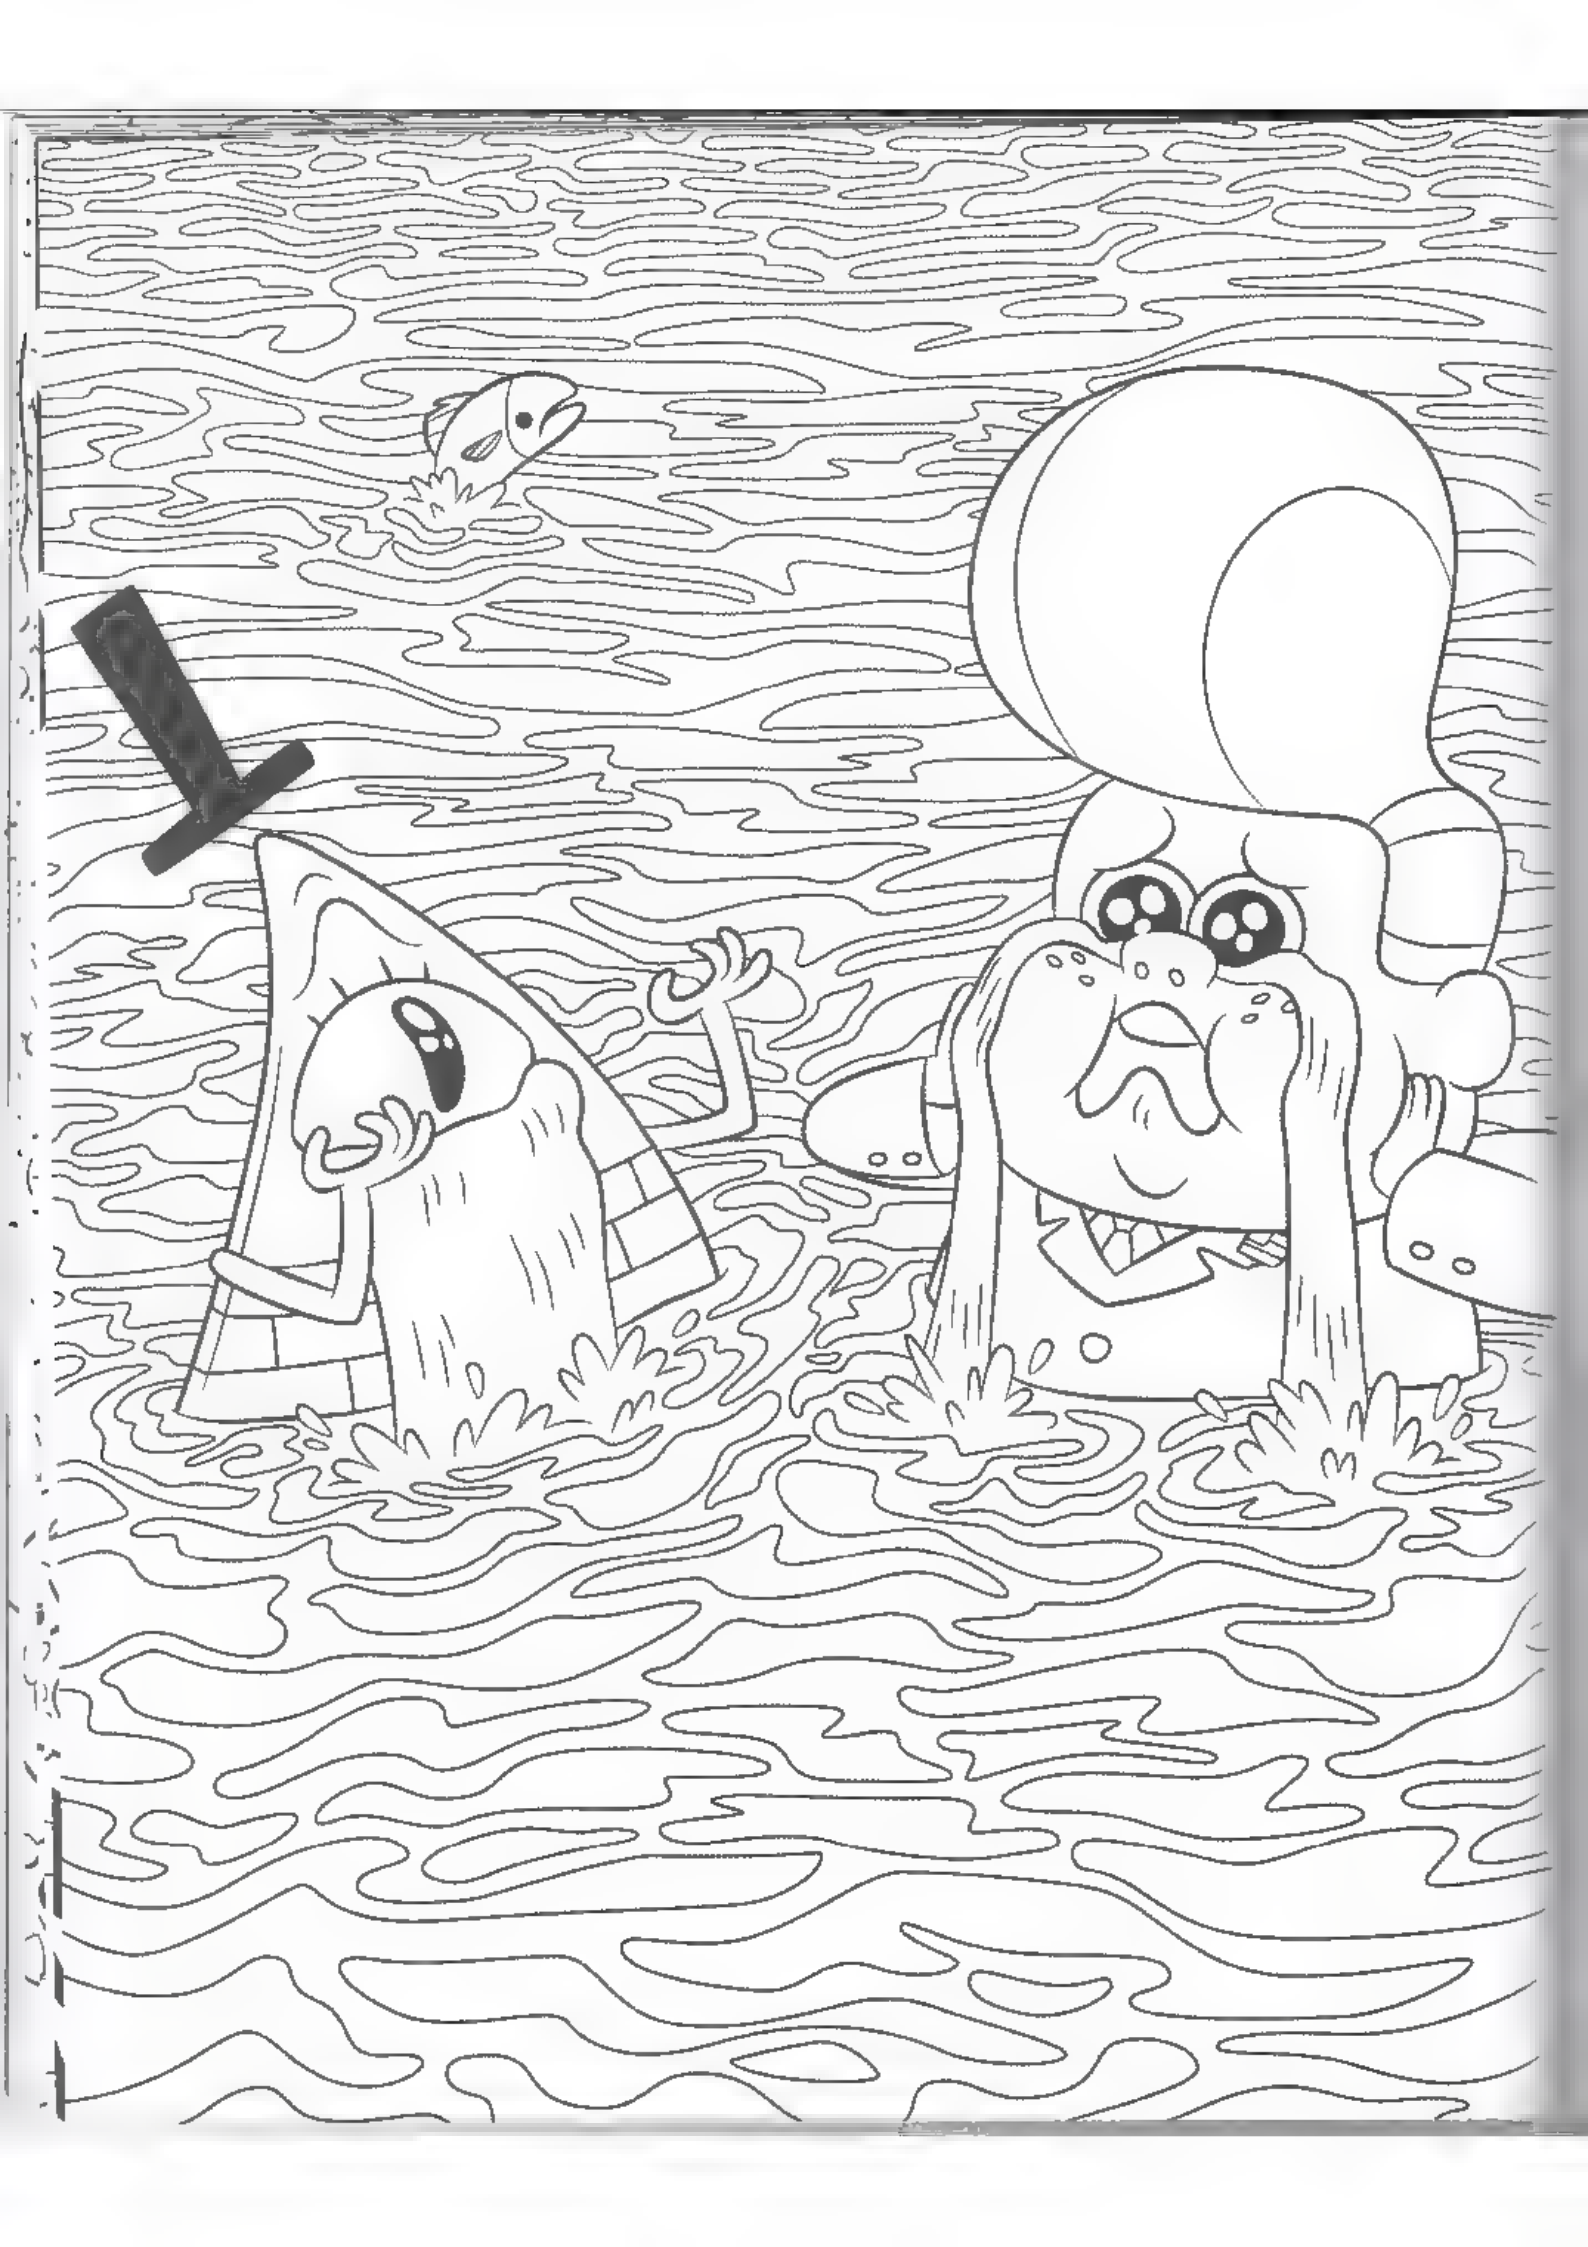

It appears so!

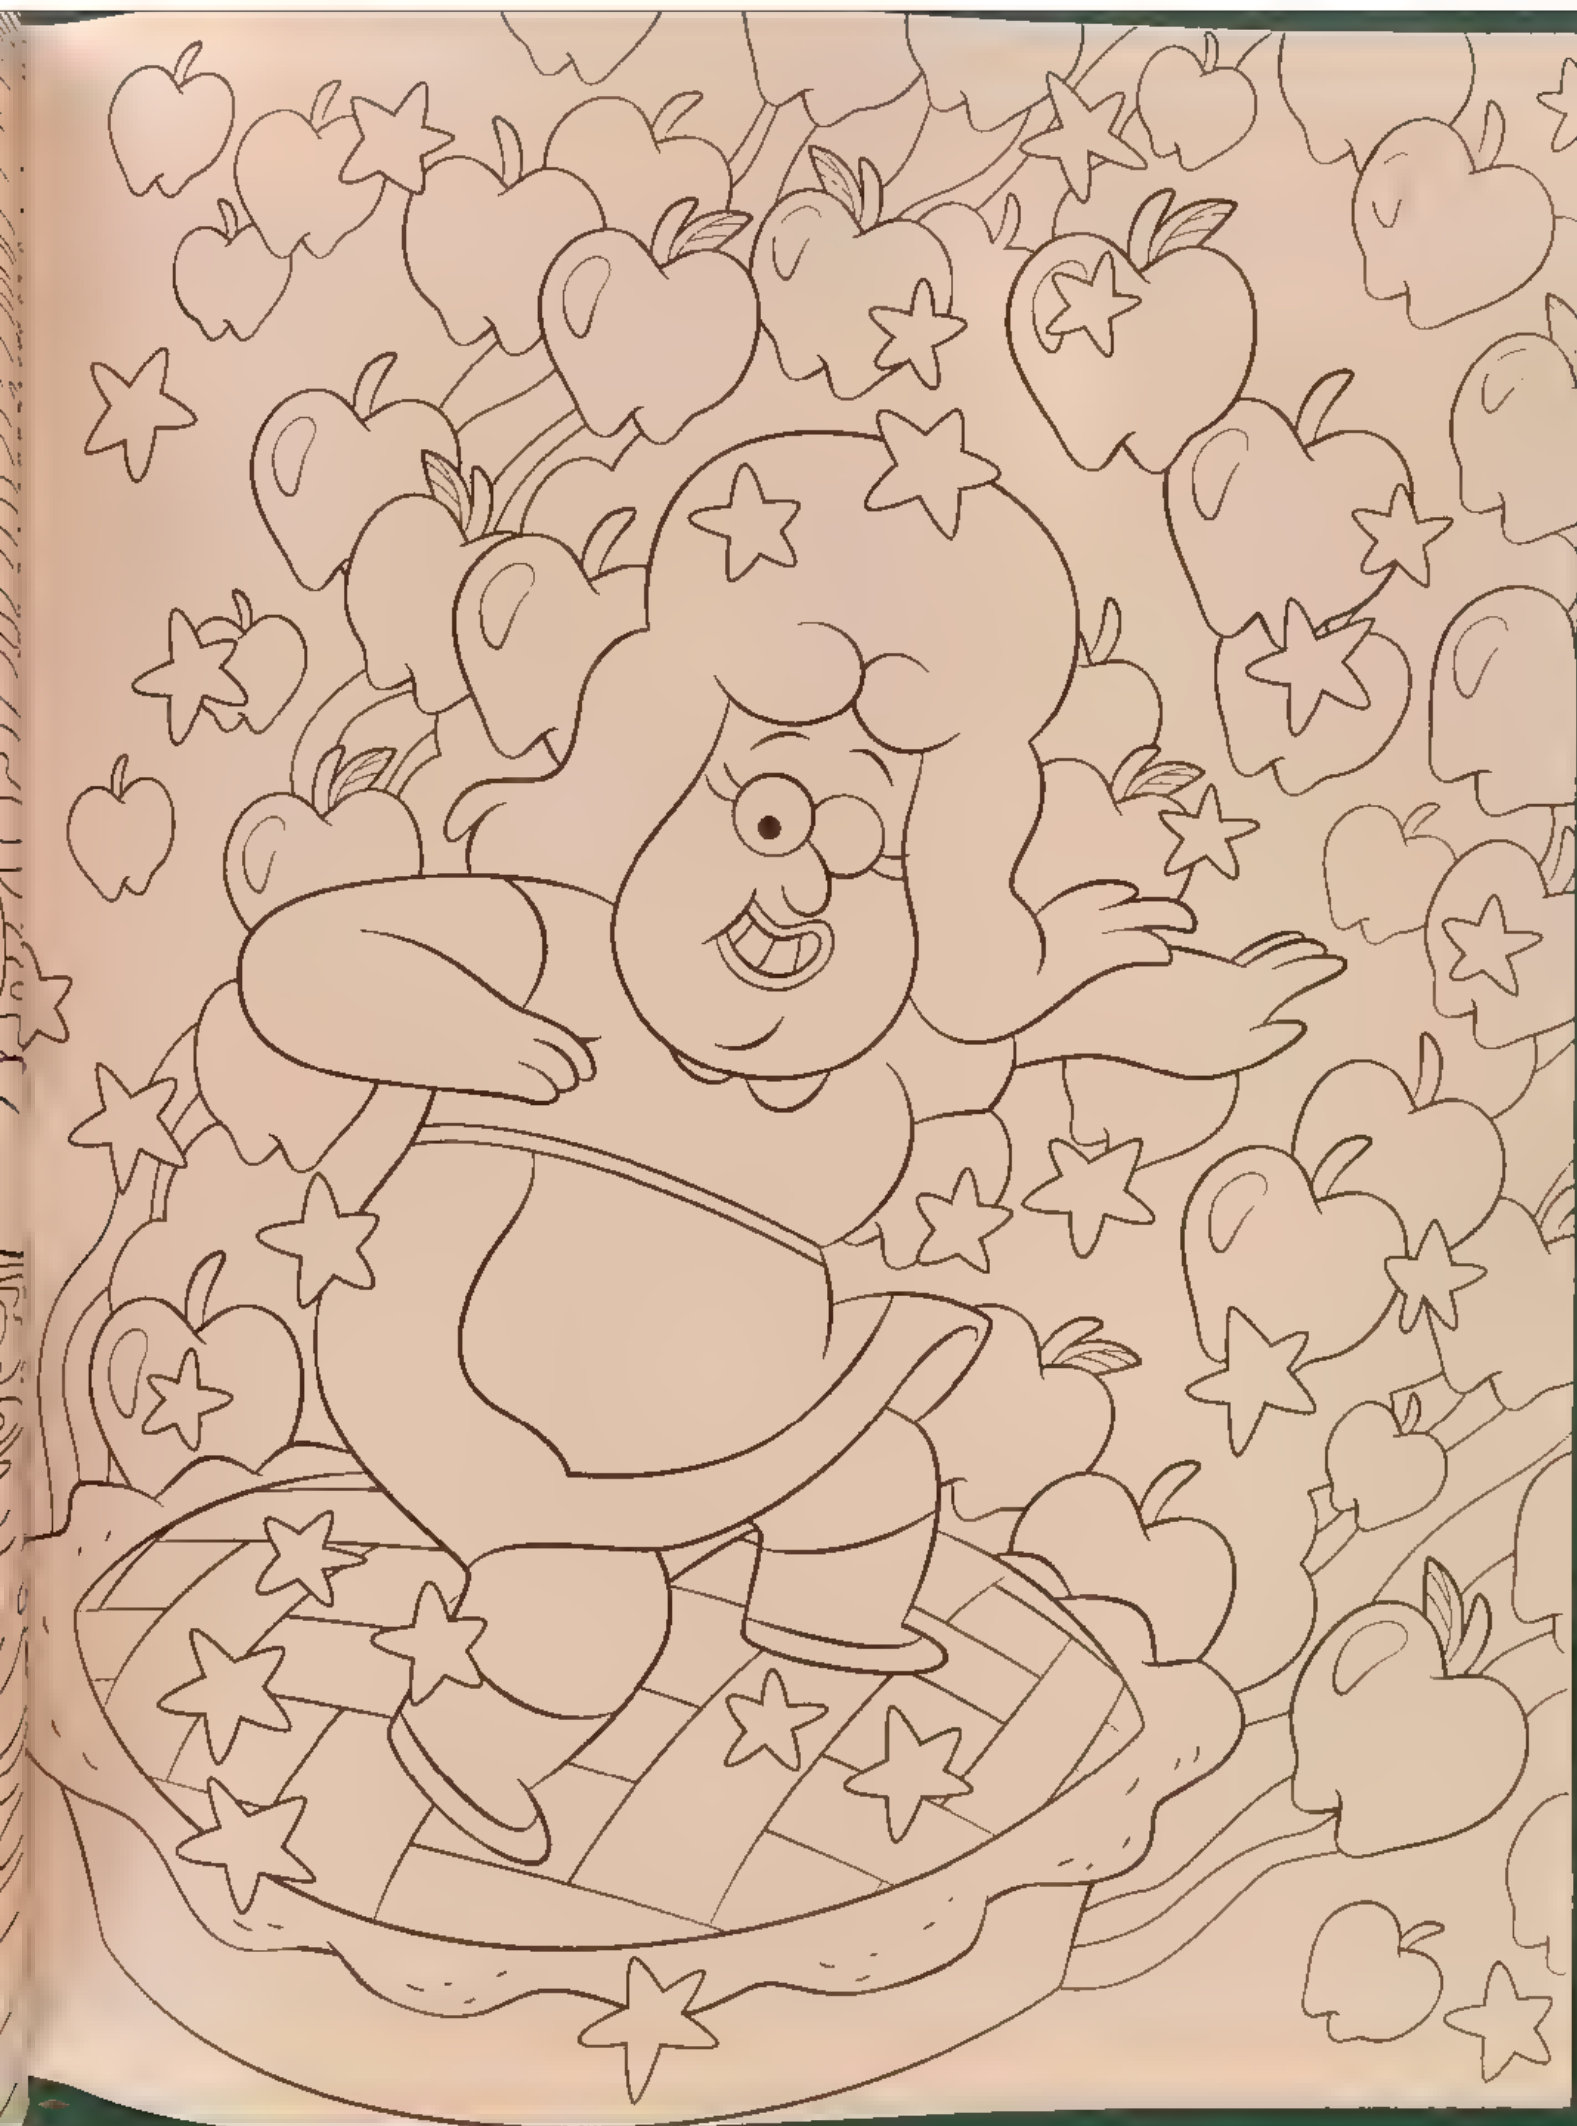

Dipper, let's BOTH make pages!

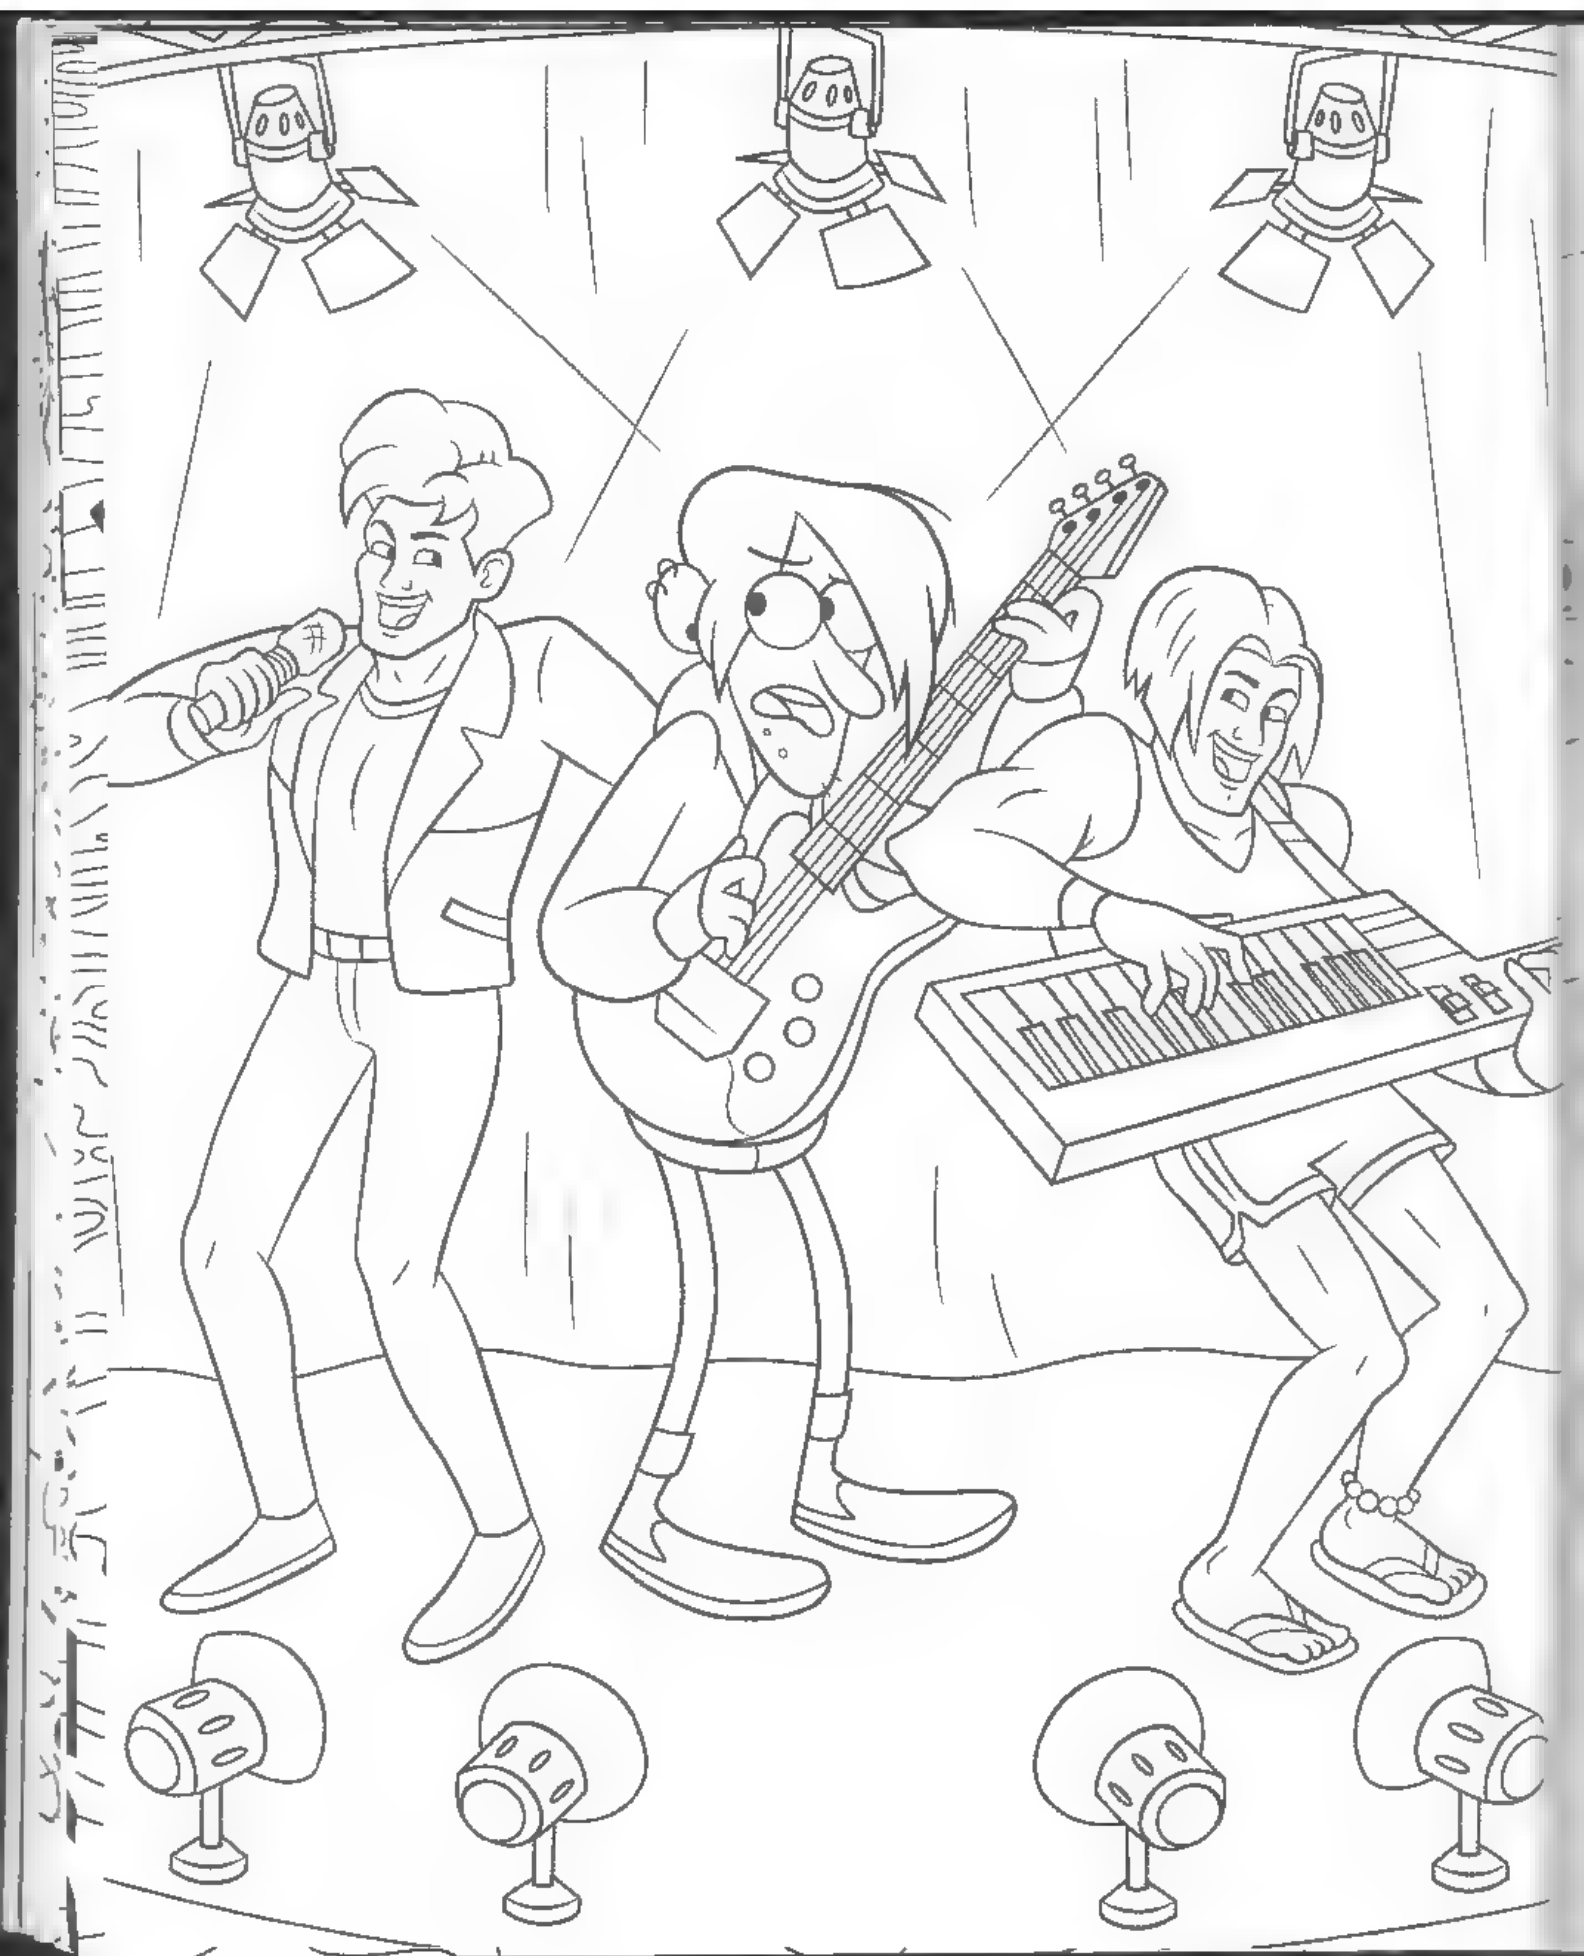

Please, Mabel, the colors Right!

Ha-ha!

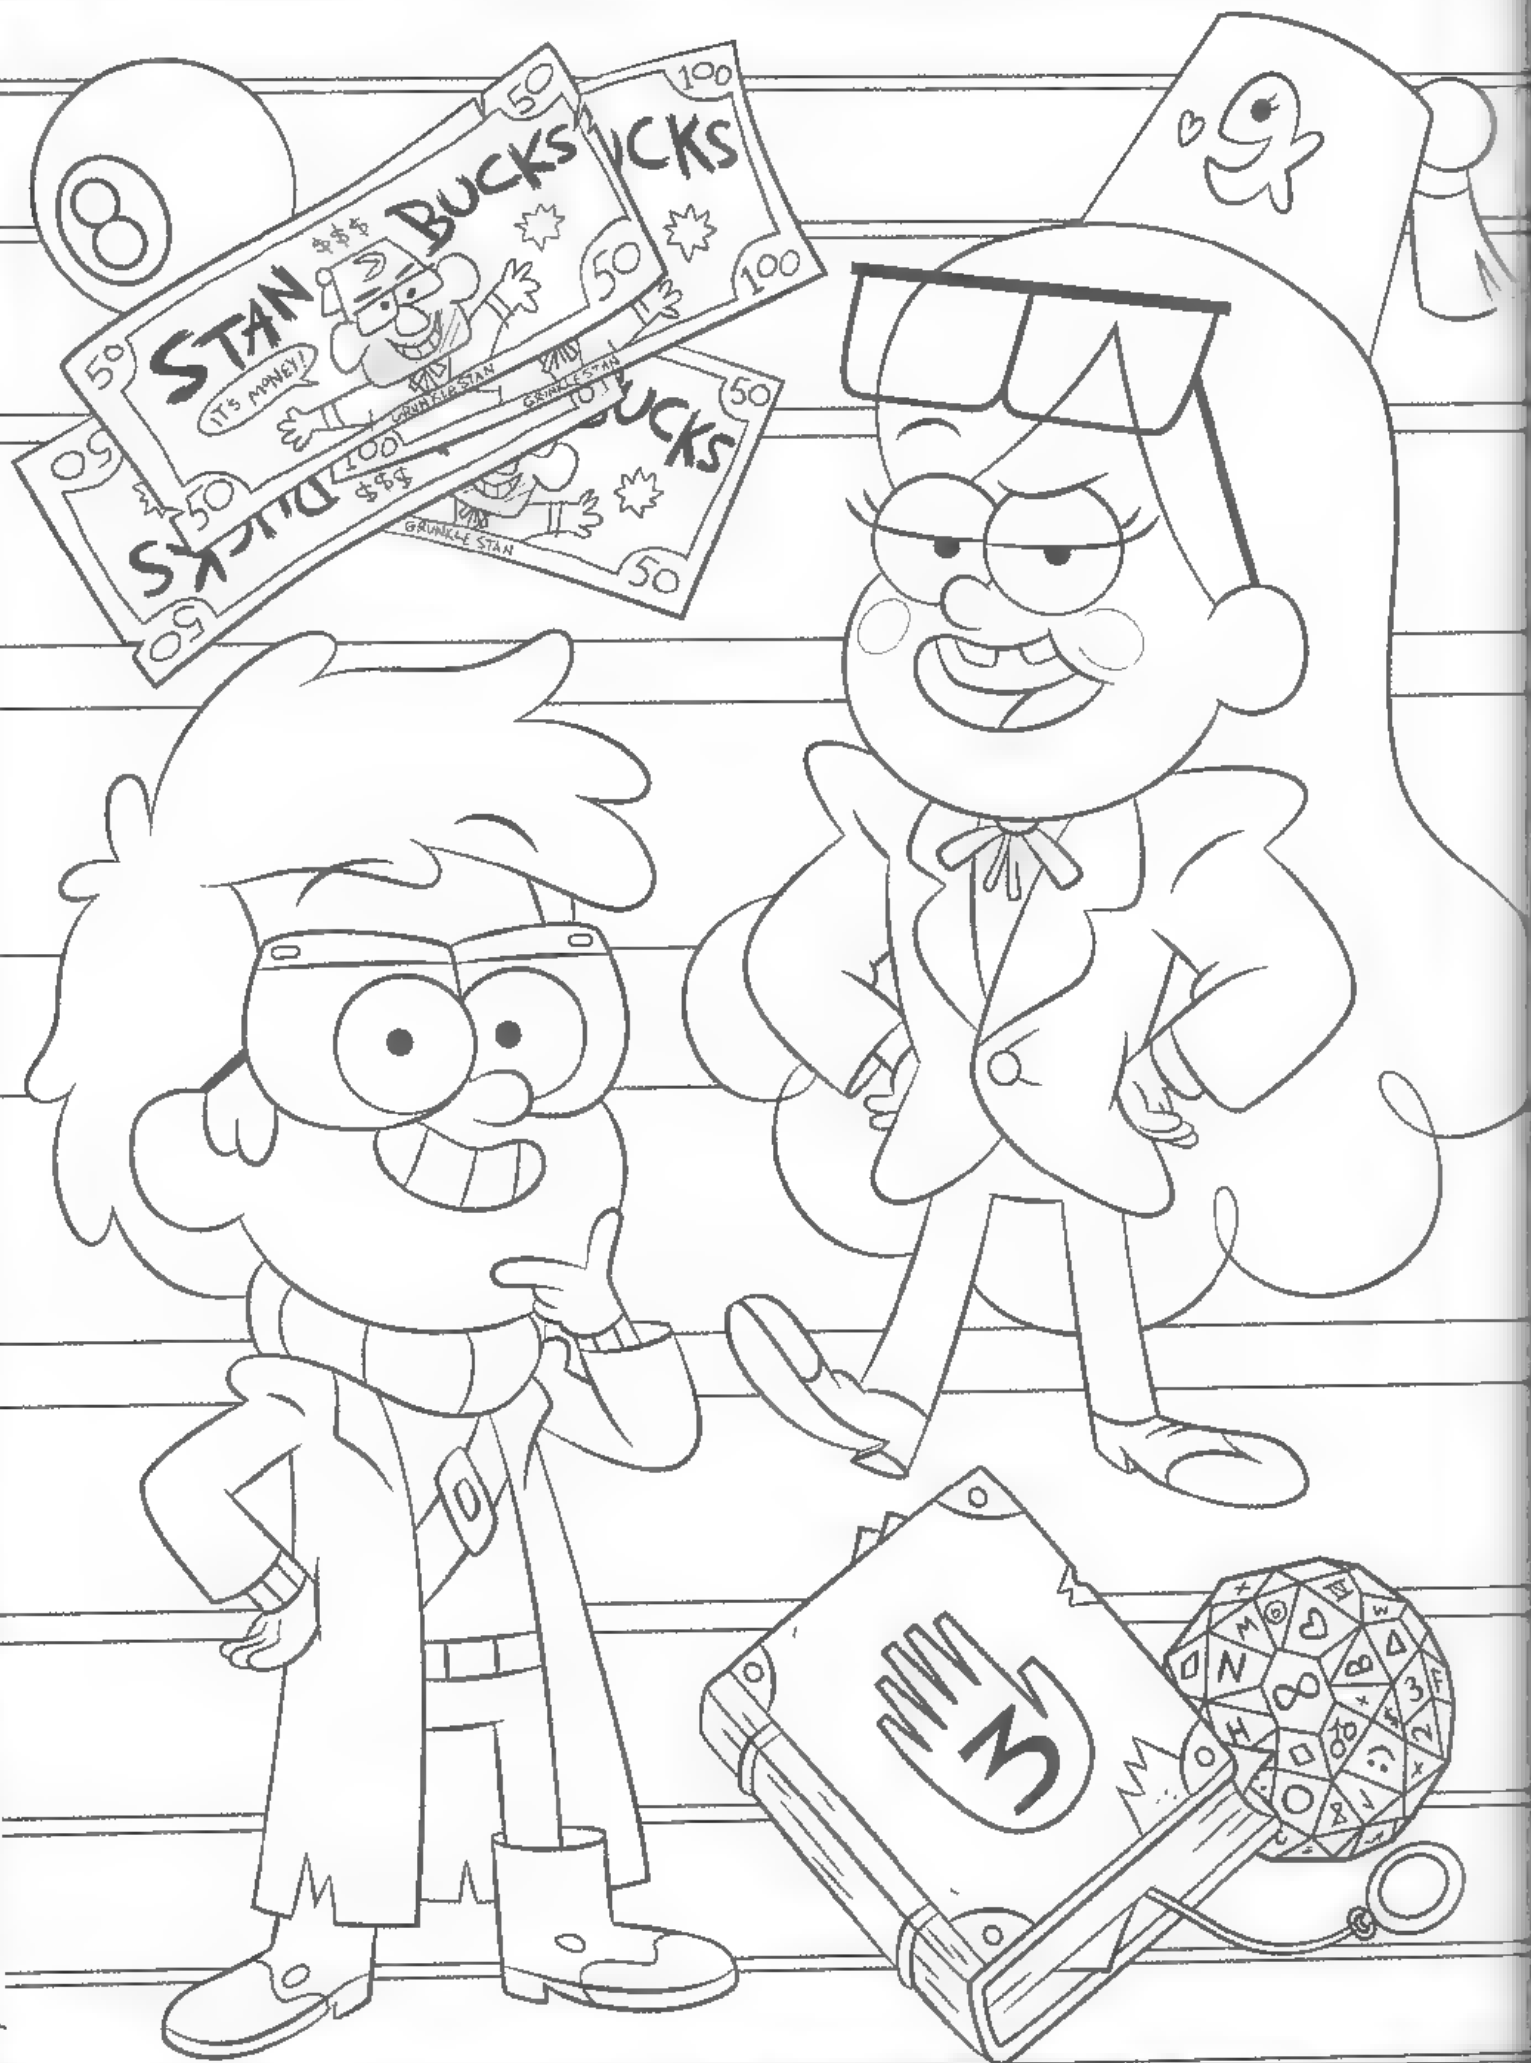

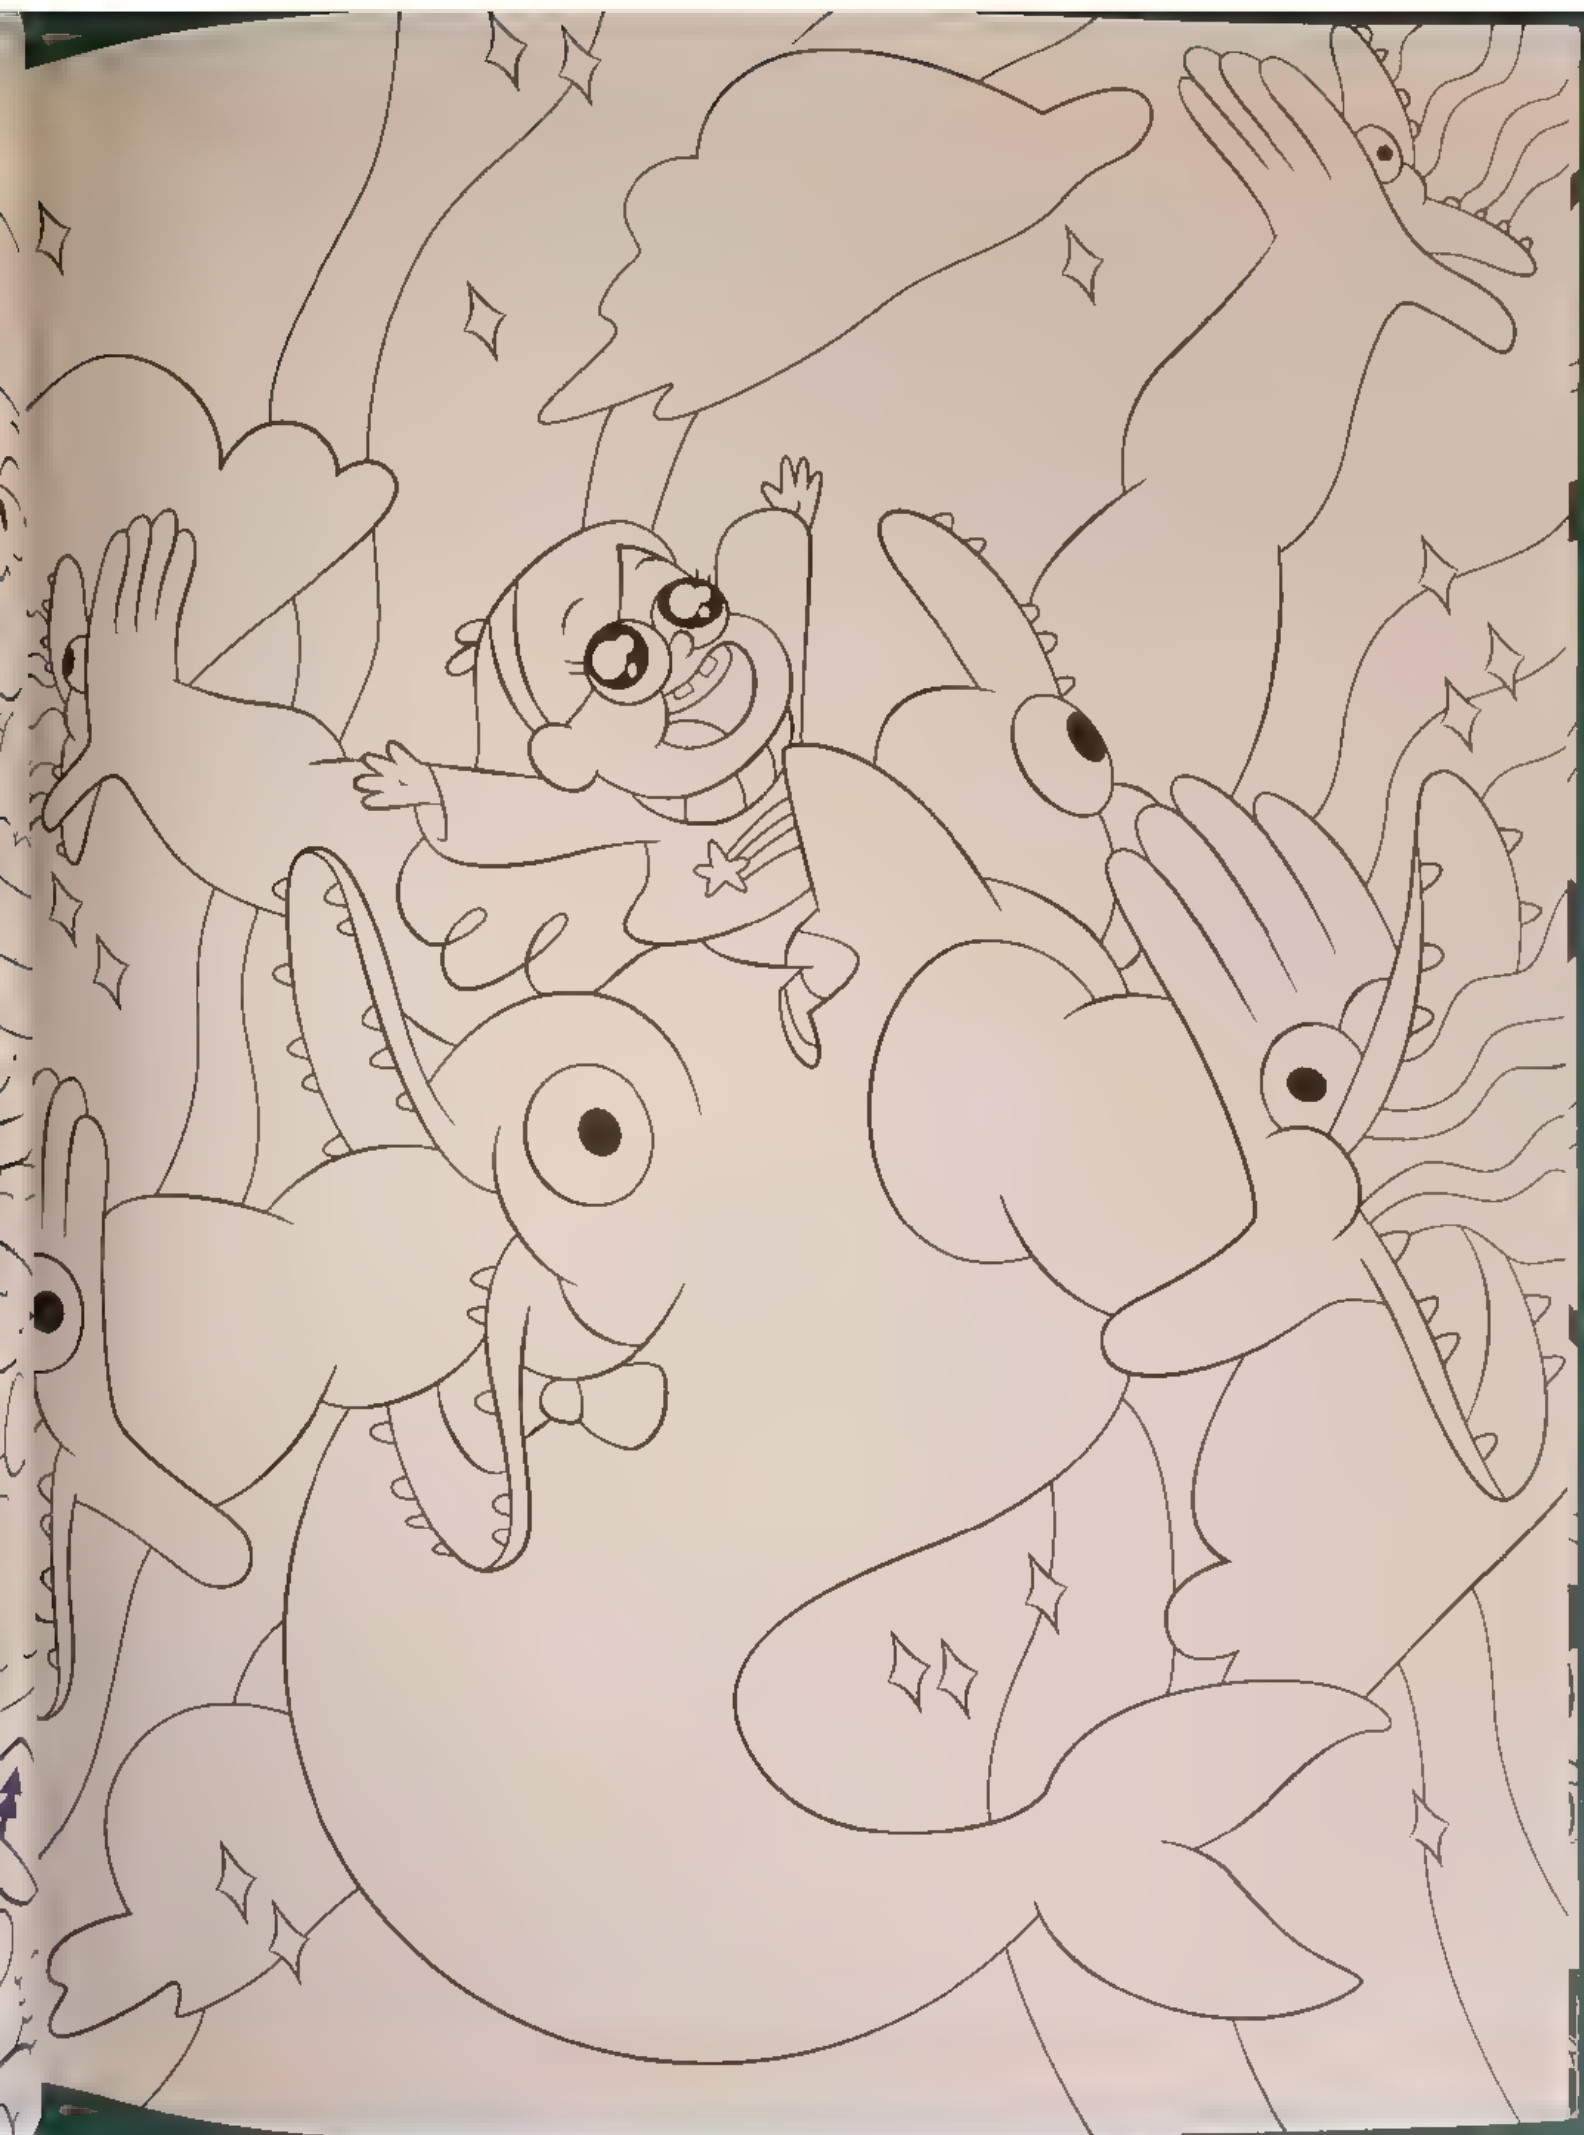

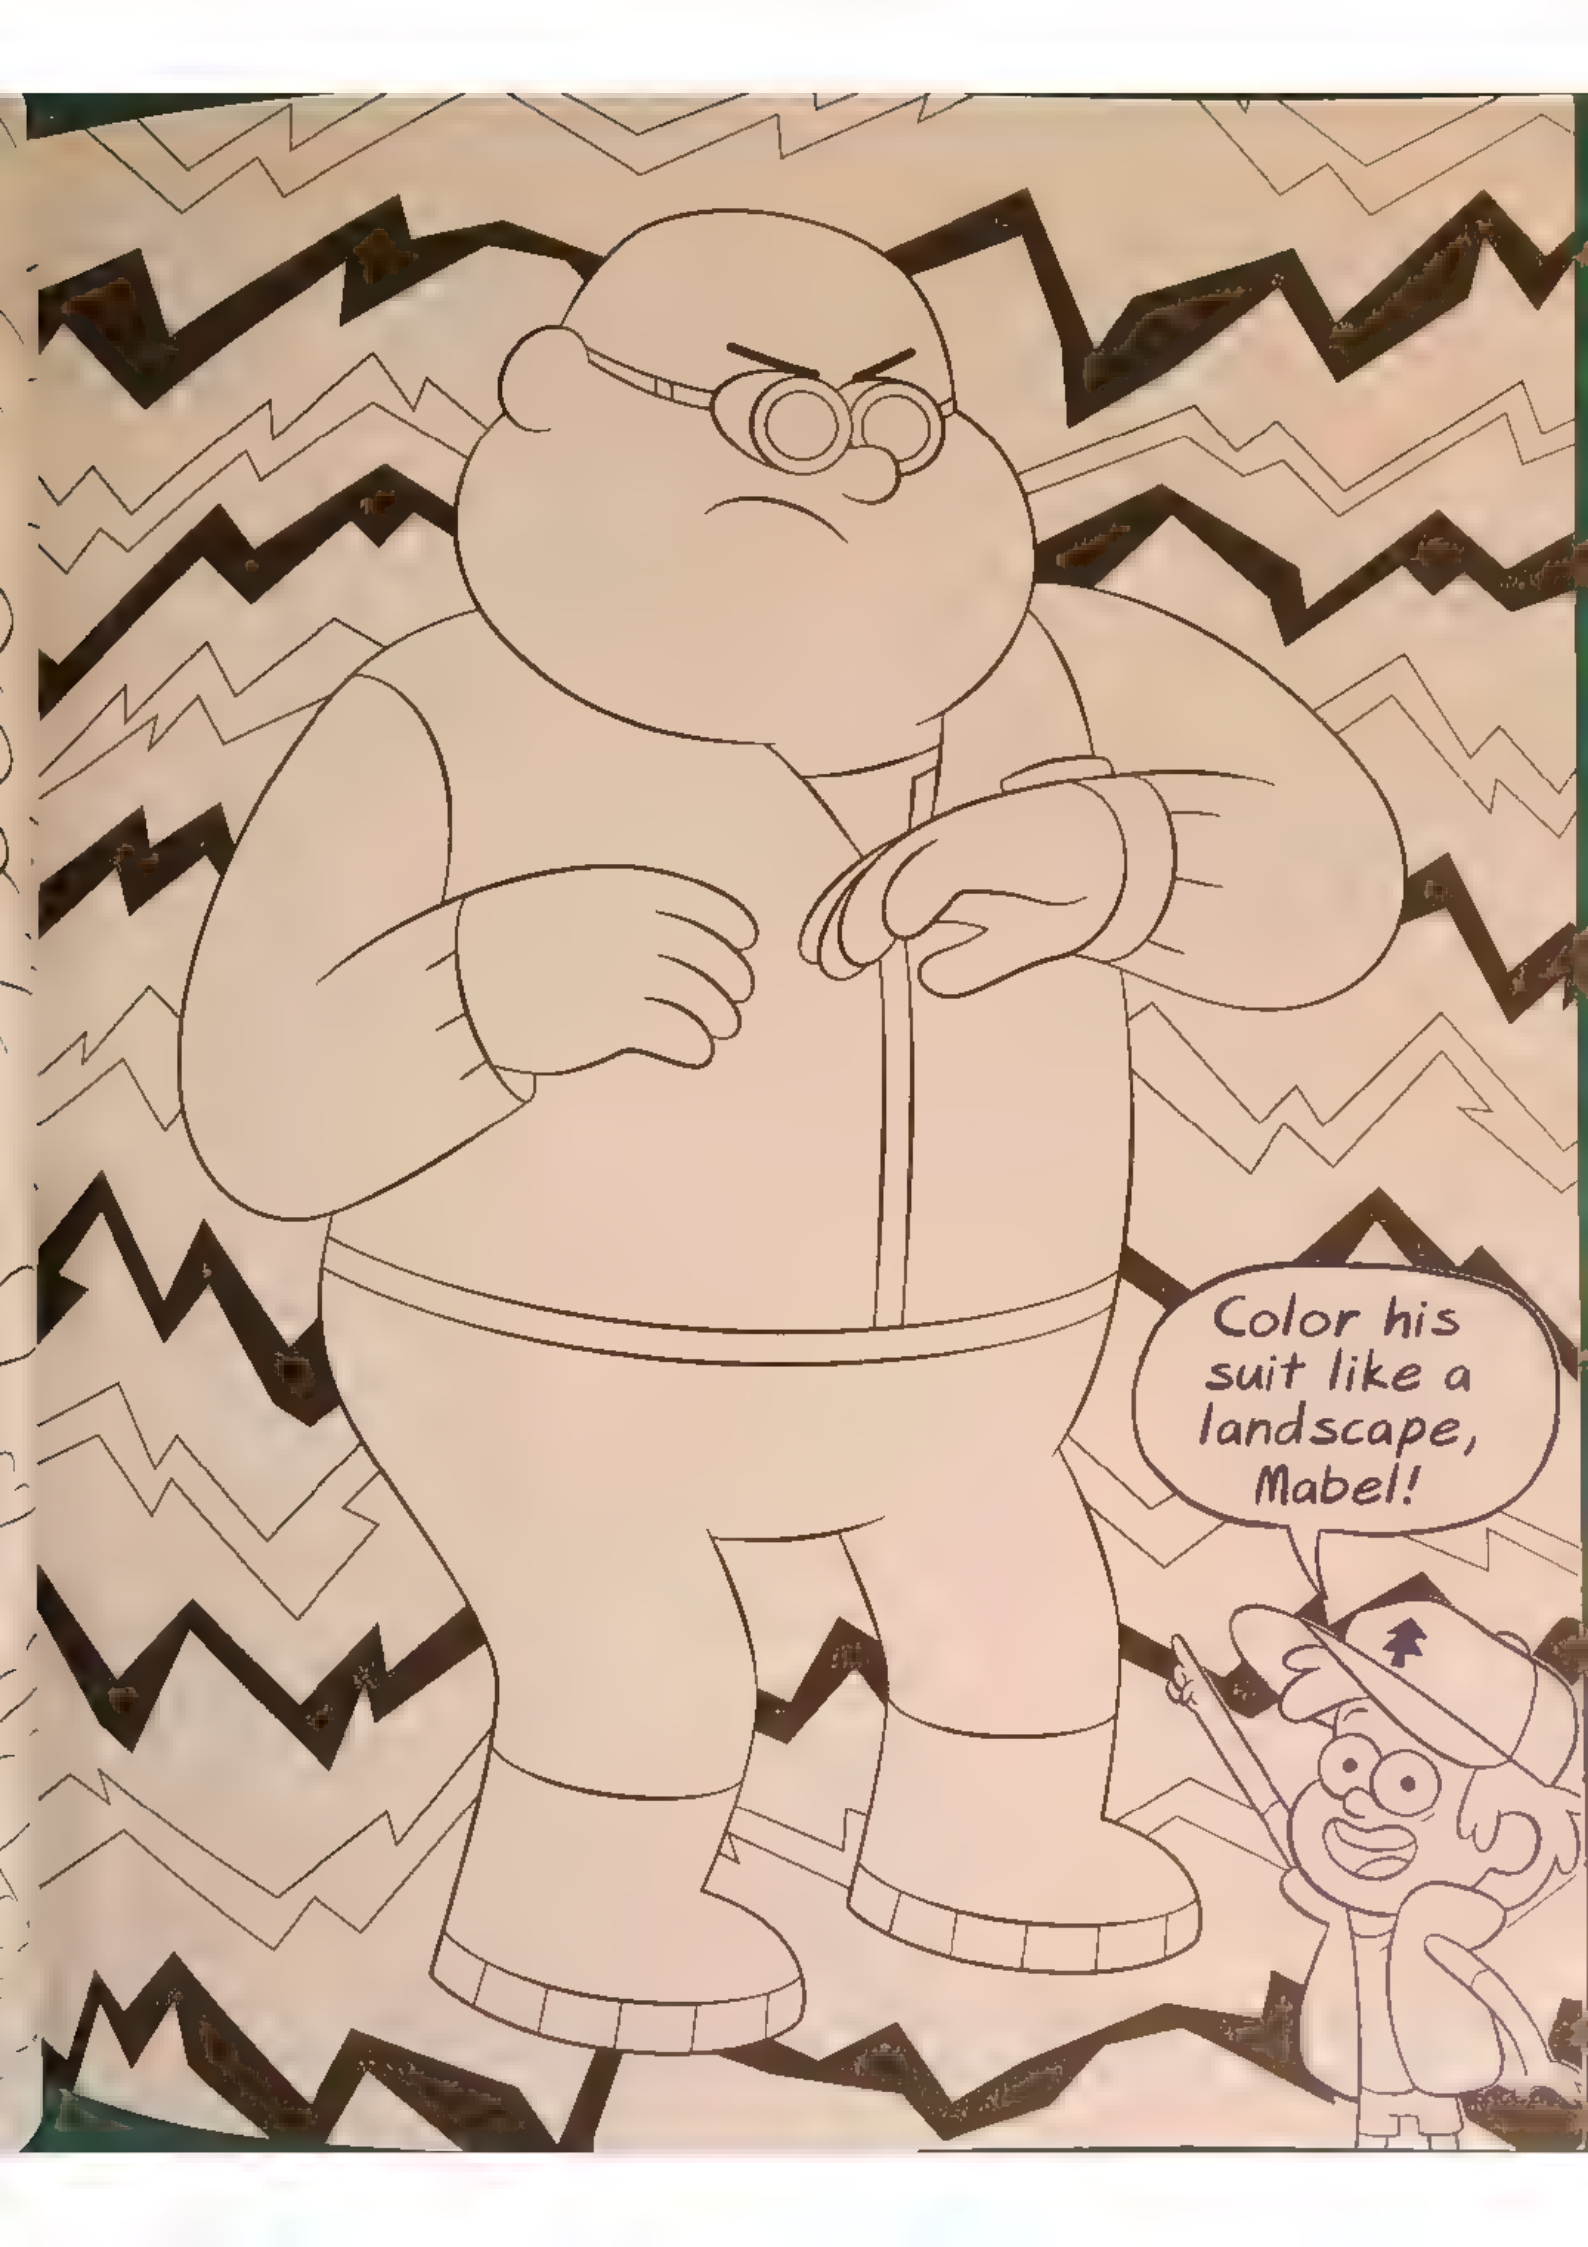

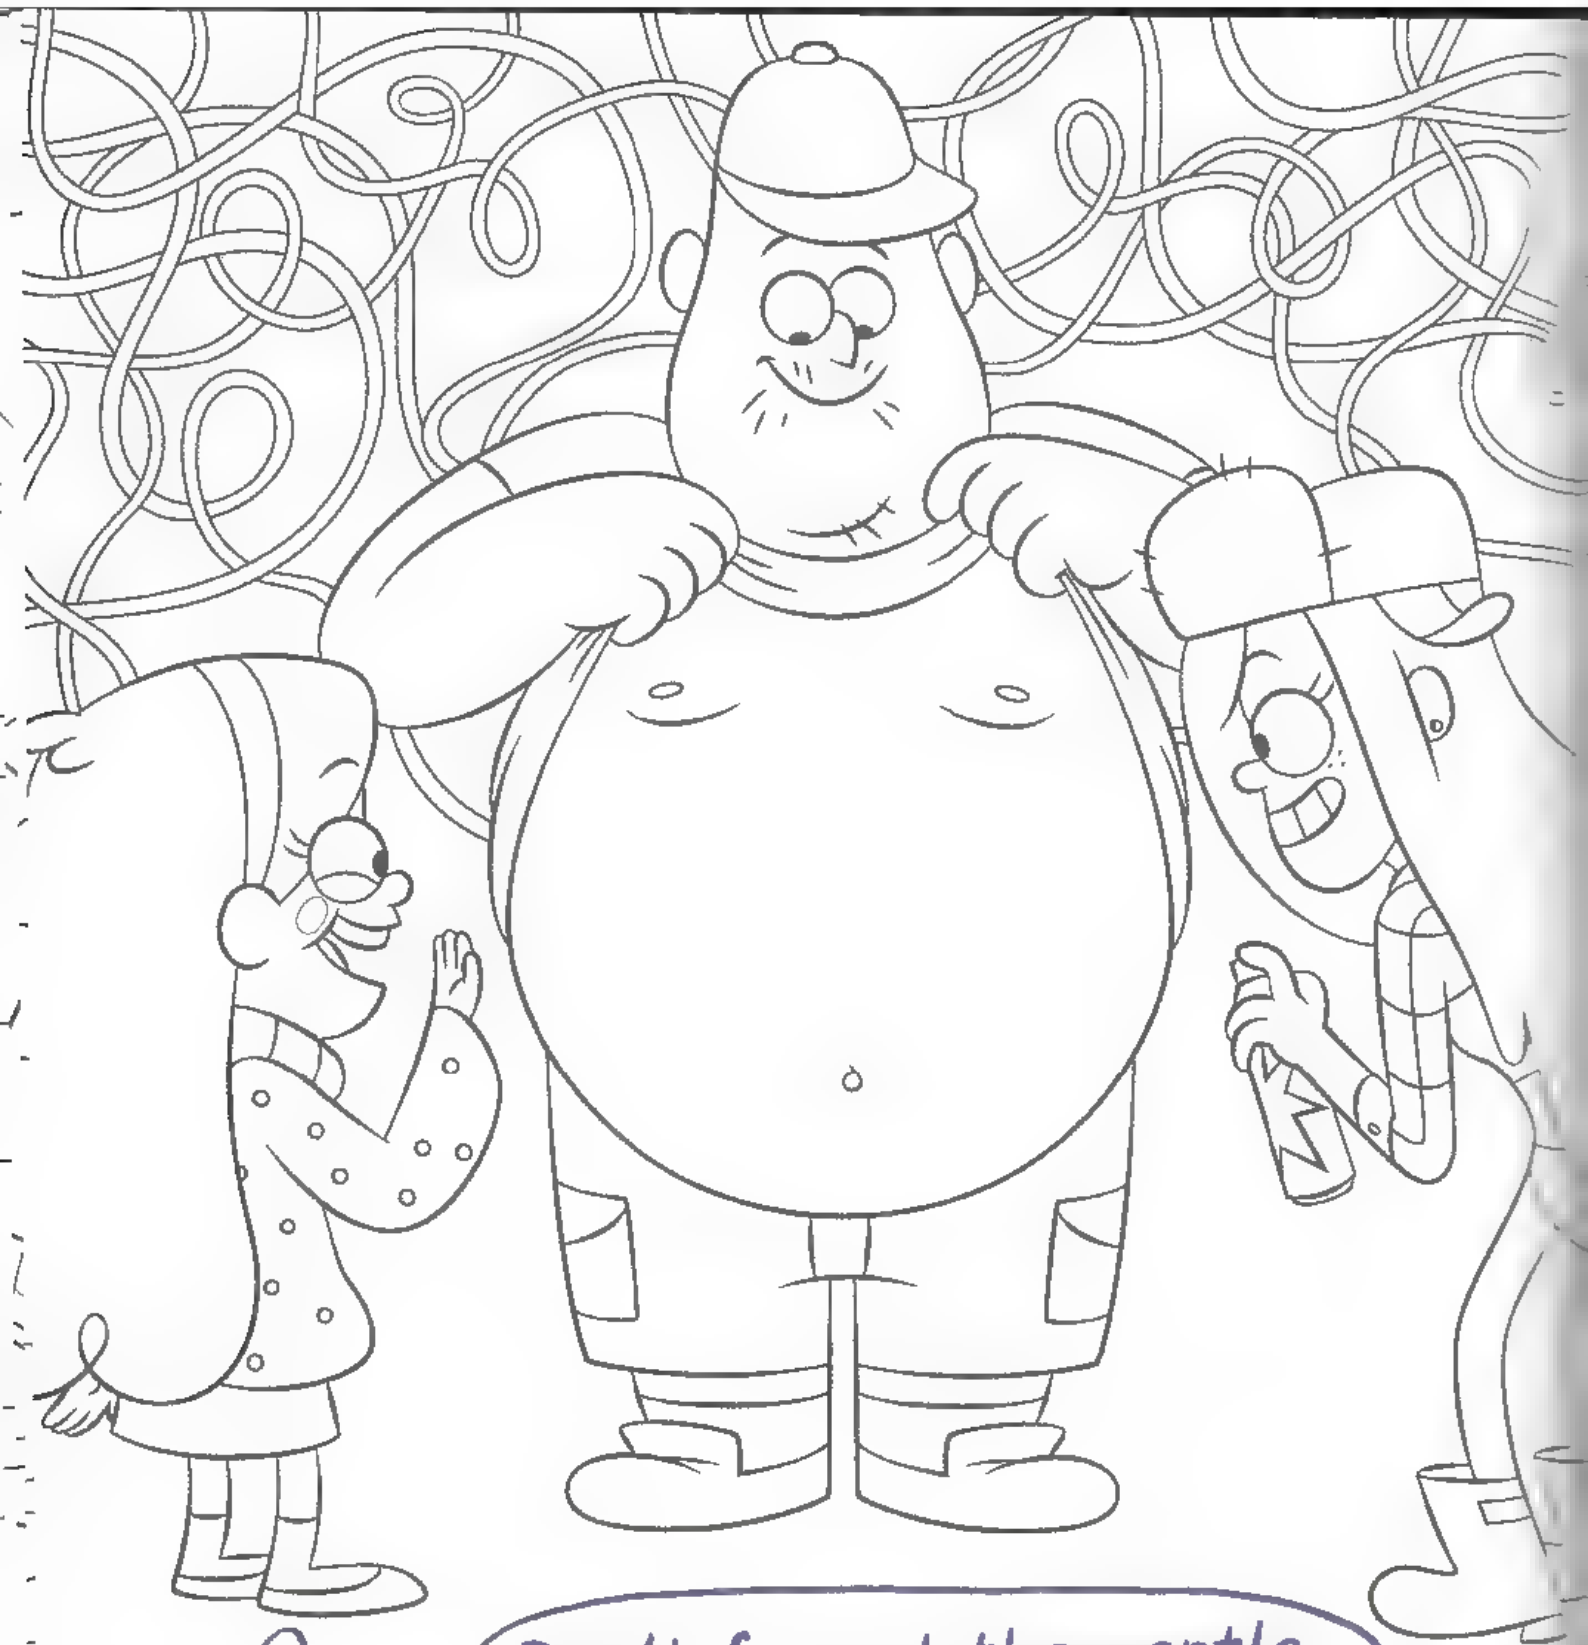

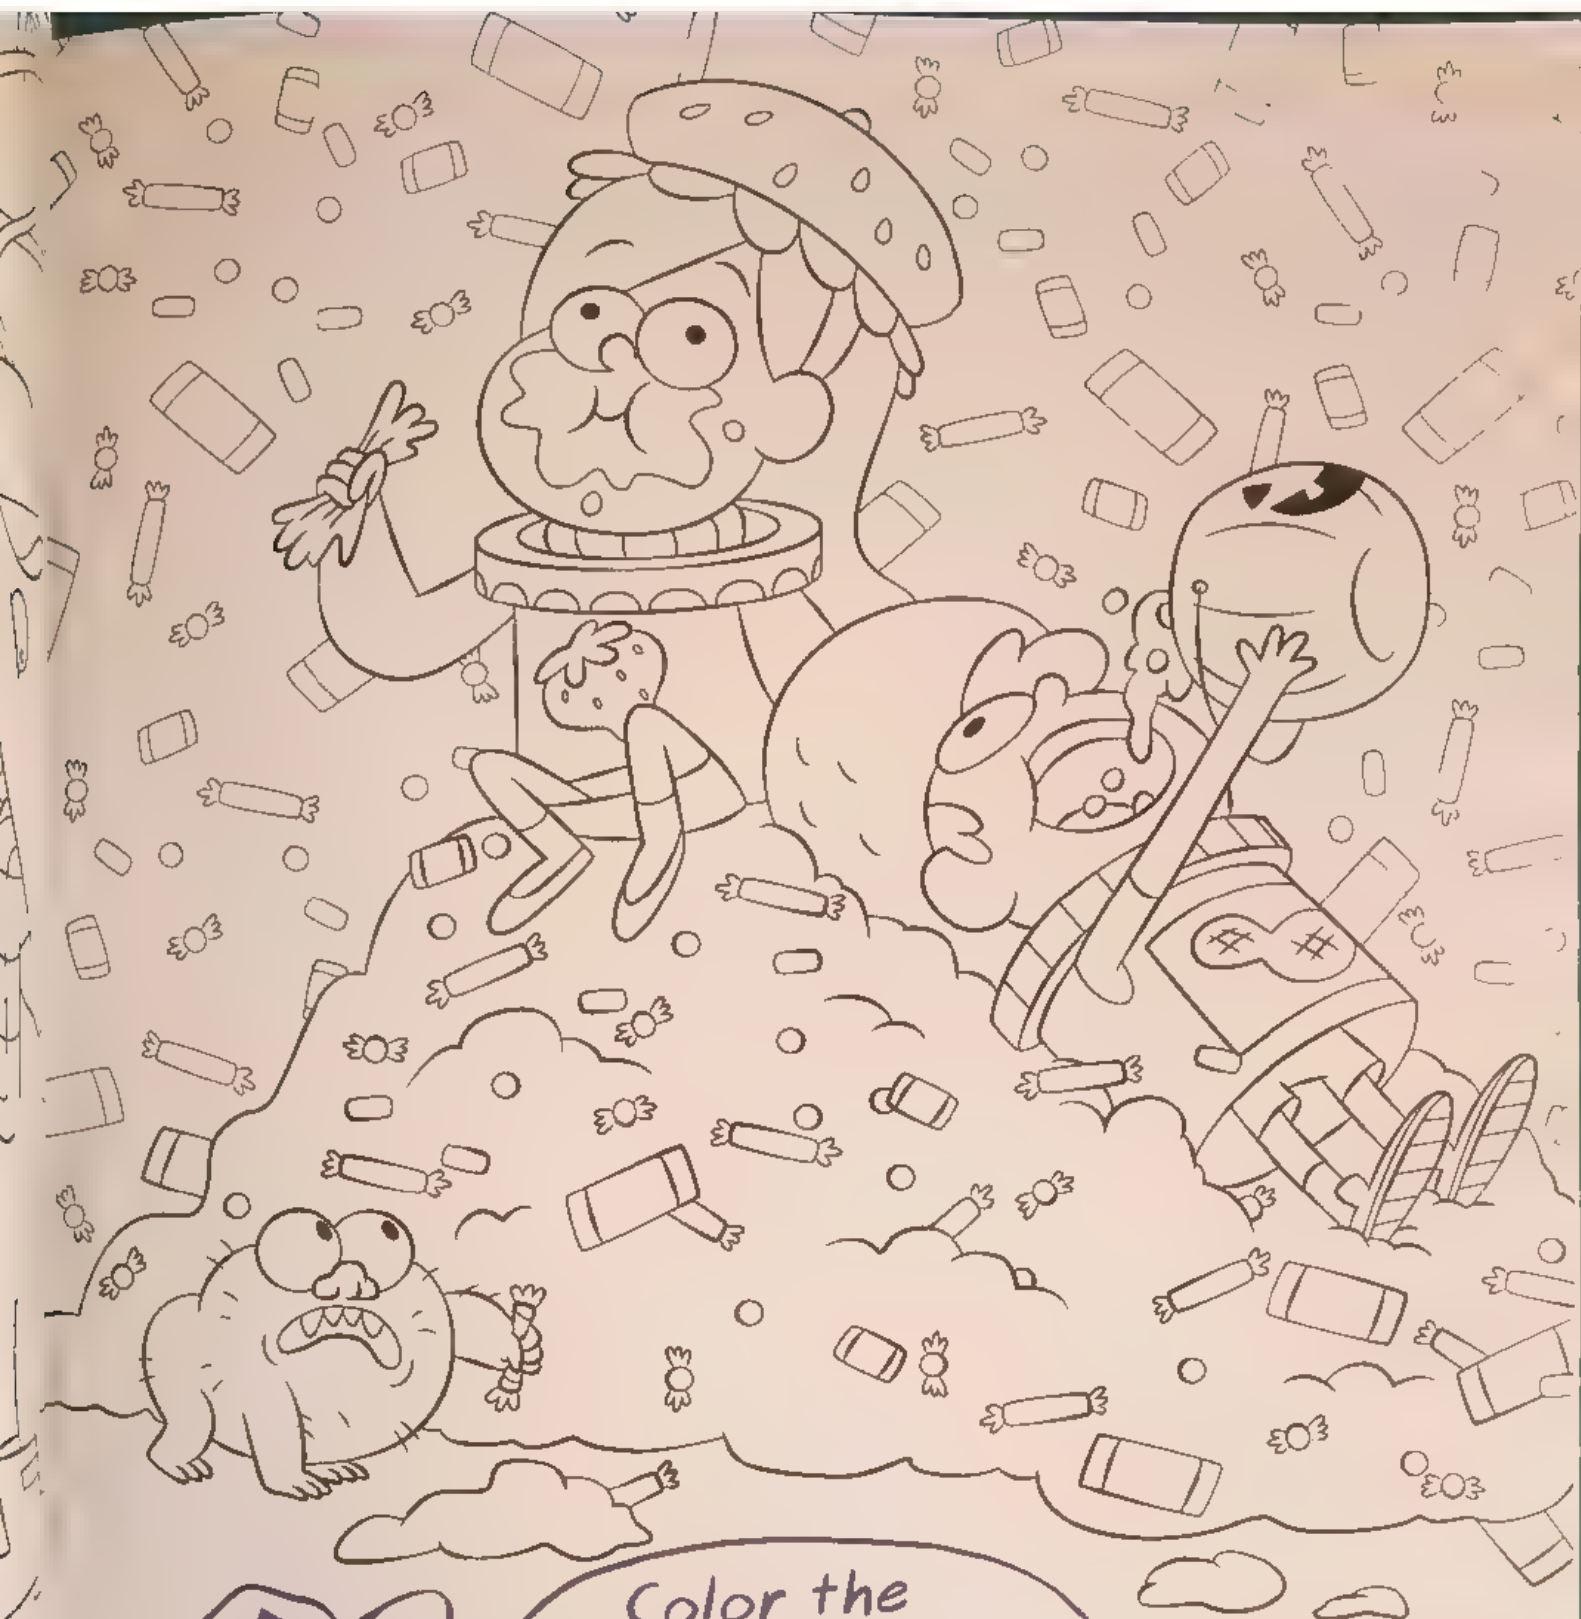

Color his
suit like a
landscape,
Mabel!

Don't forget the gentle
blush of Soos's cheeks.
Like an angel embarrassed
by humanity.

Yes . . . yes . . . more of Soos. . . .

Color the
chocolate with
REAL CHOCOLATE
SMUDGES.

That's genius, Dipper!
Chocolate is nature's
BROWN CRAYON.

I don't know, I just have a strong feeling about this.

I think Mrs. Gleeful is definitely a person who daydreams and reads romance novels about running away with a farmer. —

Stop coloring me purple, Mabel.

you should be flattered!
It's one of my favorite colors!

Favorite? You prize some over others?

CHAMELIUS, I'M SHOCKED. EVERYONE has a favorite color! It says everything about you as a person! You'd think you'd know this stuff already! Here, I'll teach you all about it!

WHAT DOES YOUR FAVORITE COLOR SAY ABOUT YOU?

← What did this gnome eat?!

PINK you're the type of person who knows what they like and what you like is FUN and MAGIC and FROSTING and KITTENS NOSES
People say you're silly but they are really jealous

PURPLE The most perfect color All the sass of red with all the coolness of blue
you are one balanced and also perfect human being
you will live to be 100 years old

BLUE you're just saying you like blue to seem cool to other people
but your true favorite color is actually purple

GREEN you're a very smart, centered person you might be a frog also
Everyone loves this about you

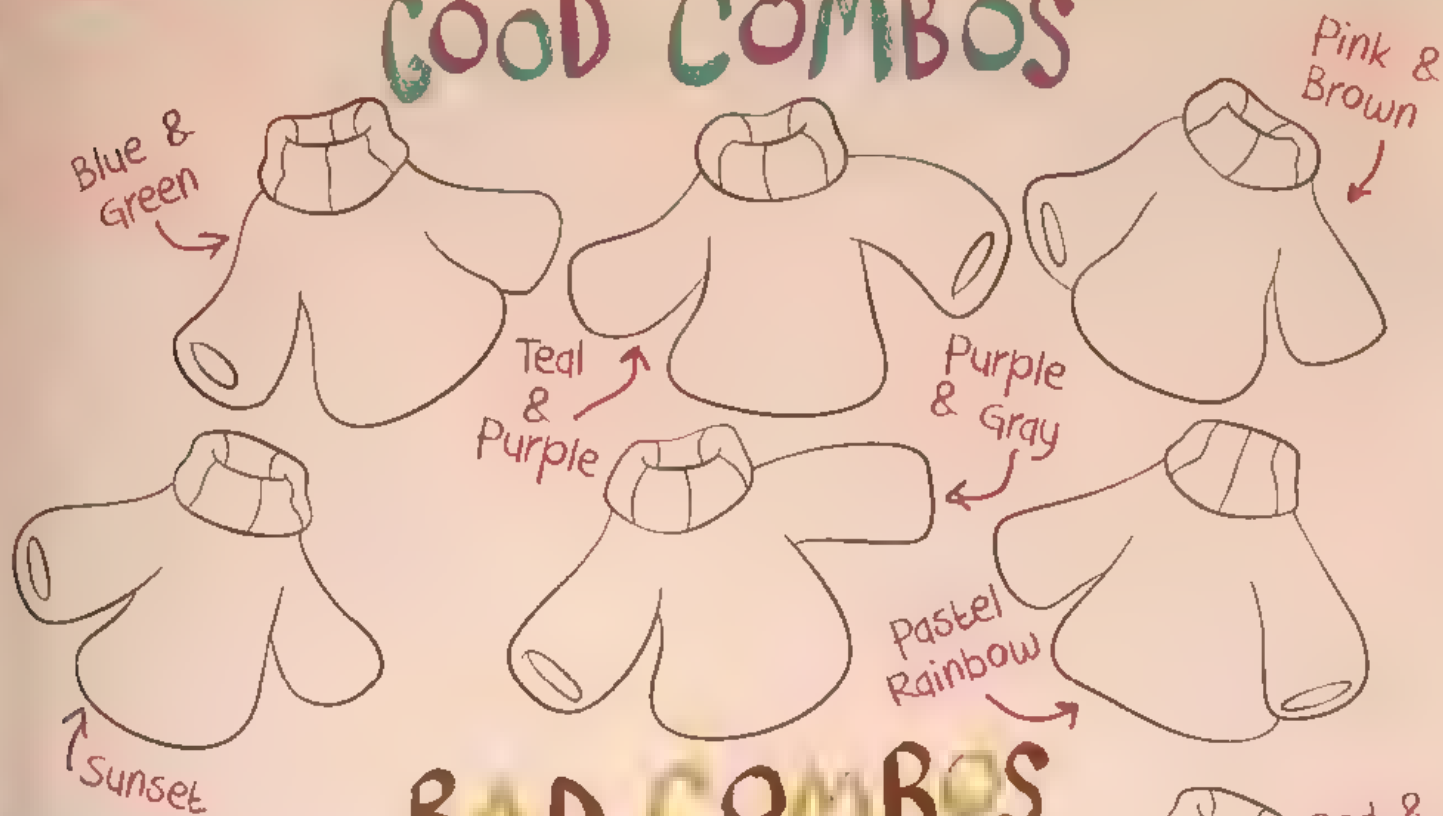

CHAMELIE Nope "no no no"

RED Sassy! Sass machine! you say all kinds of curse words like "shut your fohorn" and "Abra-ca-dang-ah!" What a spiky hot potato you are!

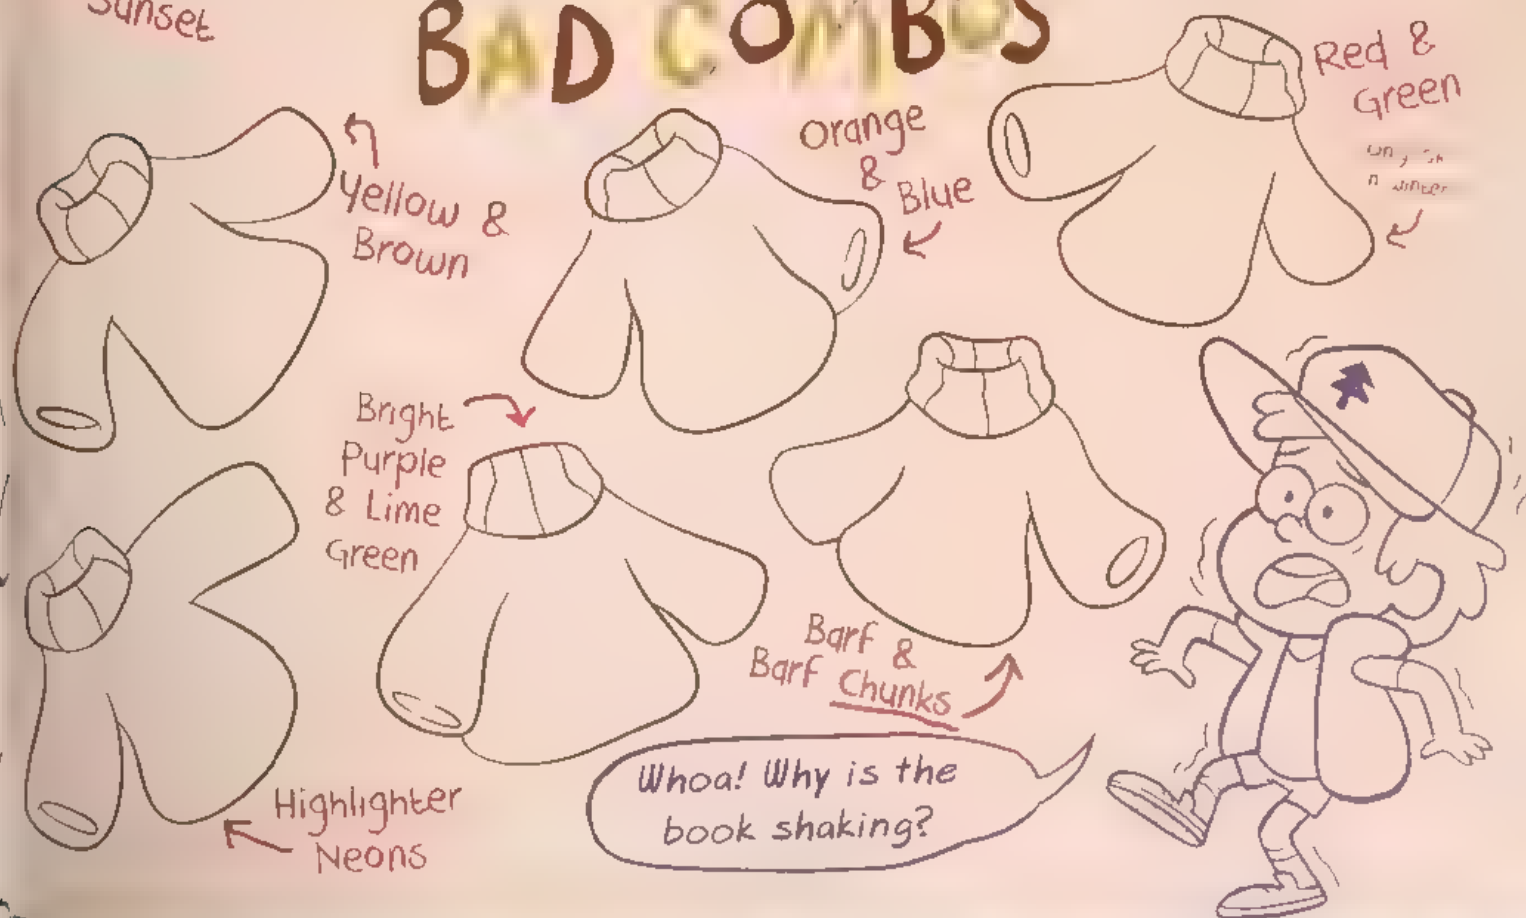

MABEL'S LESSON IN COLOR THEORY!

Some color combinations are perfect and good and the best and my favorite
SOME colors are pure evil, though, and I'll help you avoid them with this handy guide!

GOOD COMBOS

BAD COMBOS

STOP STOP IT!!

EW! What's happening?

The book is shaking and sweating rainbows like a teenage unicorn!

Those bad color combinations . . . you did that on purpose to damage my book. 🐾

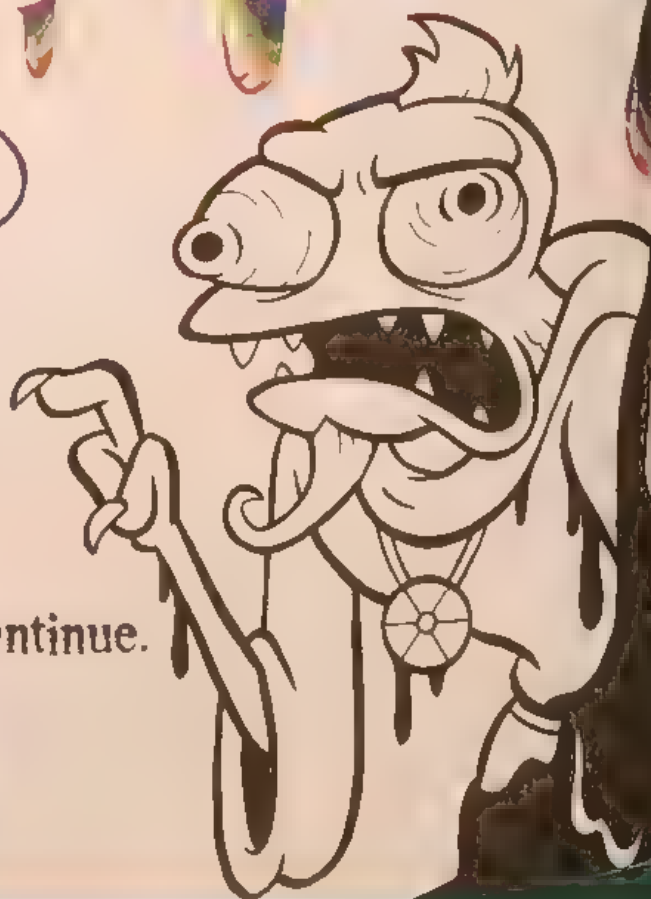

No way! I didn't mean to! Sorry, buddy! I'll only color in the good stuff from now on.

Hmmm . . . **PROMISE!**

Interesting . . .

OK . . . I will allow you to continue.

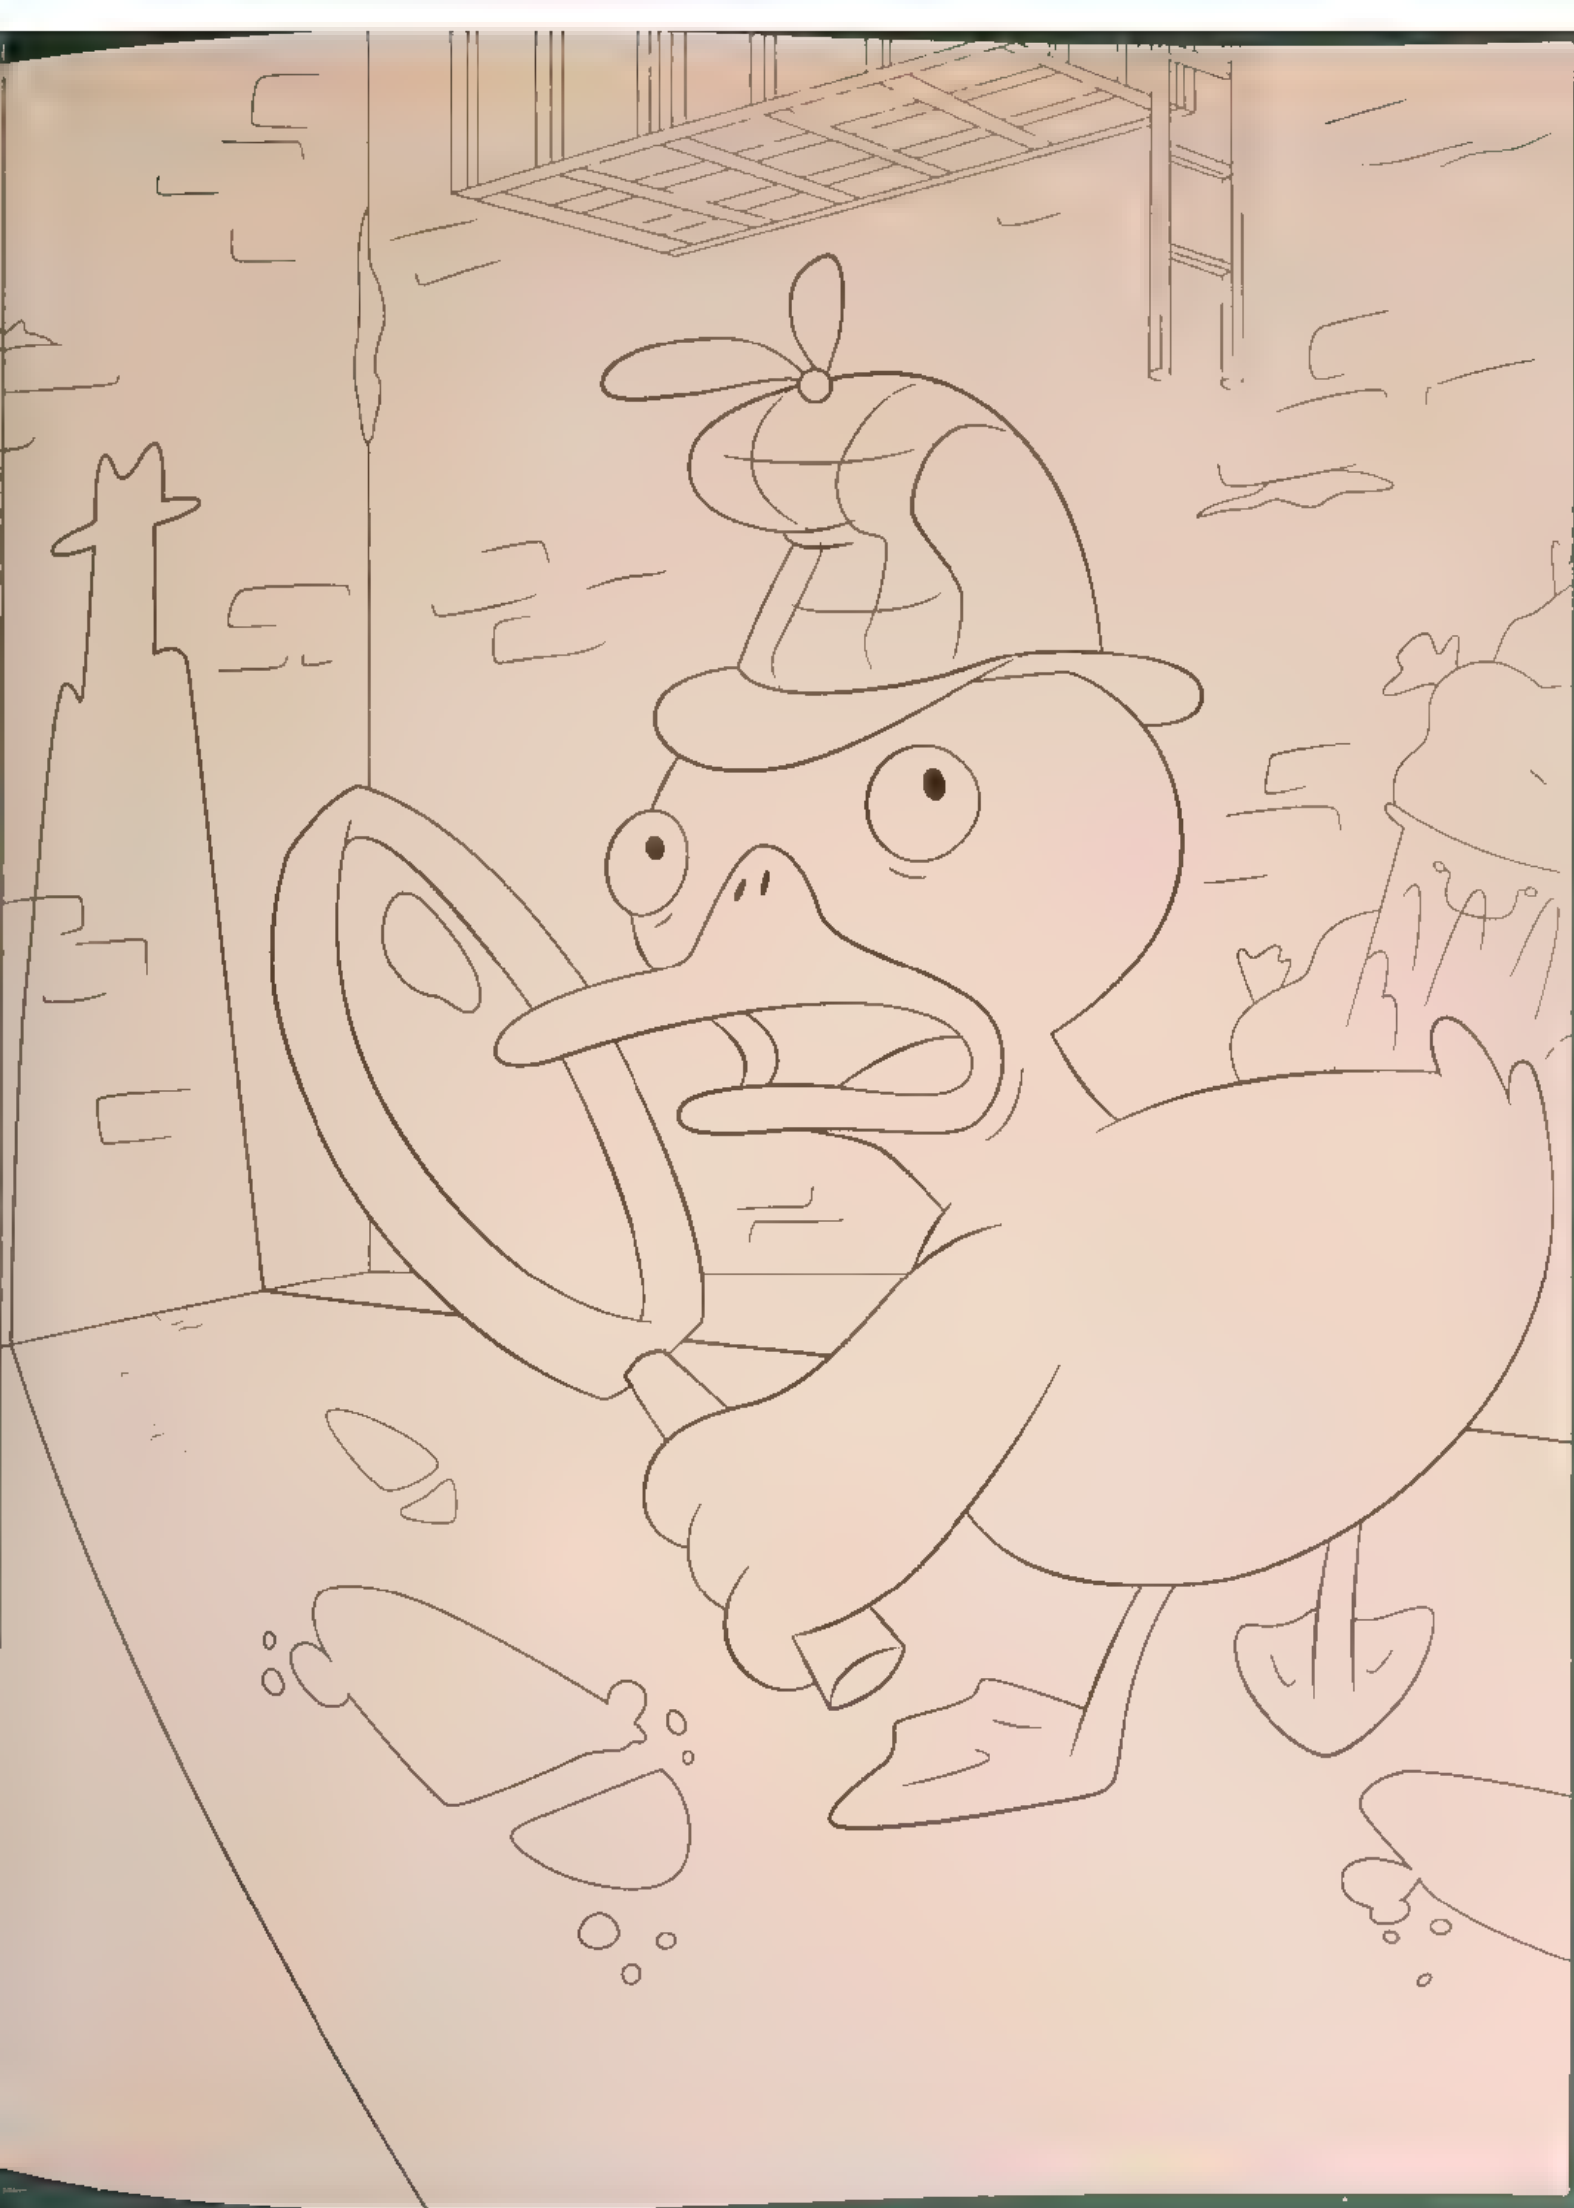

For now.

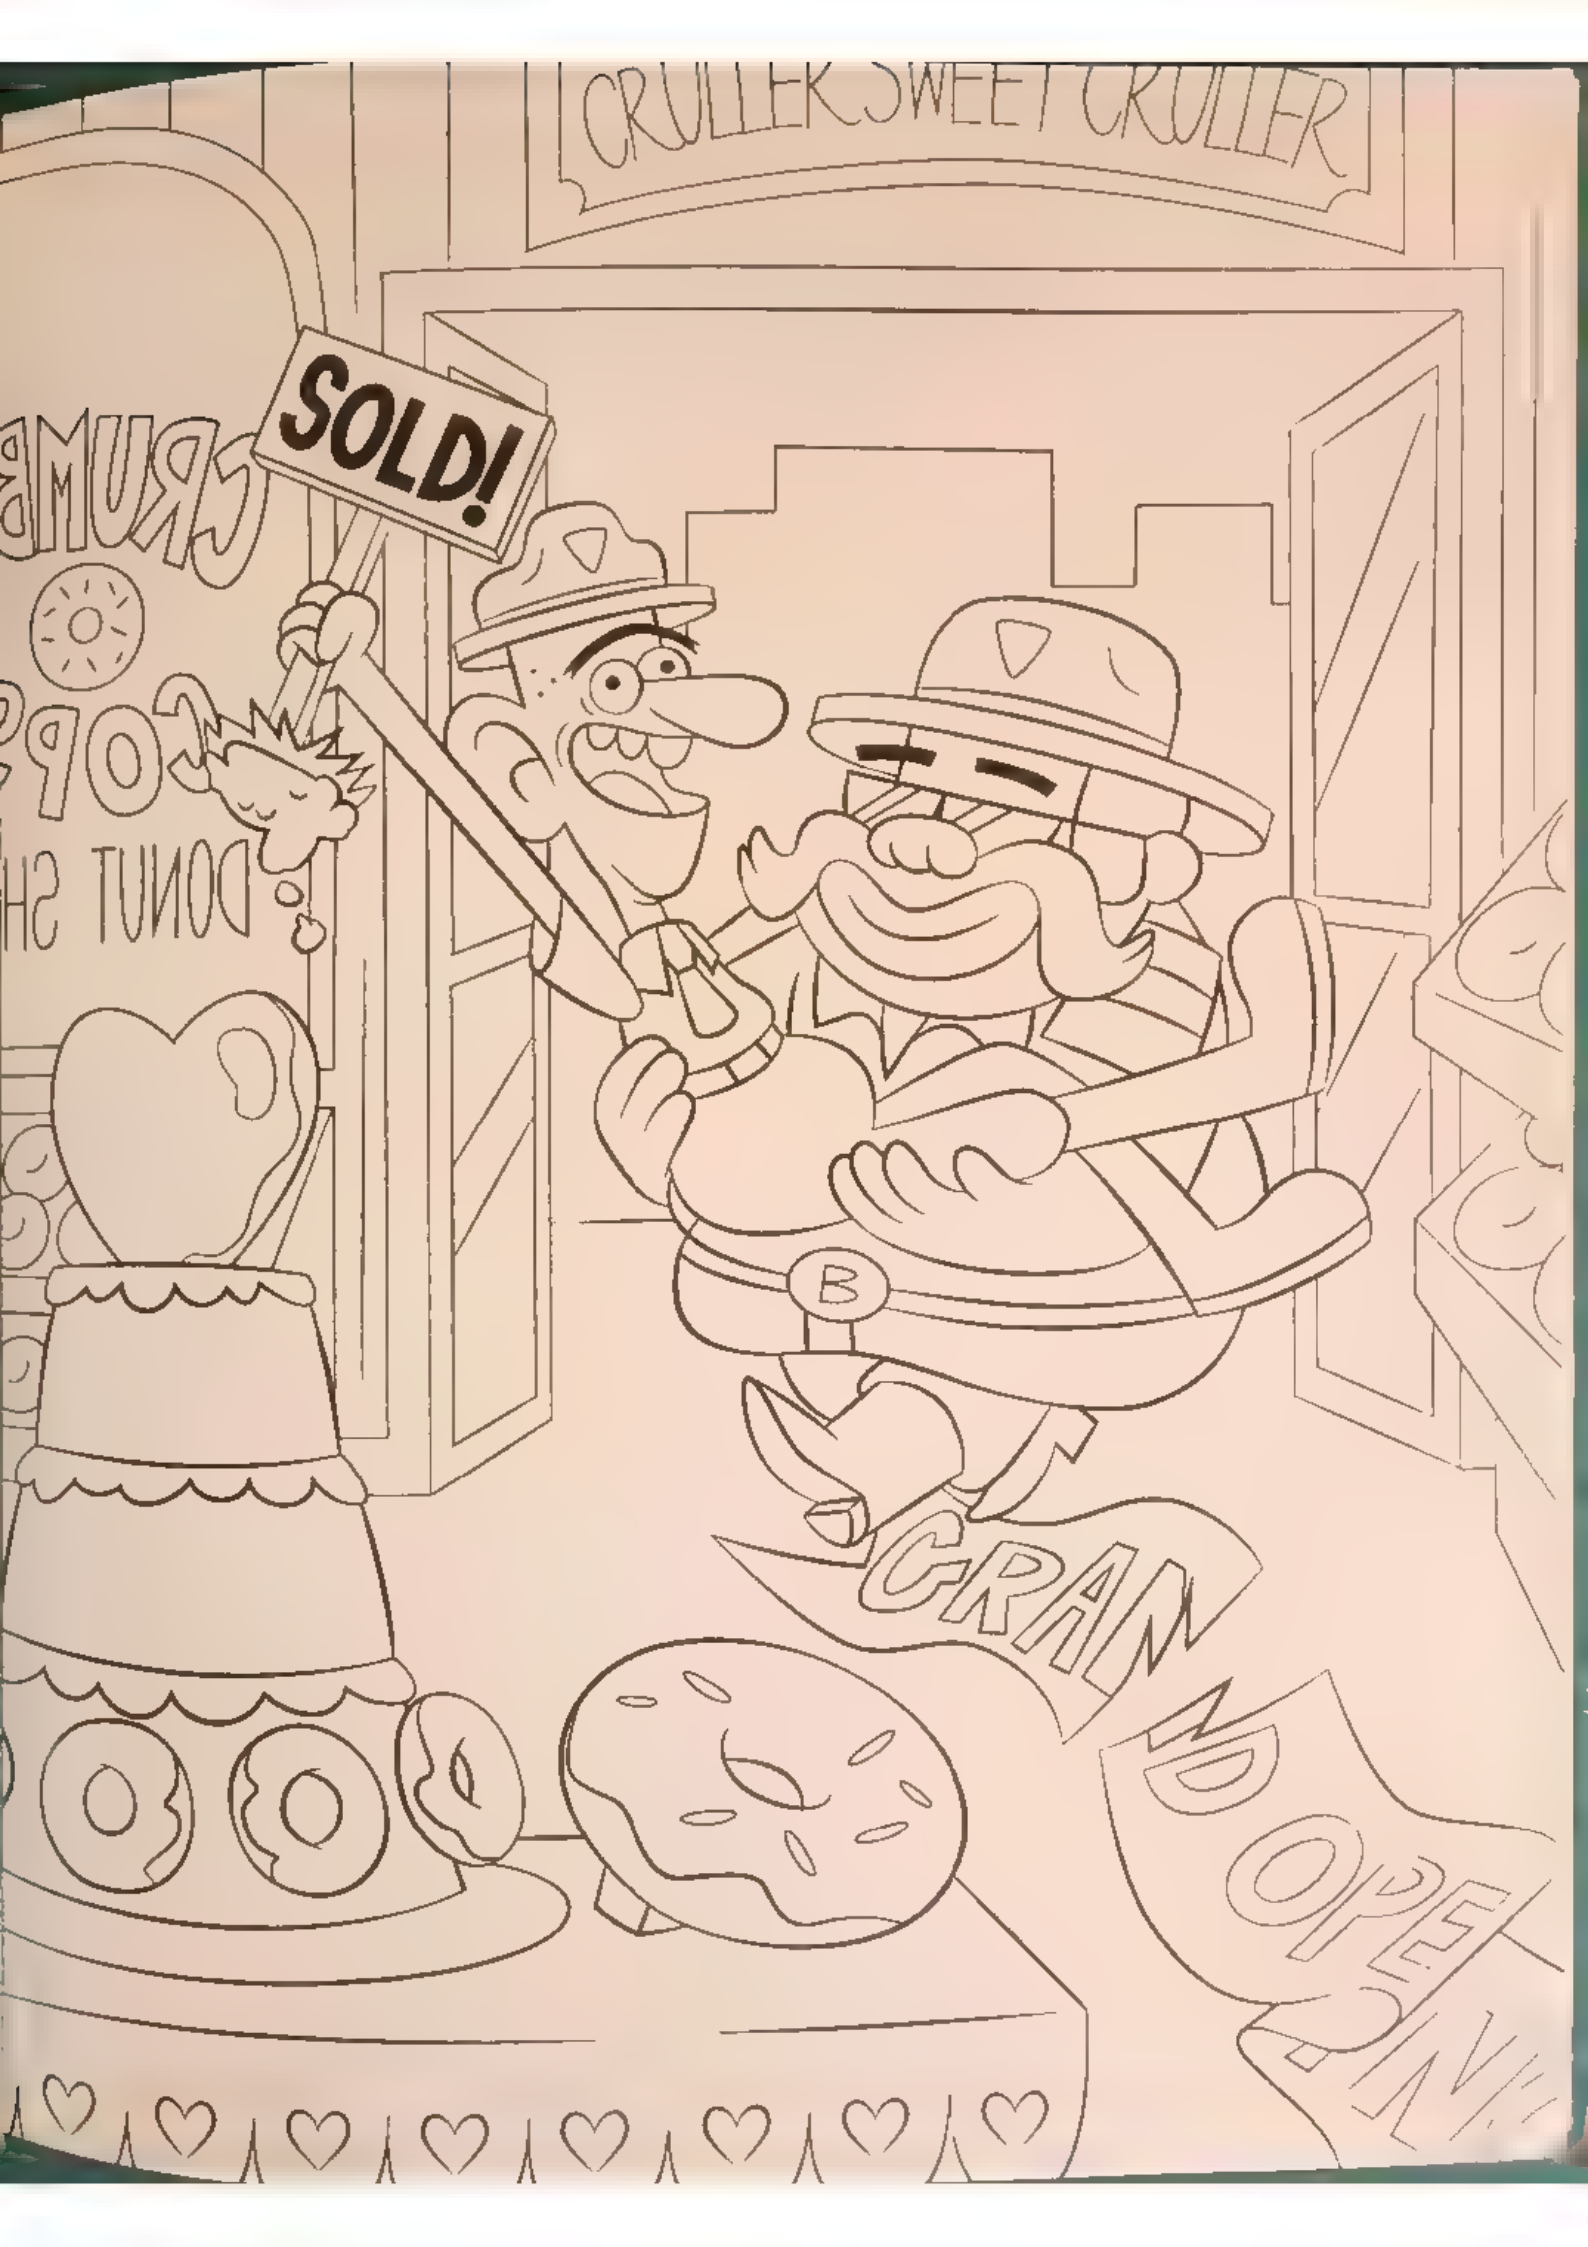

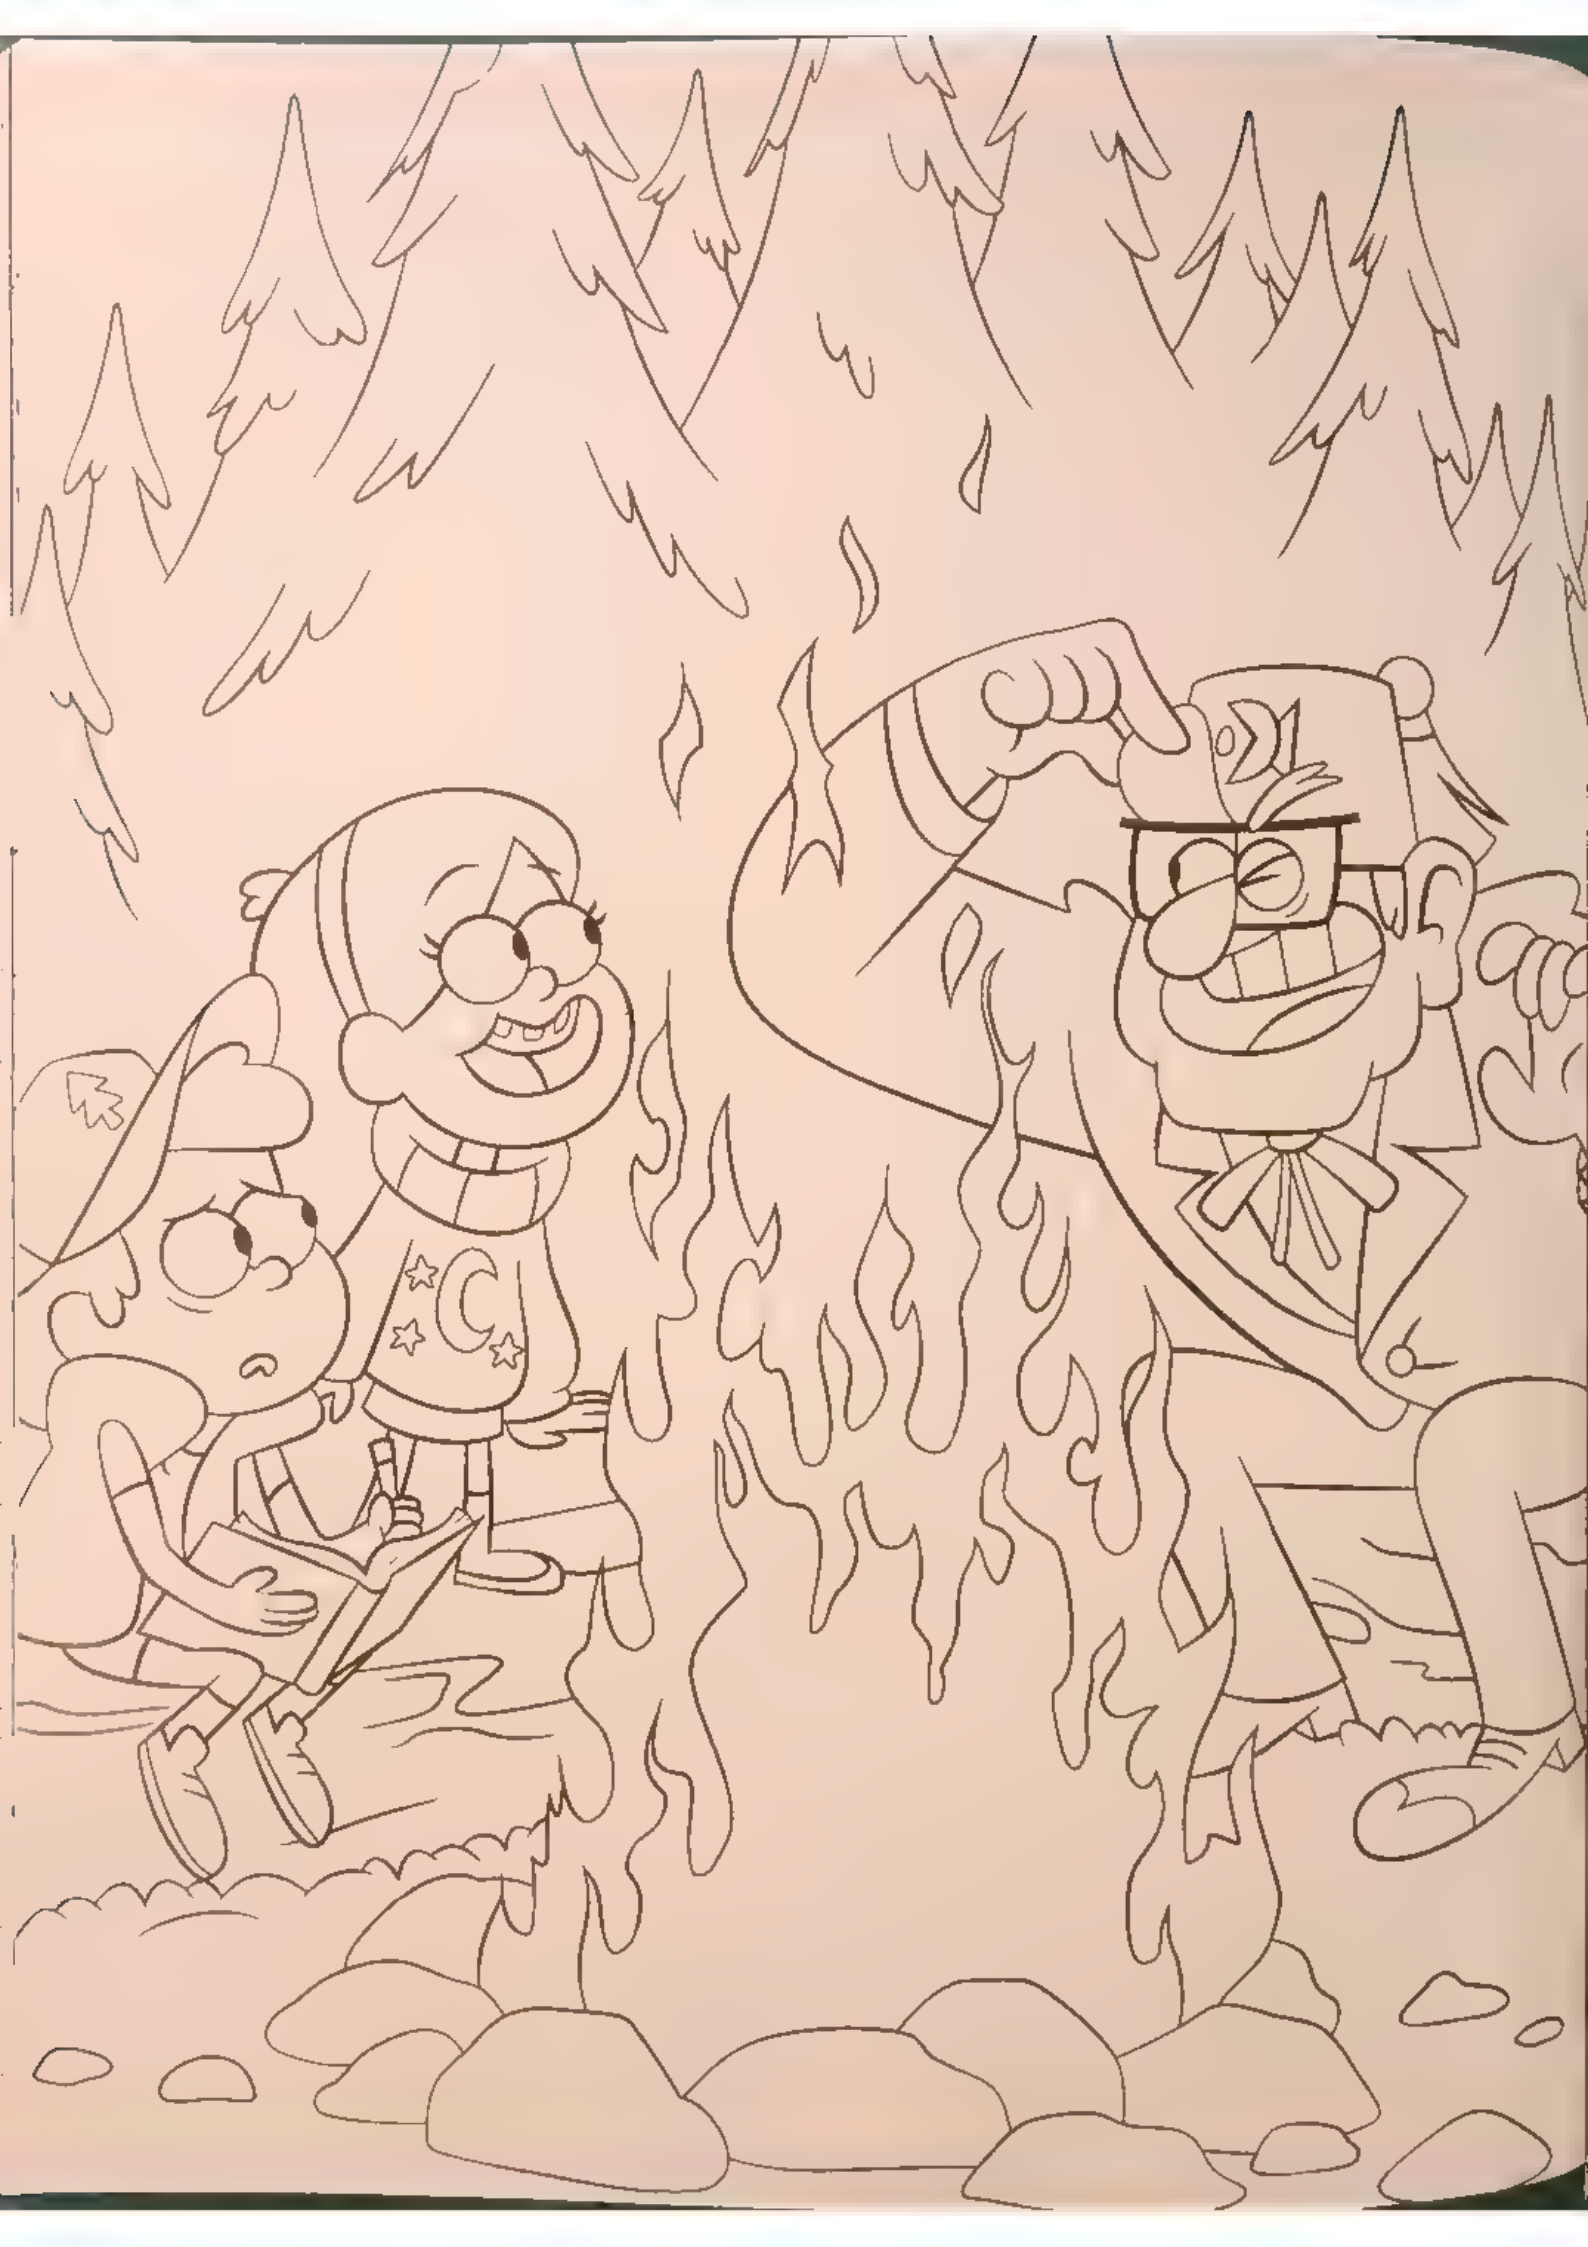

Yes . . . There he is. . . .
It's the good boy. . . .

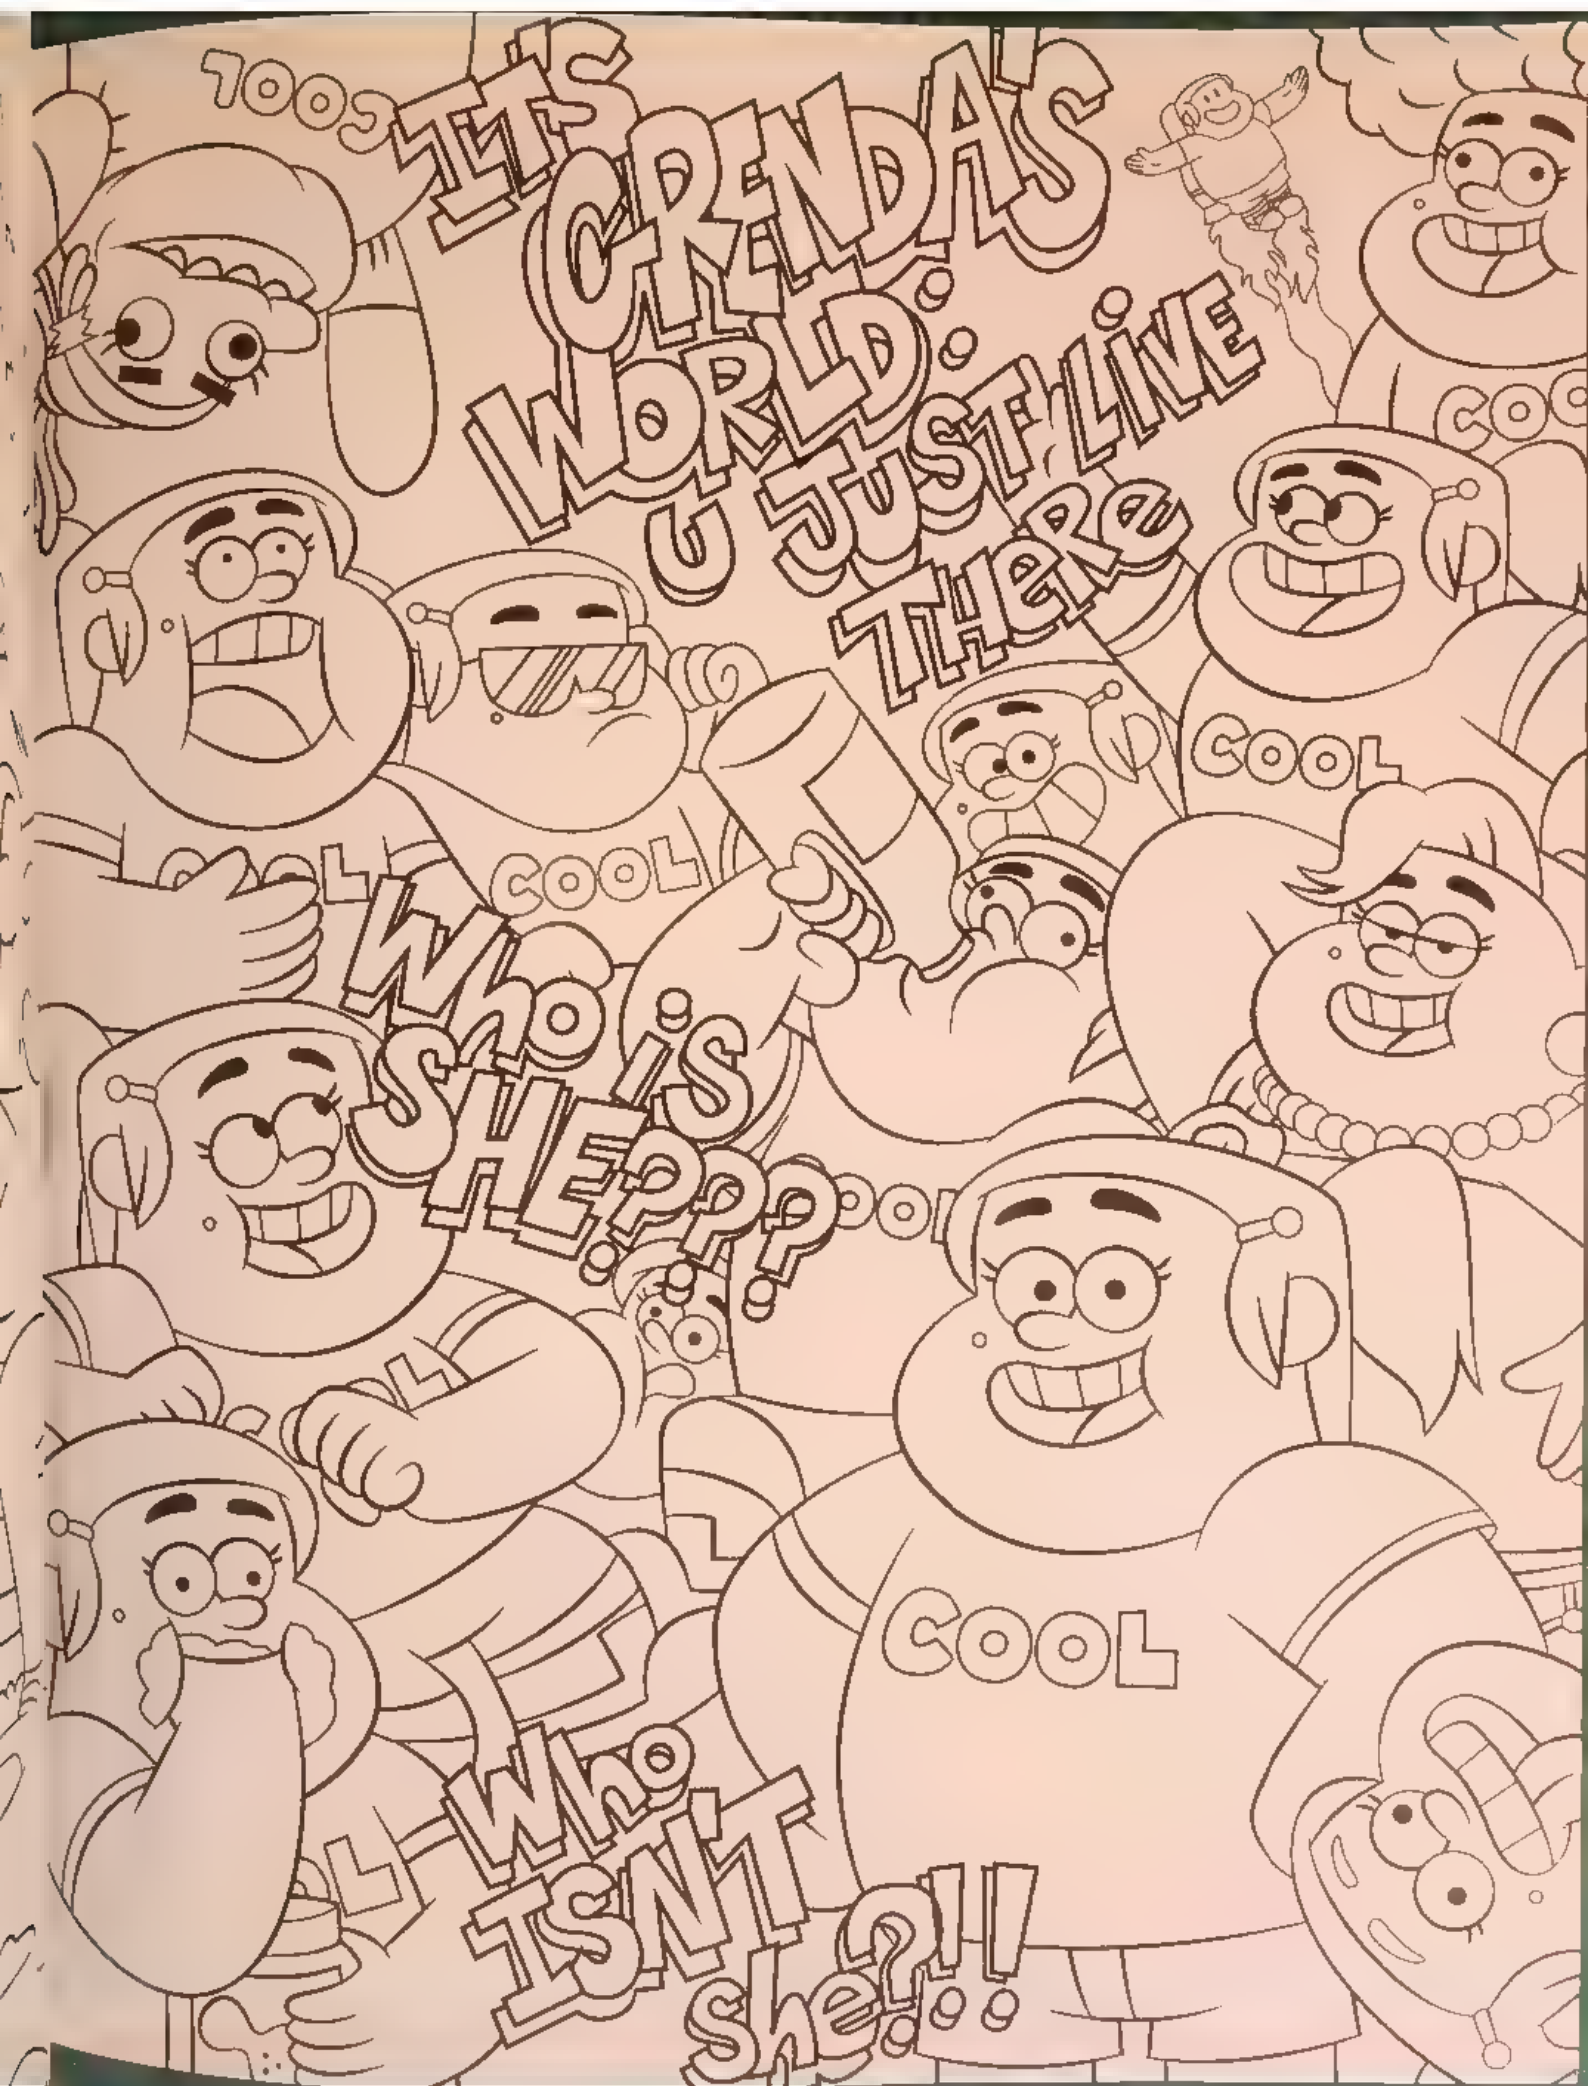

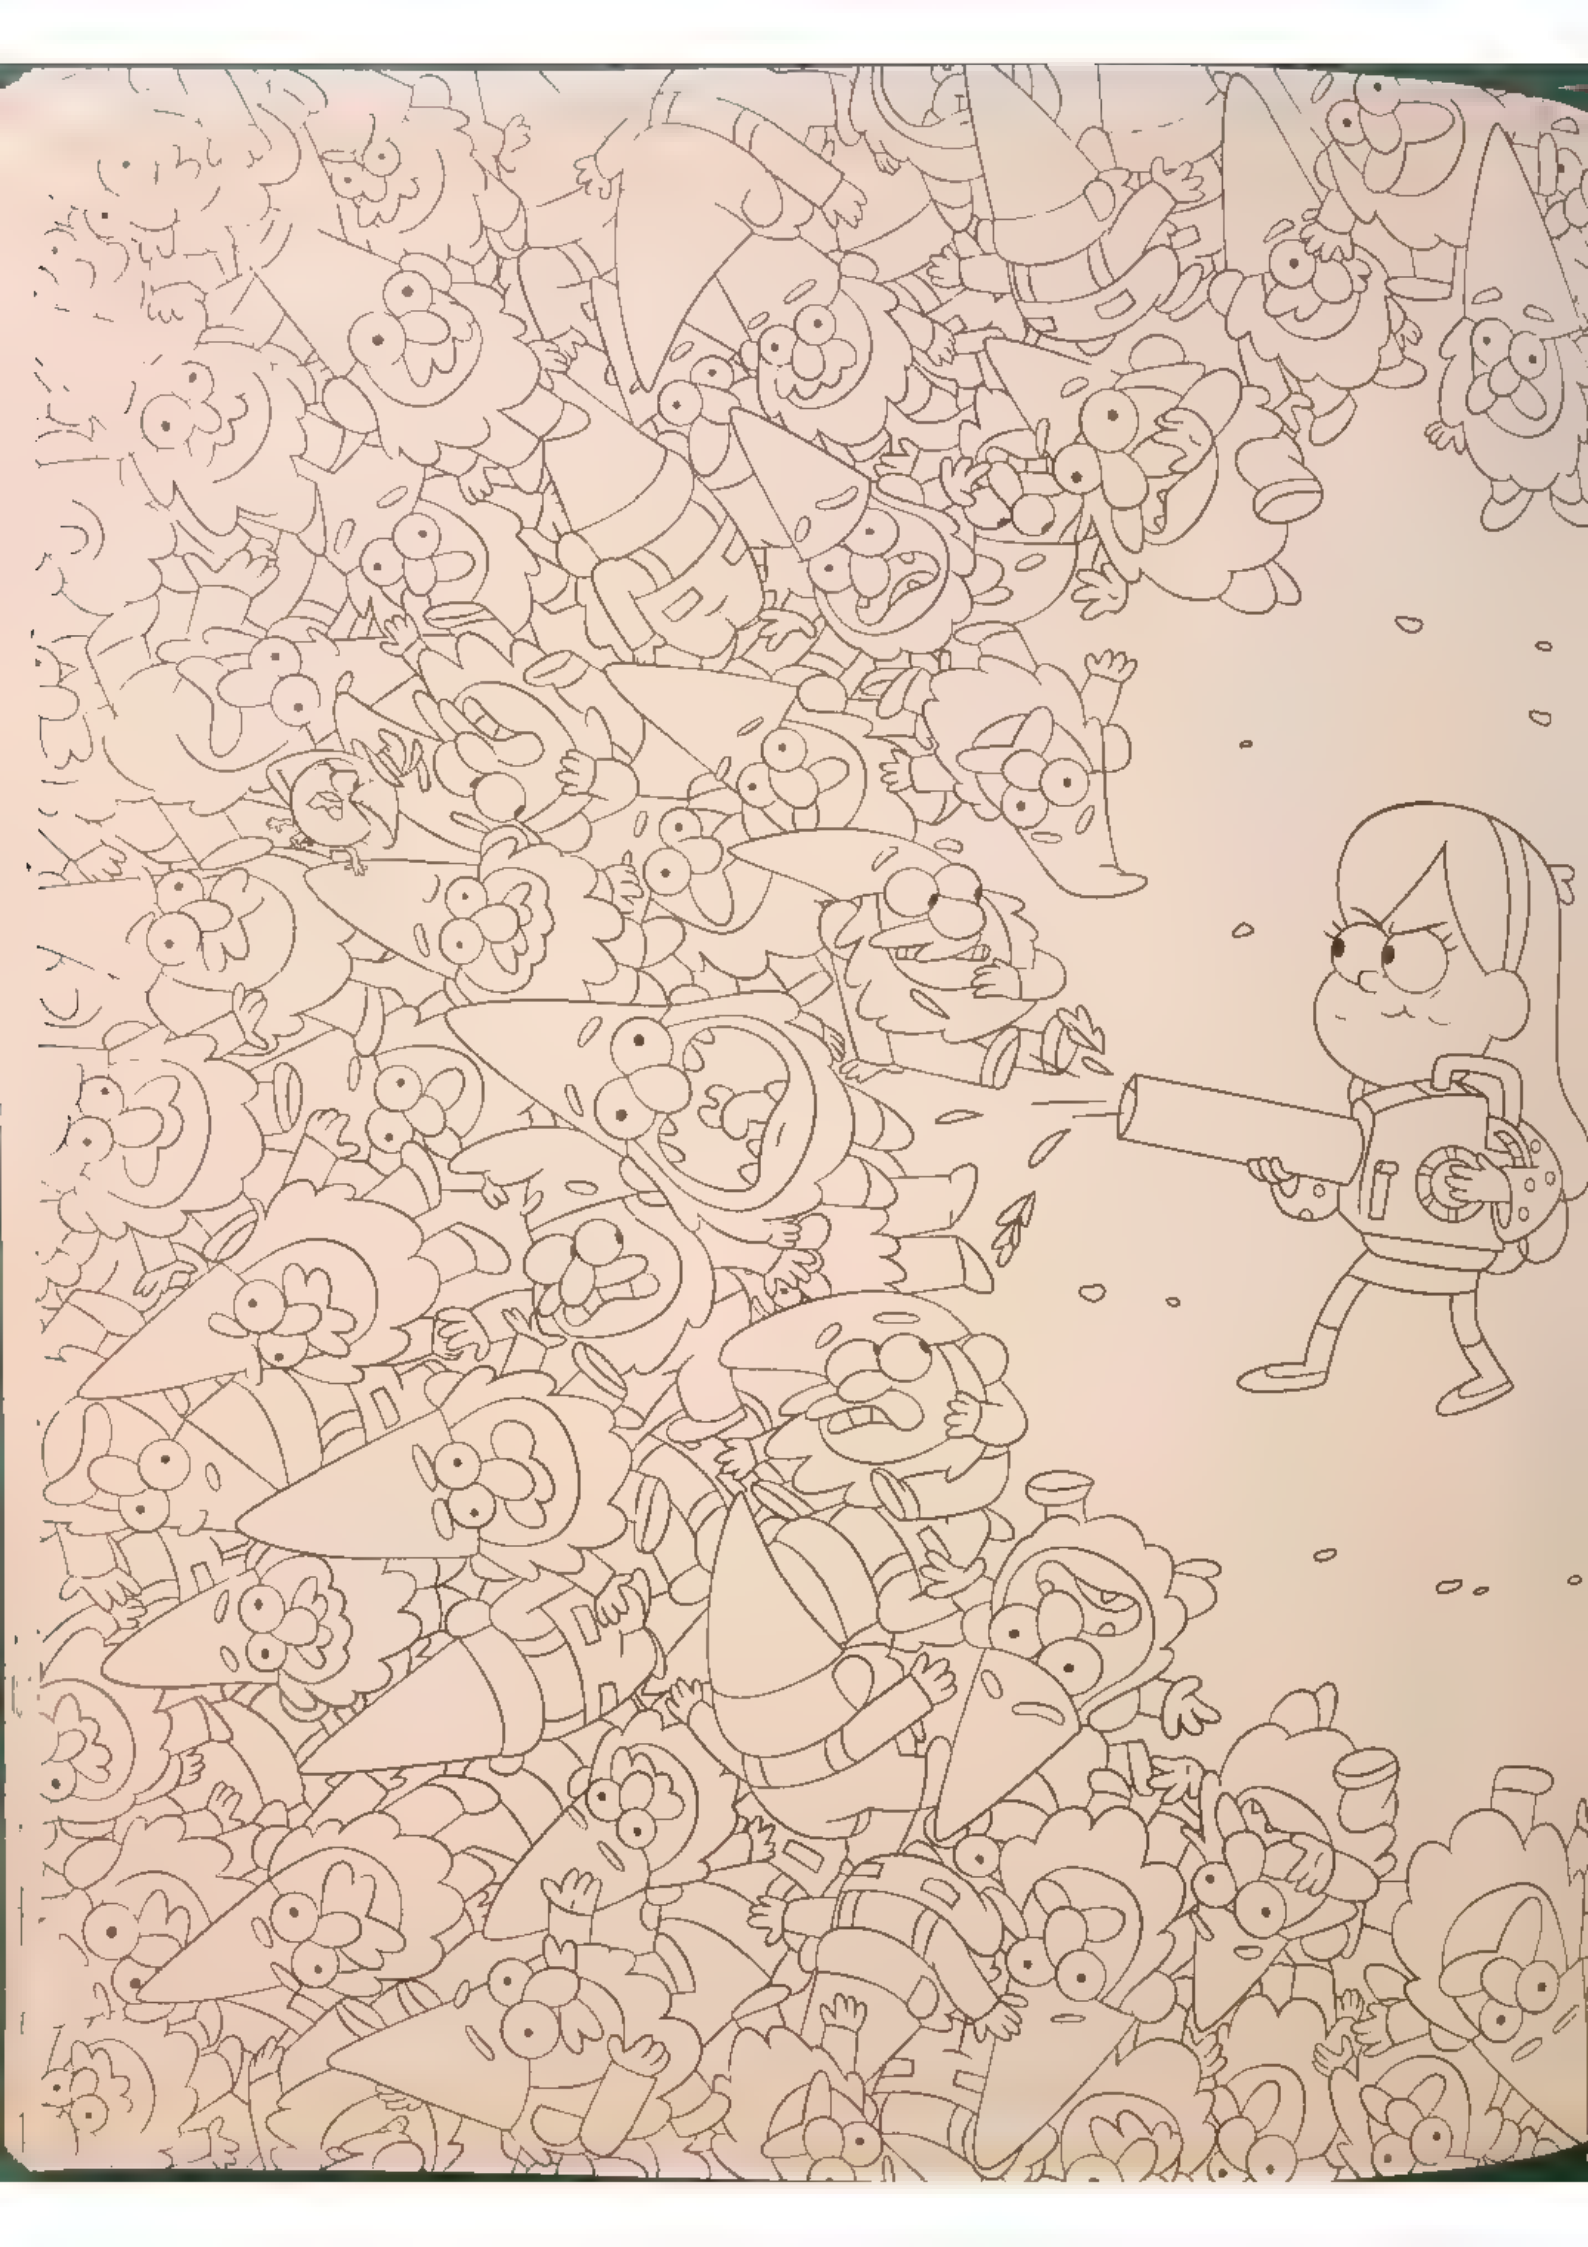

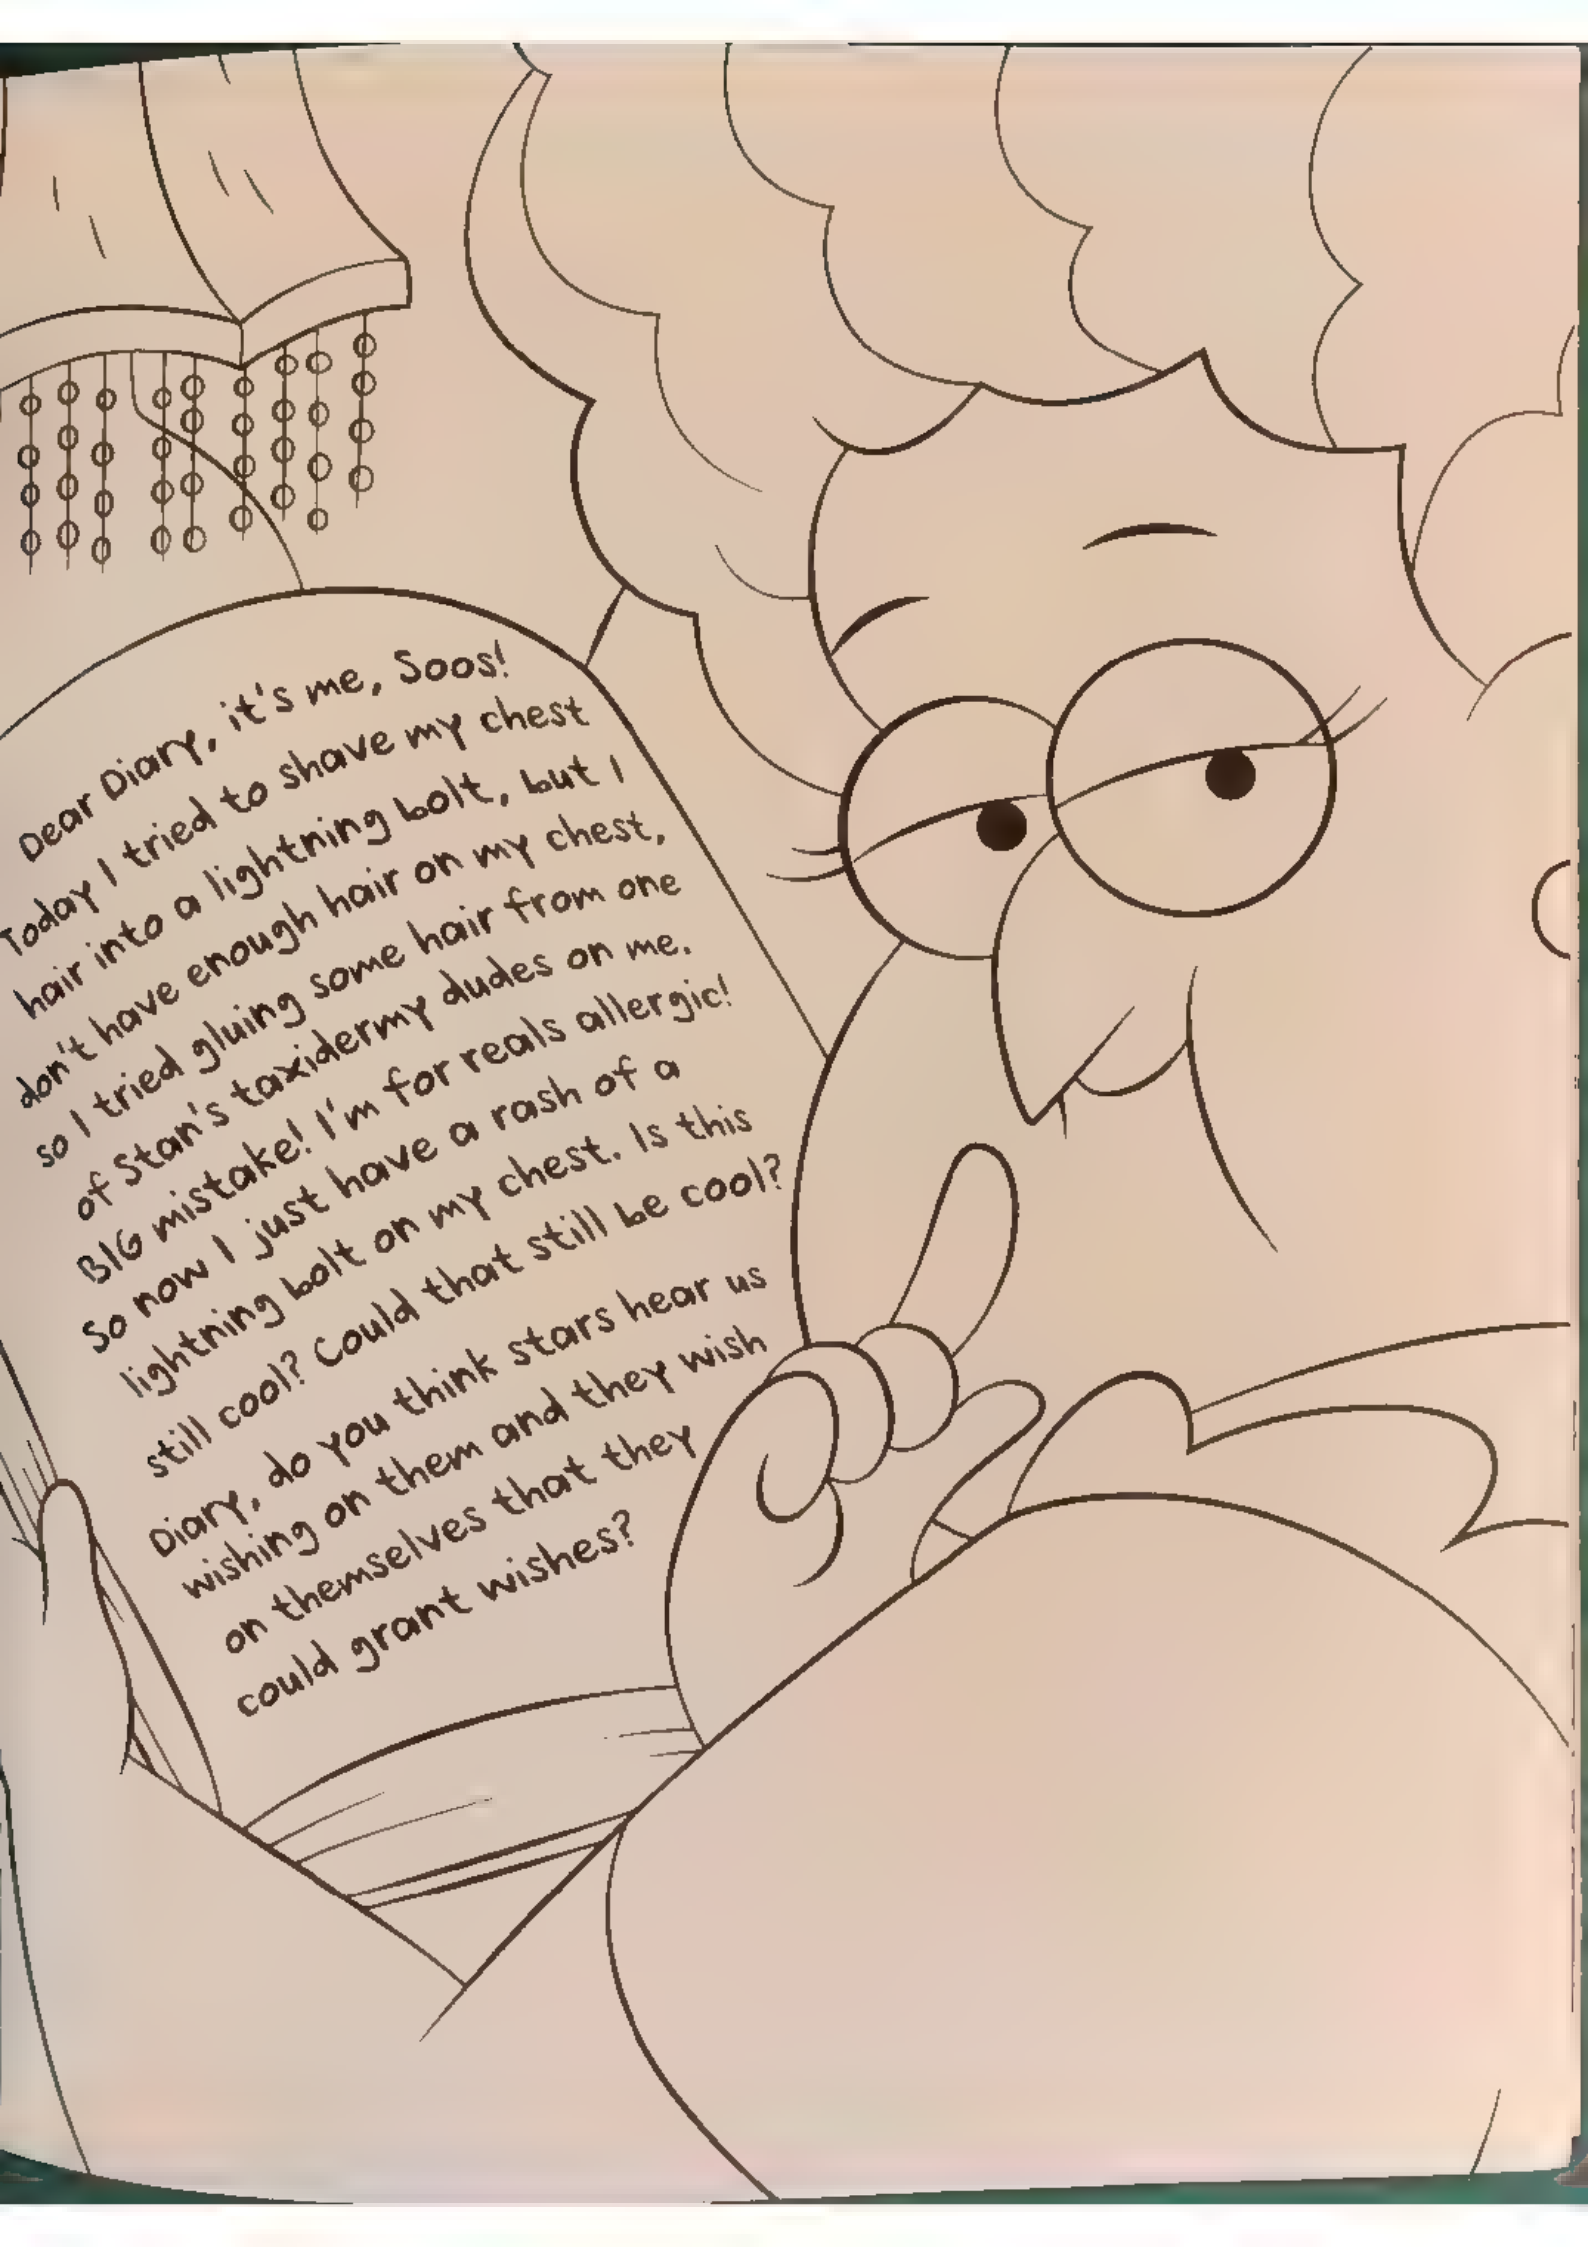

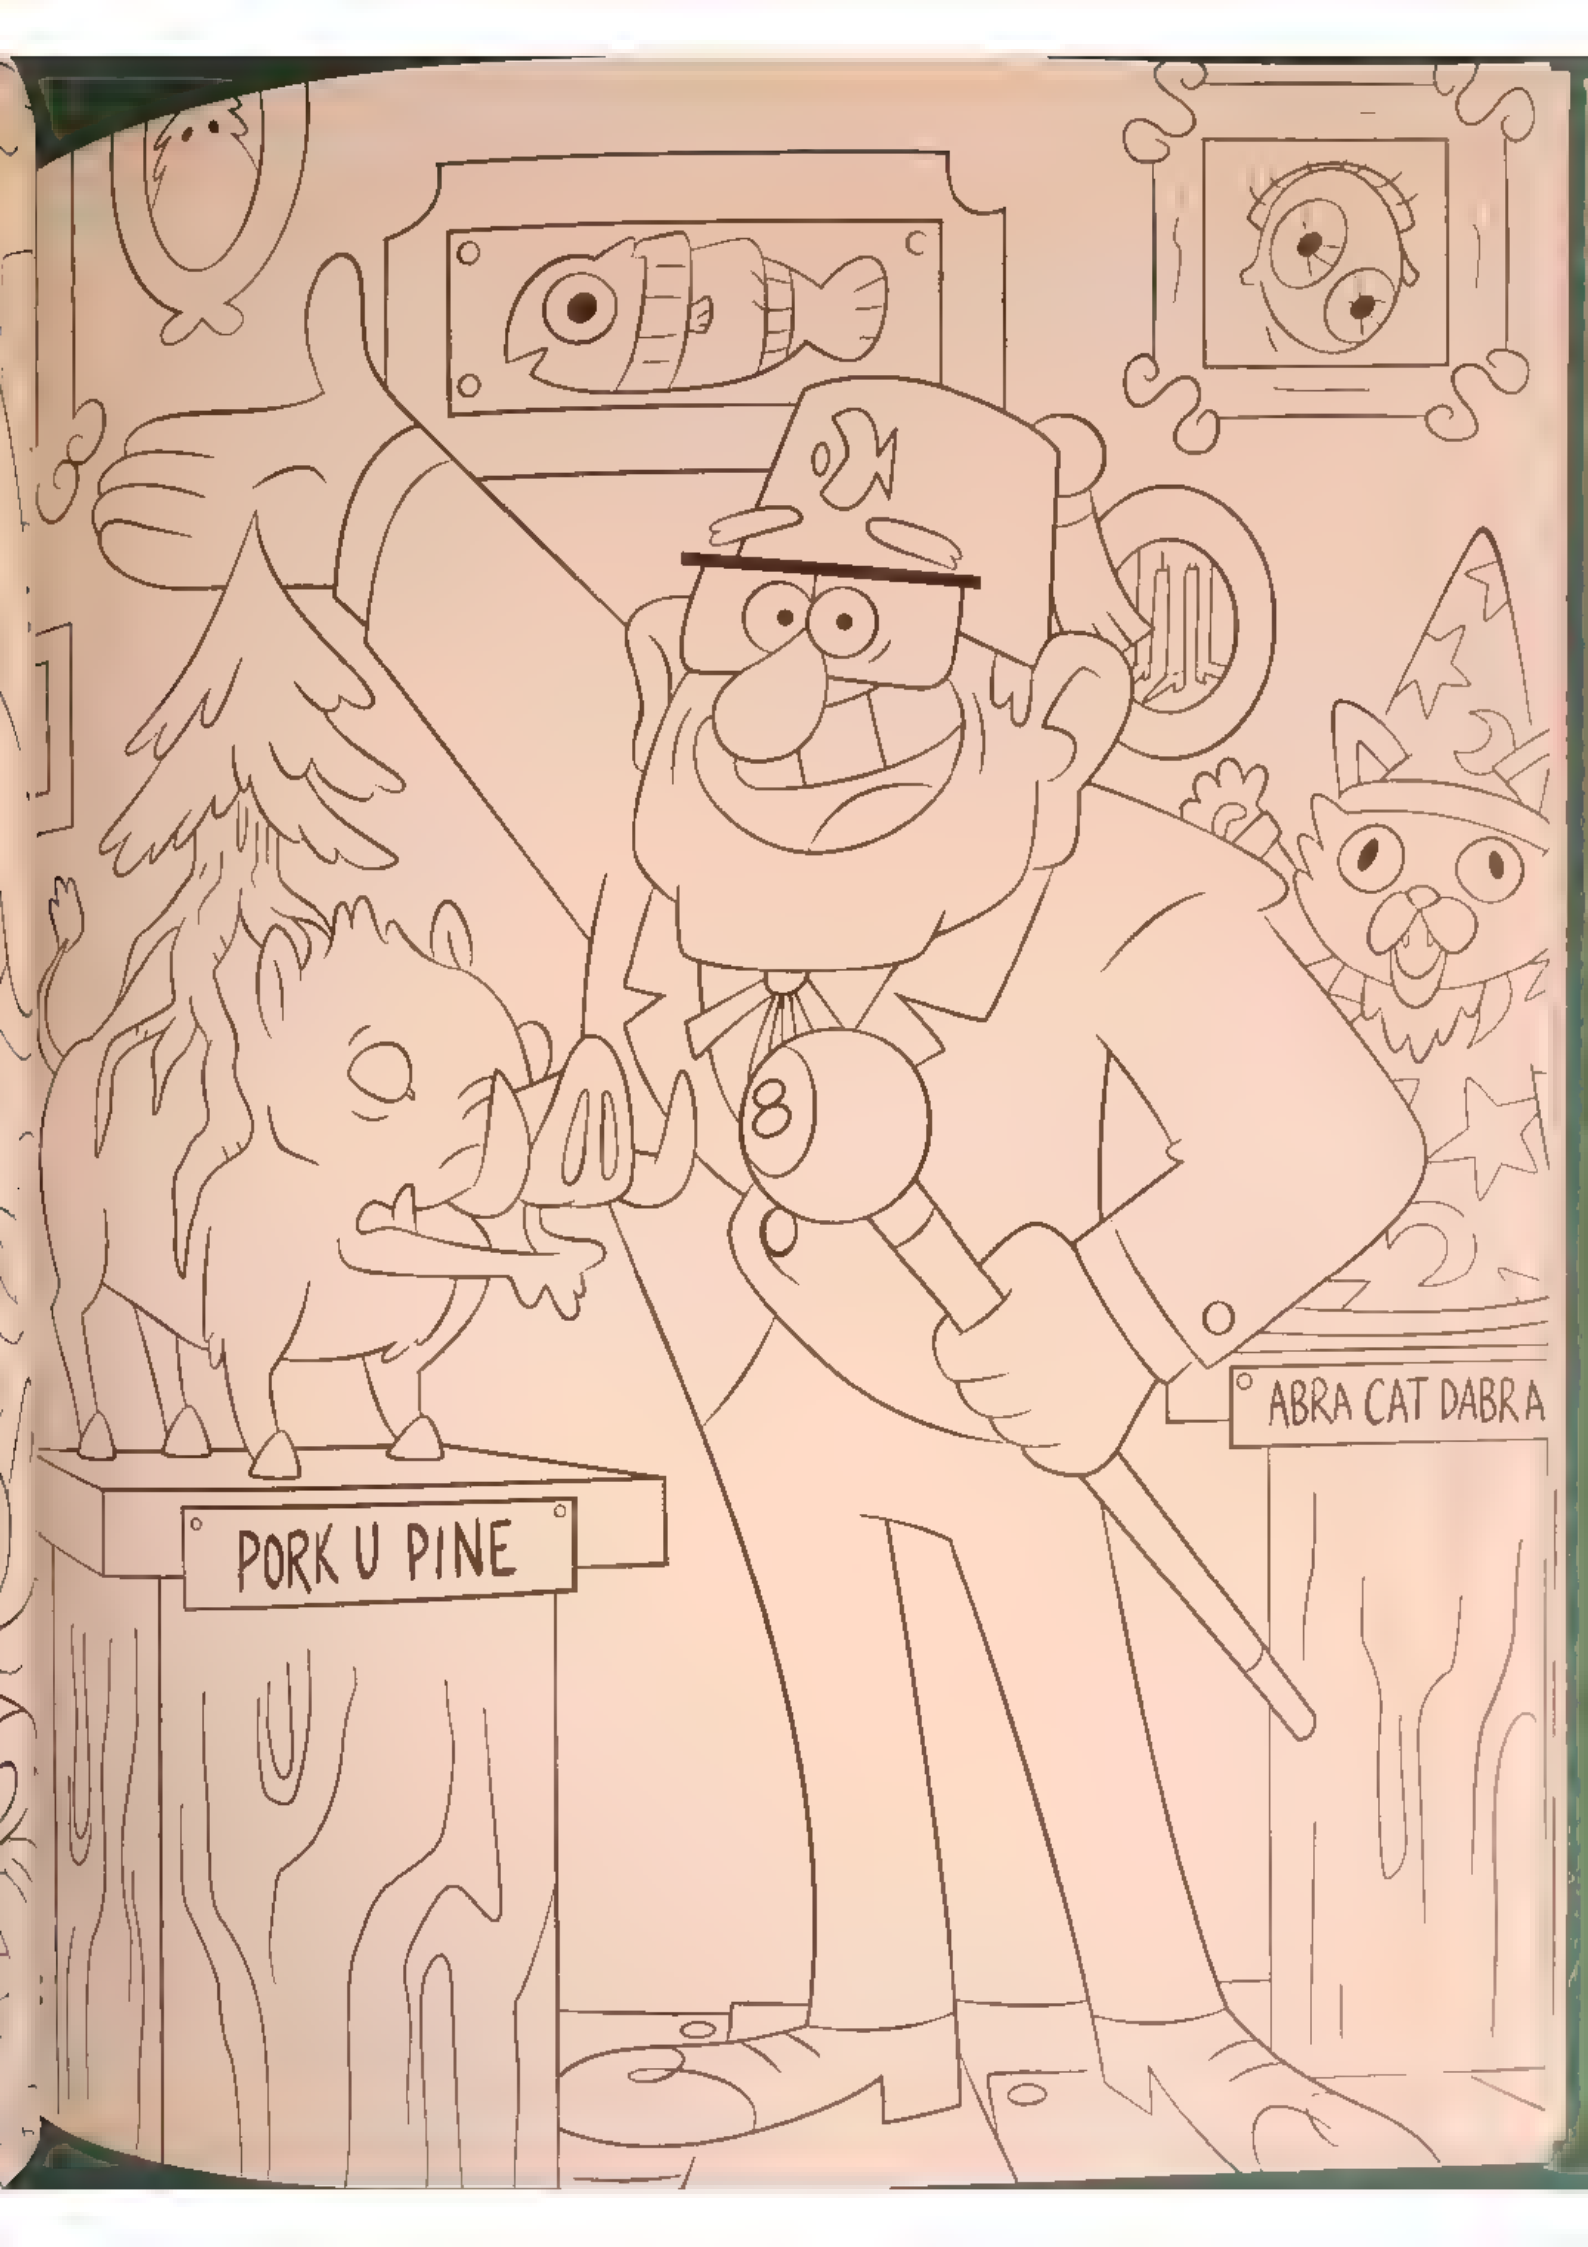

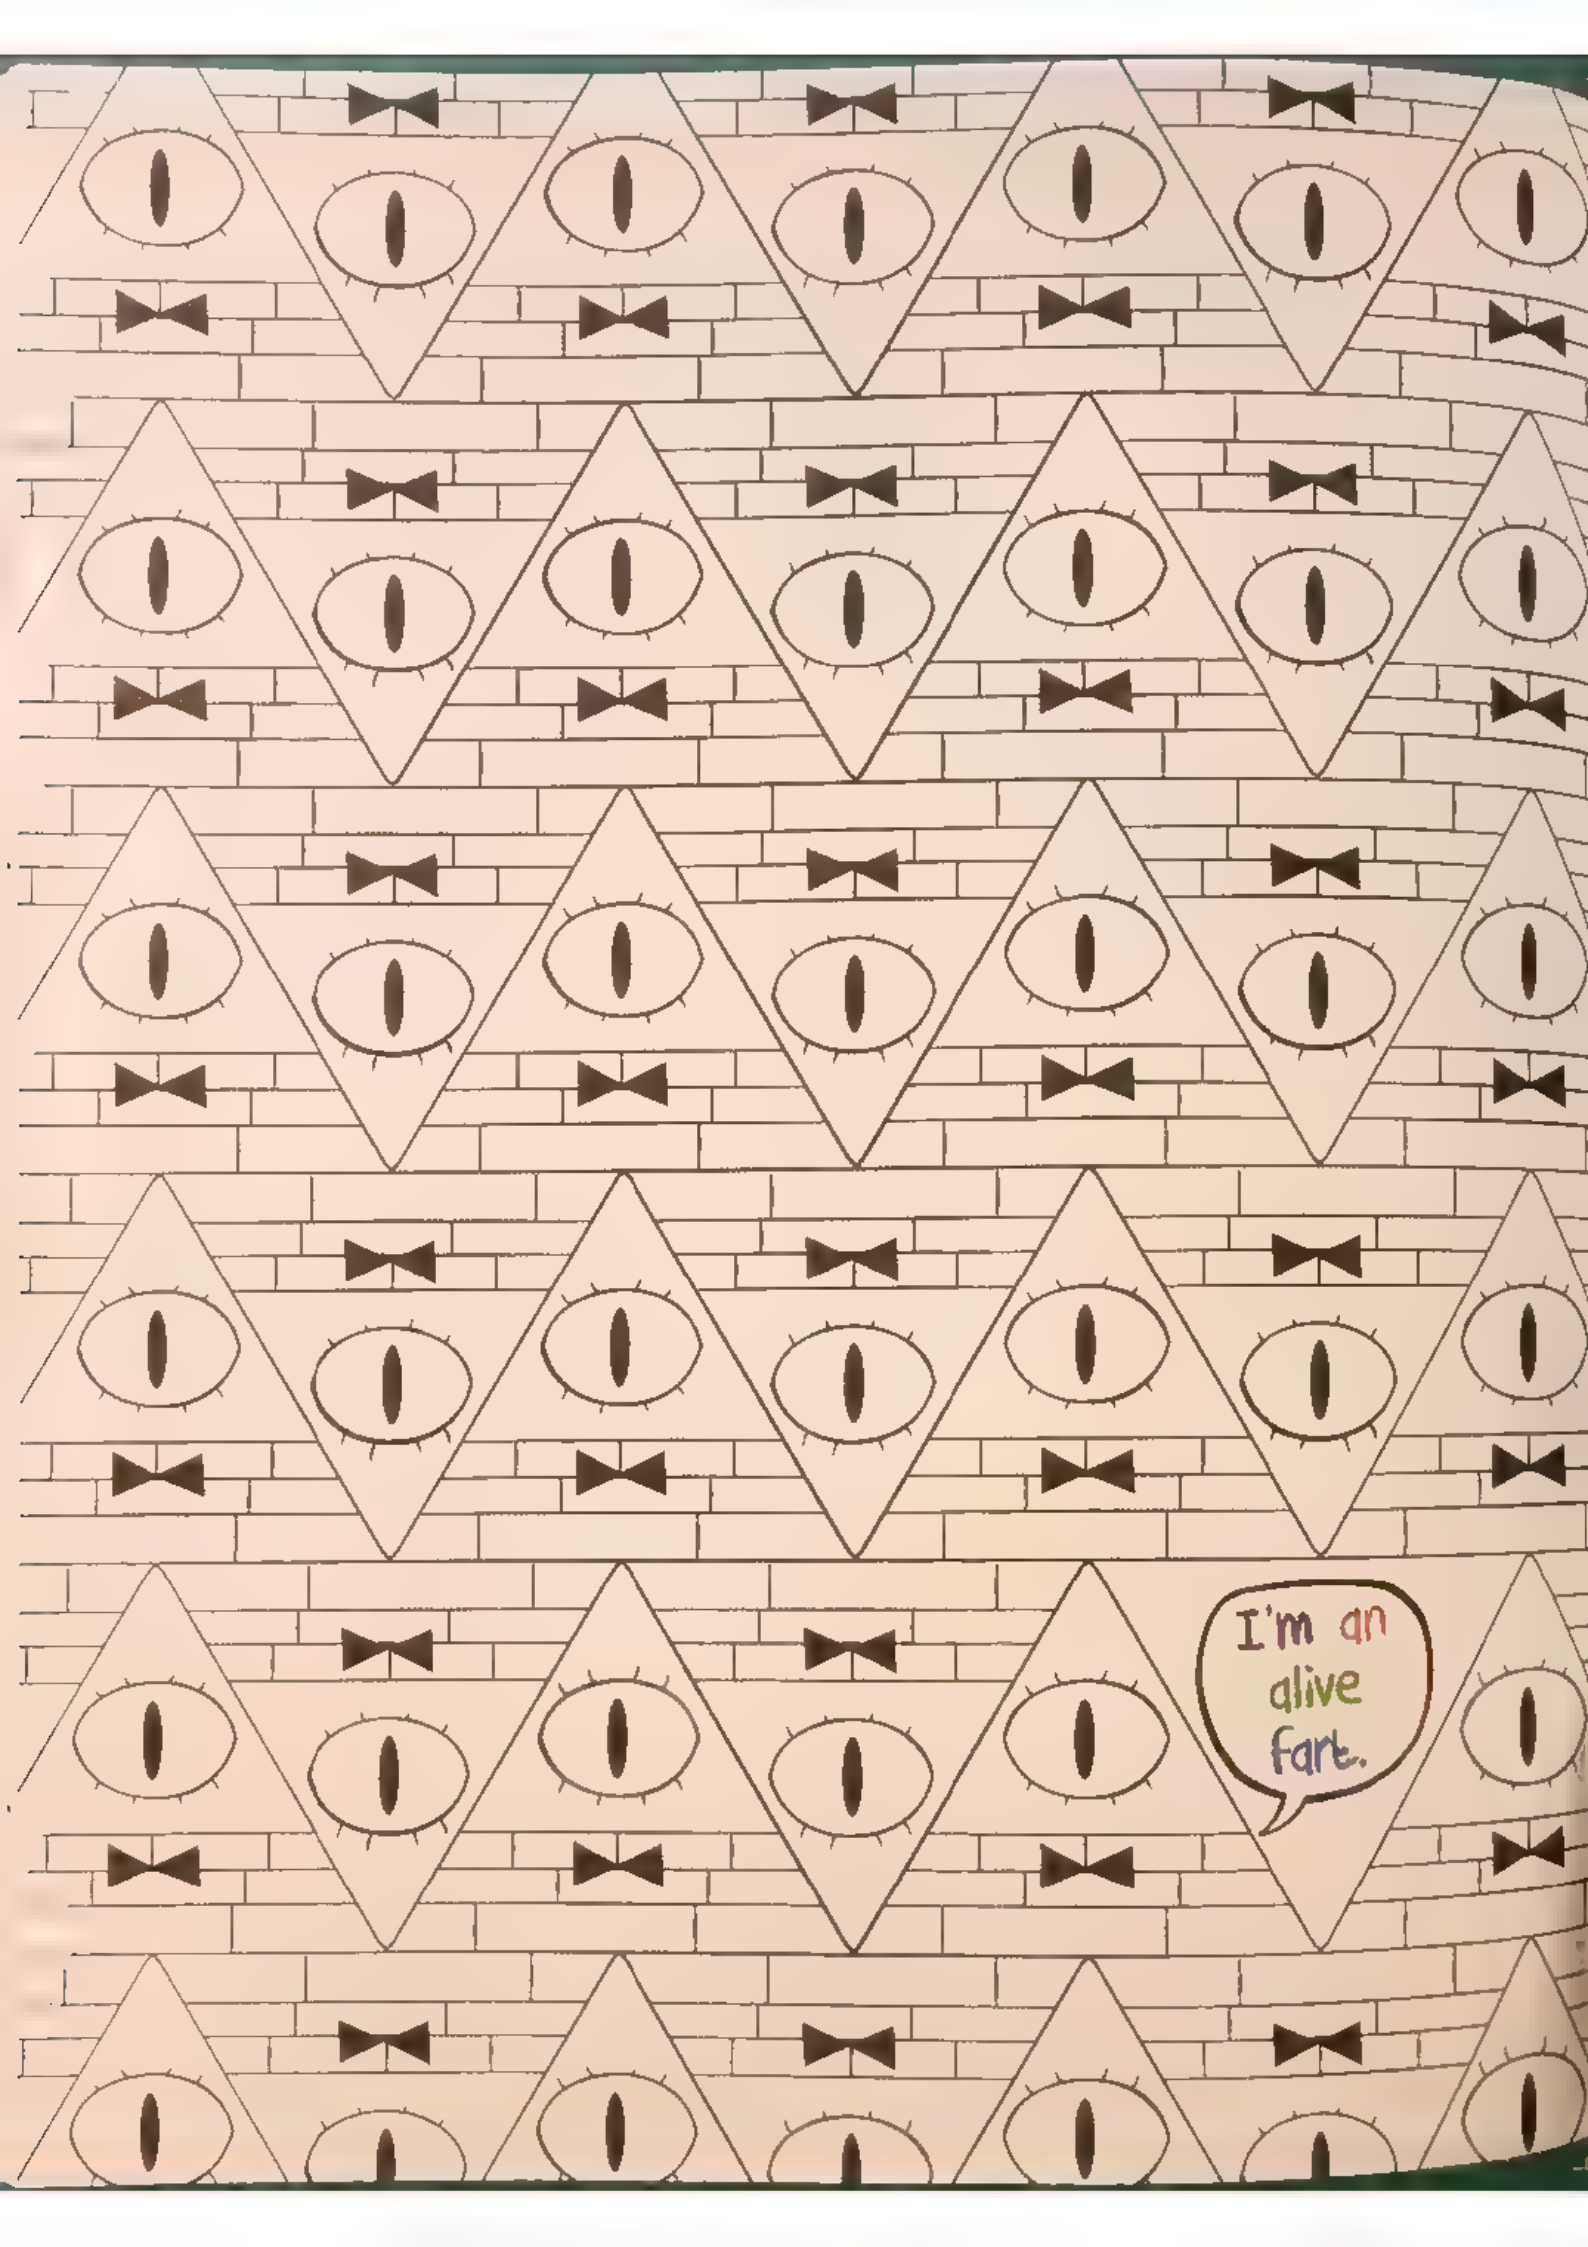

Dear Diary, it's me, Soos!
Today I tried to shave my chest
hair into a lightning bolt, but I
don't have enough hair on my chest,
so I tried gluing some hair from one
of Stan's taxidermy dudes on me.
BIG mistake! I'm for reals allergic!
So now I just have a rash of a
lightning bolt on my chest. Is this
still cool? Could that still be cool?
Diary, do you think stars hear us
wishing on them and they wish
on themselves that they
could grant wishes?

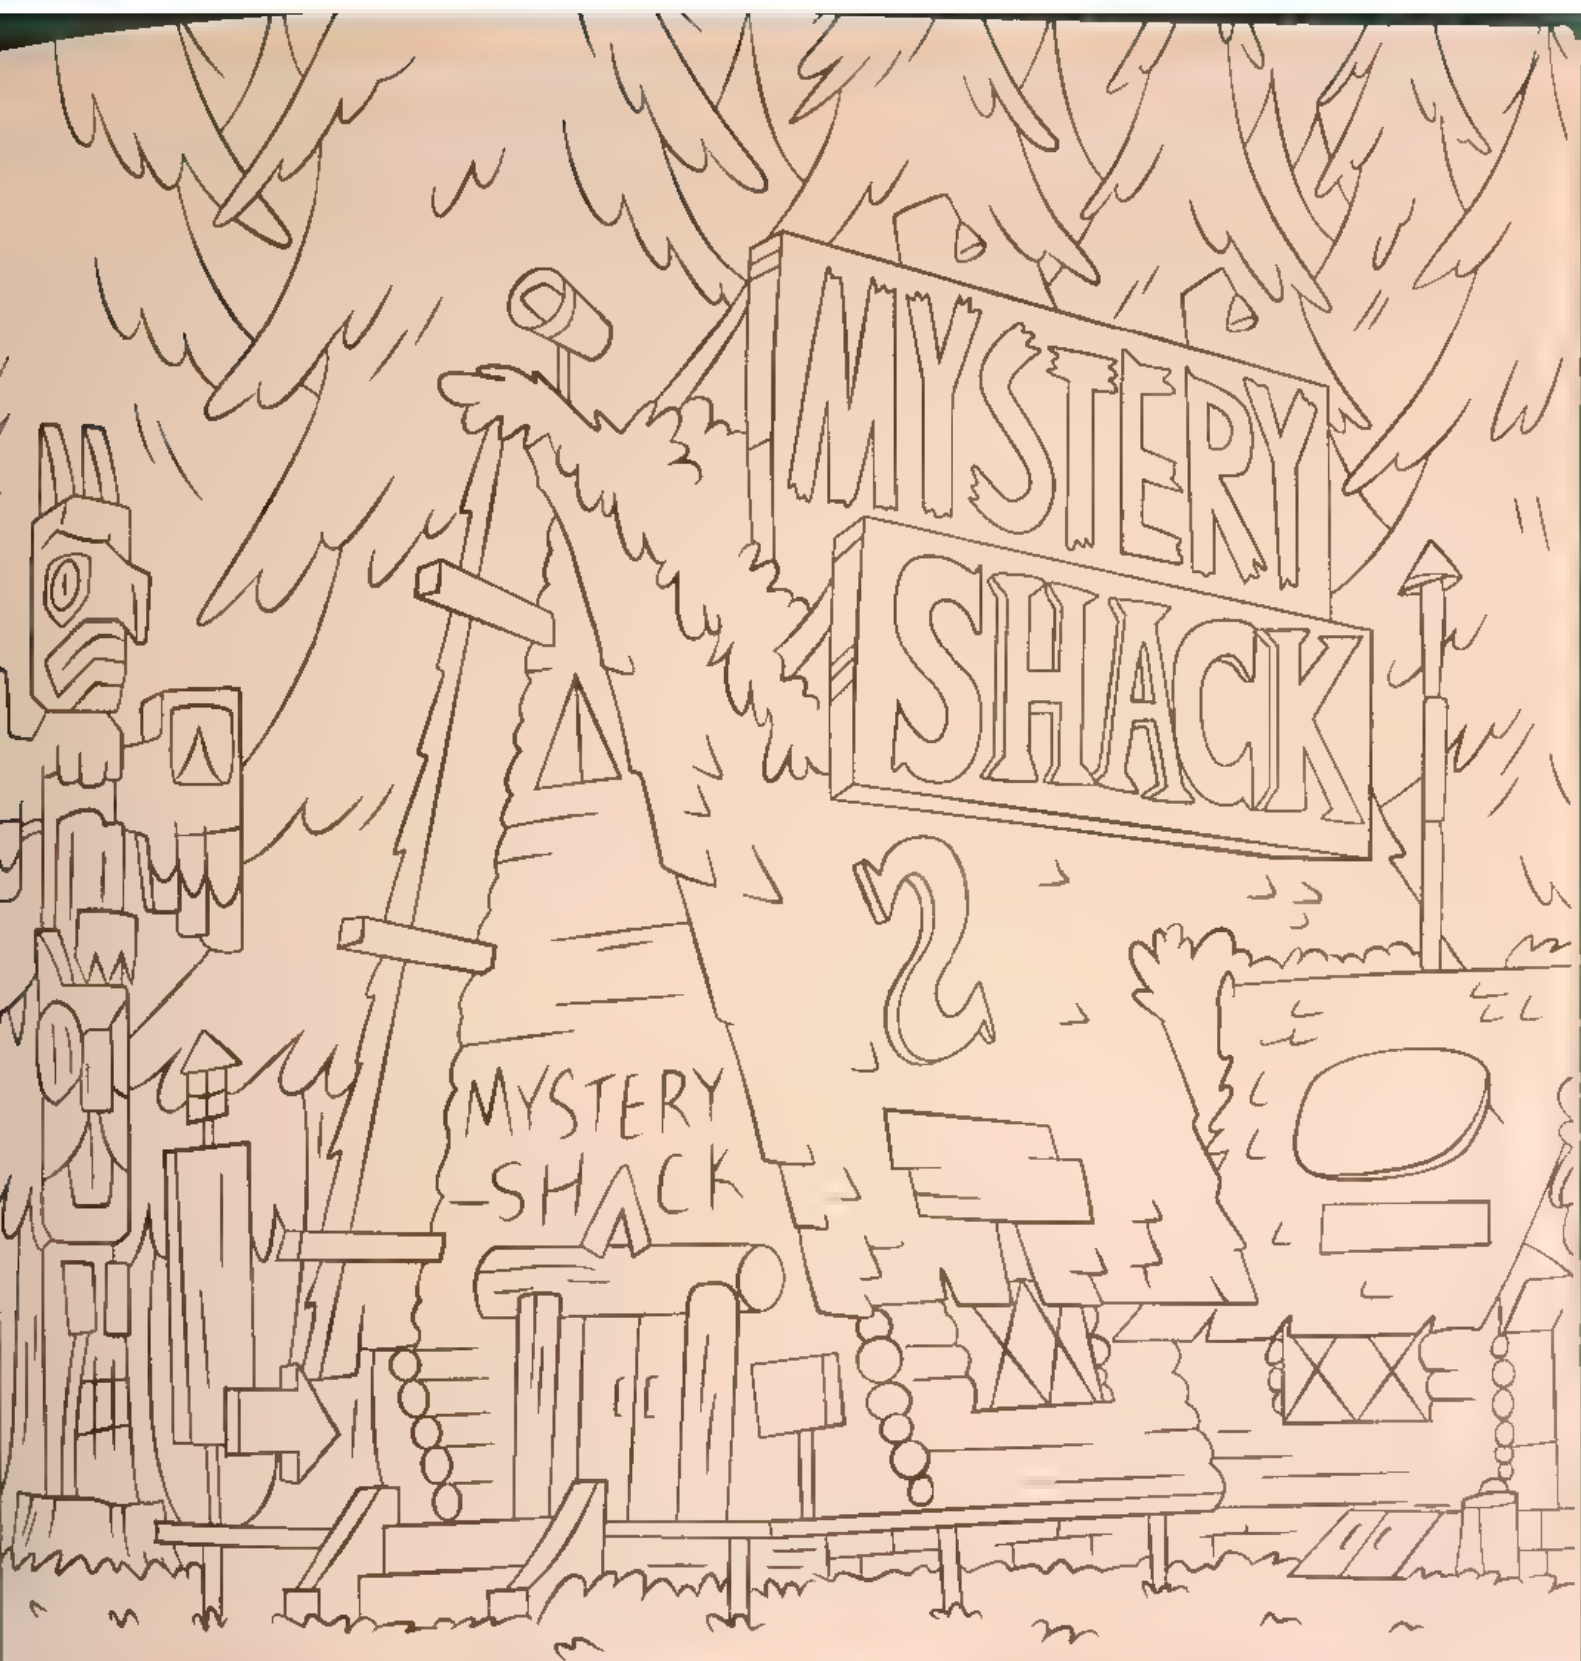

PORK U PINE

ABRA CAT DABRA

I'm an
alive
fart.

Chamelius . . . I've noticed something kinda weird. . . .

The more color I add to this book, the grayer my world looks! Is something . . . happening?

Your eyes are just tired from looking at so many colors. This is my legit professional opinion.

It's nothing. Keep coloring.

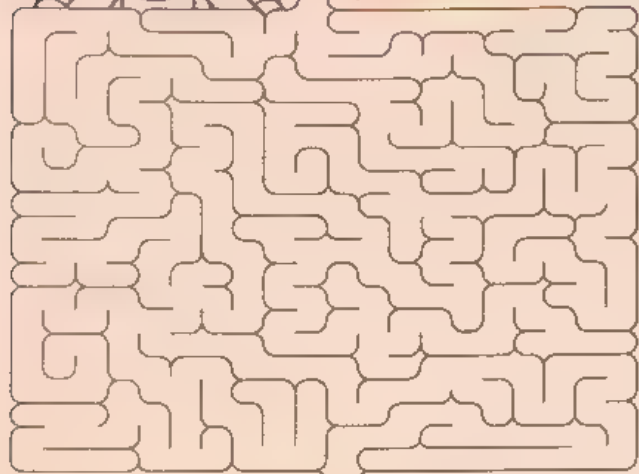

OK . . .

Hey, Dipper! I made some mazes for you! They totally have special prizes just for you at the end!

Oh, boy!

OK, seriously, everything in my world is almost completely gray. Chamelius tricked us! This isn't a coloring book—he's using us to **STEAL COLOR** from **OUR WORLD!**

★ Uh . . . No . . .

That's . . . uh . . . not . . . happening. . . .

OUCH!
The book bit me!
Oh, sick, it burned the color
right off my hand!

You hurt my sister,
and now you're
TOAST, Chamelius!

A black and white illustration featuring a dark, swirling, ink-like substance that fills the right side of the frame. The substance has a textured, almost liquid appearance with various splatters and drips. On the left side, there are several white, wavy, smoke-like or steam-like shapes rising from the dark mass. A speech bubble is positioned in the lower-left quadrant, containing text.

Oh, shoot! Mabel!
It's the ink reaching out! This
is what happened when it pulled
me in! RIP THIS PAGE OUT!!!!

Aw, Mabel ... Don't cry. It'll be okay. We'll figure out what to do. Together.

Oh, uh, I'm not crying ...
I actually sneezed on the book.
Sorry!

Oh.

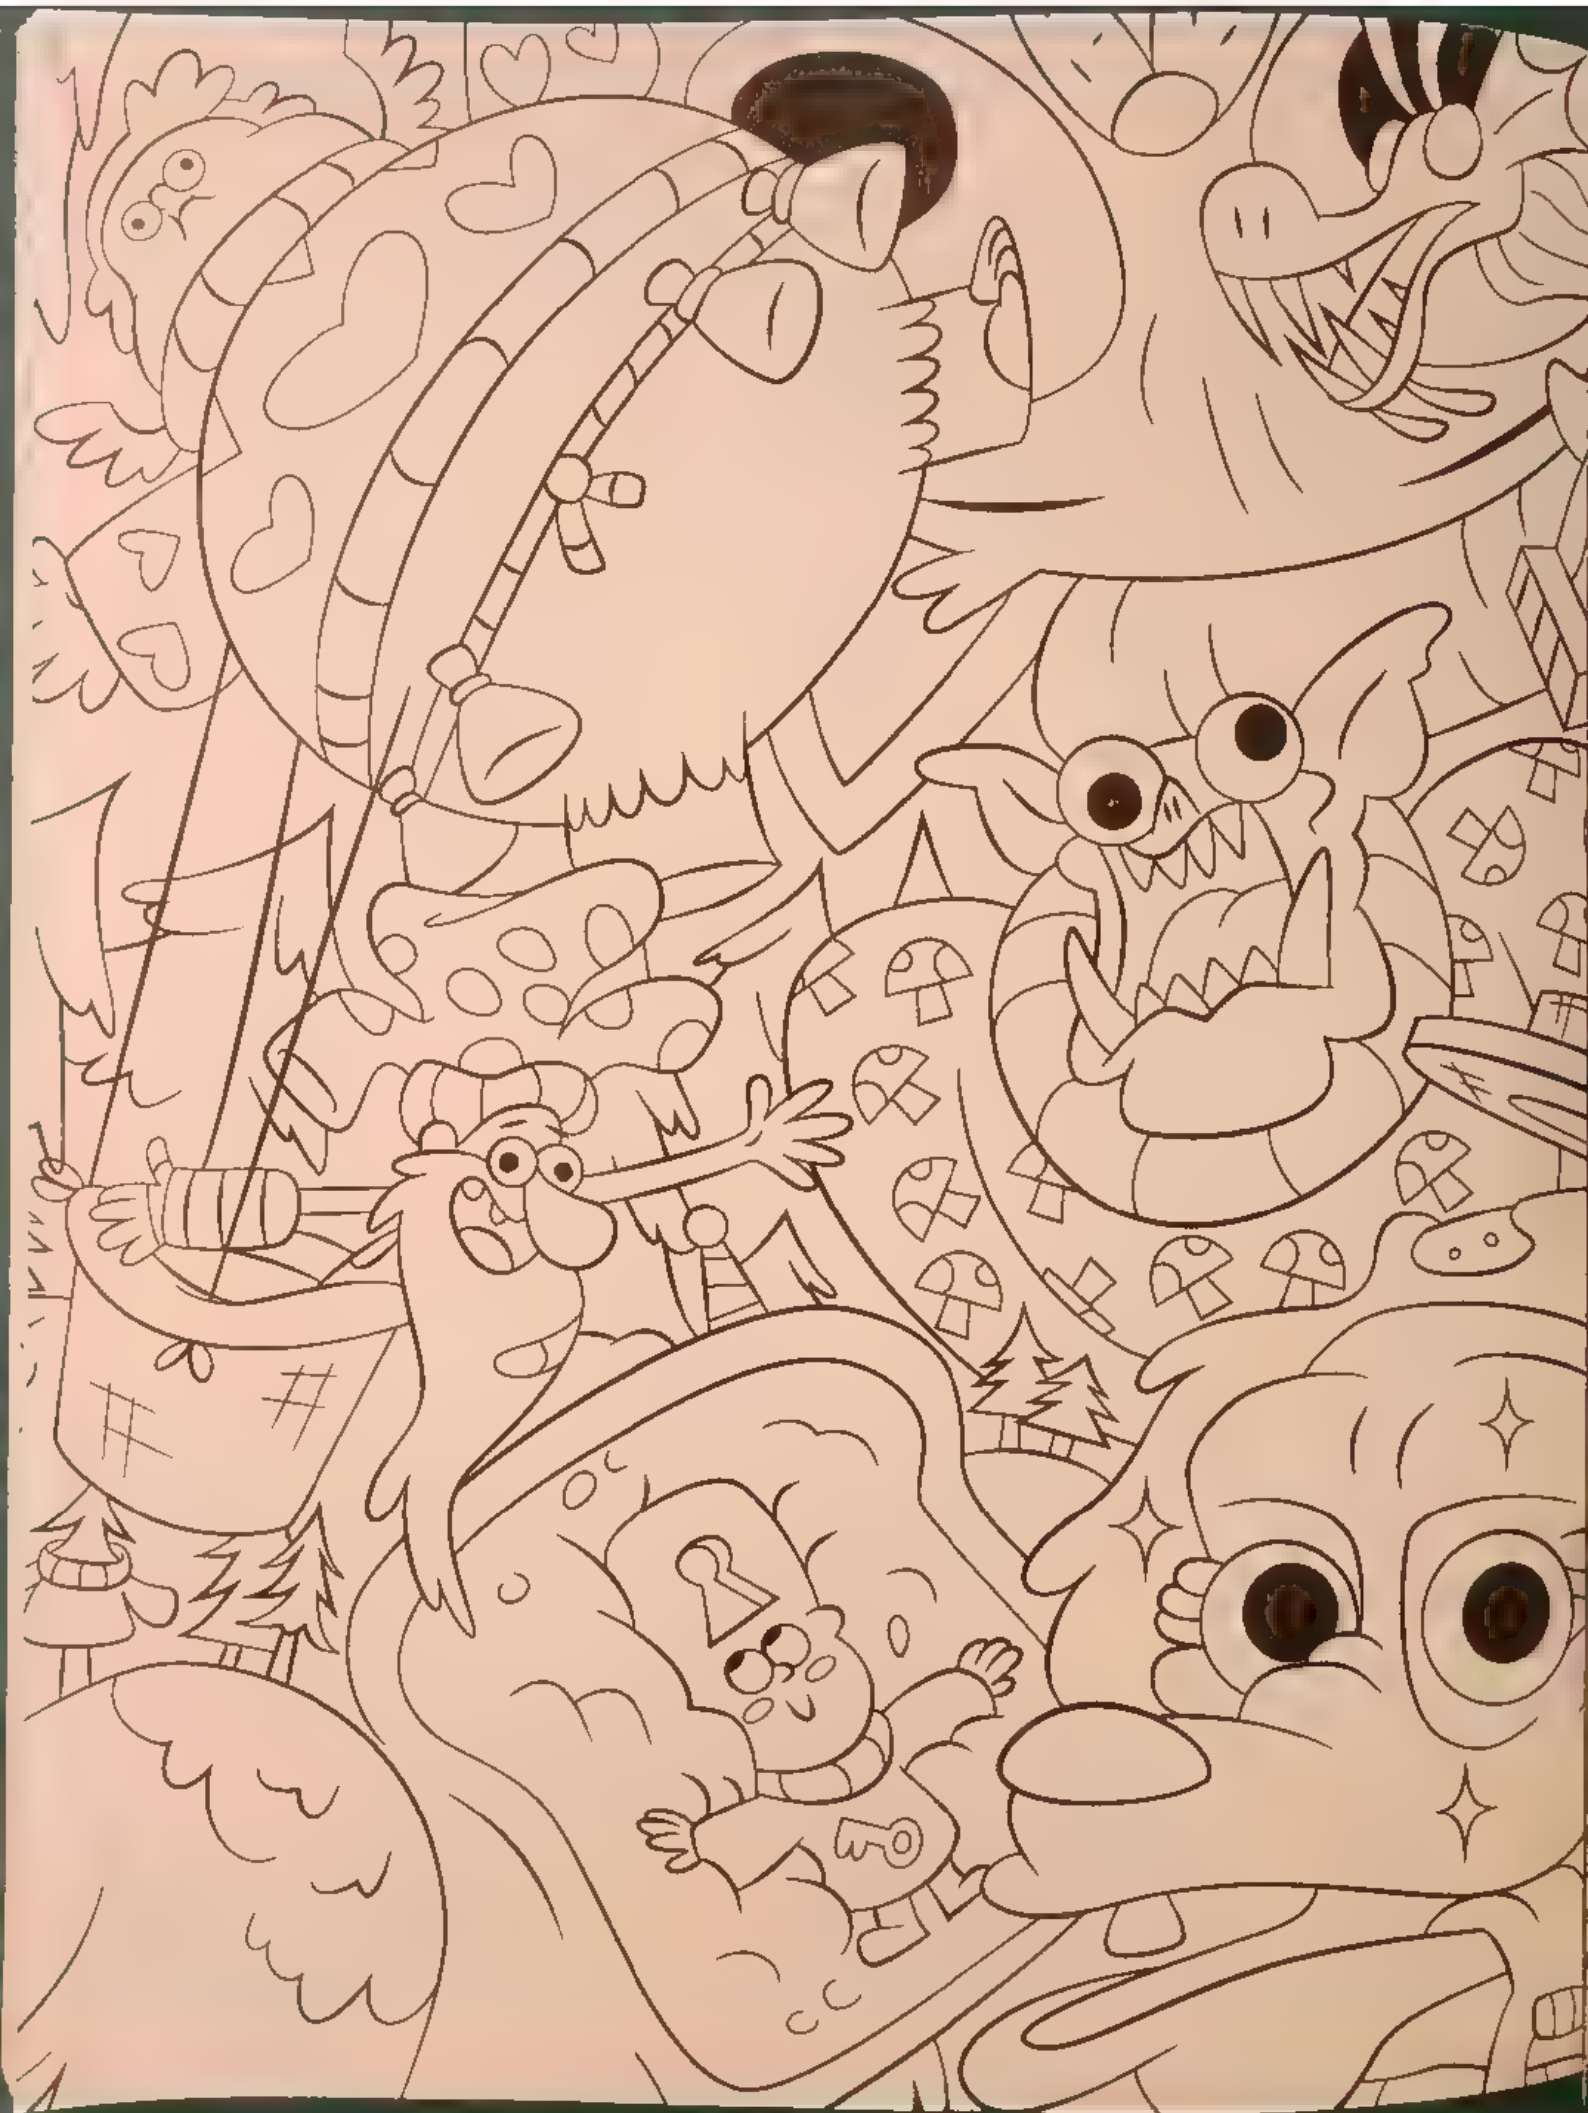

Mabel! Remember when the ugly color combos made the book shake and leak color? I think ... I think we have to draw the most hideously colored page in the world.

Make something ugly ... on purpose?
This goes against all of my artistic training.
But I think ... I can do it!

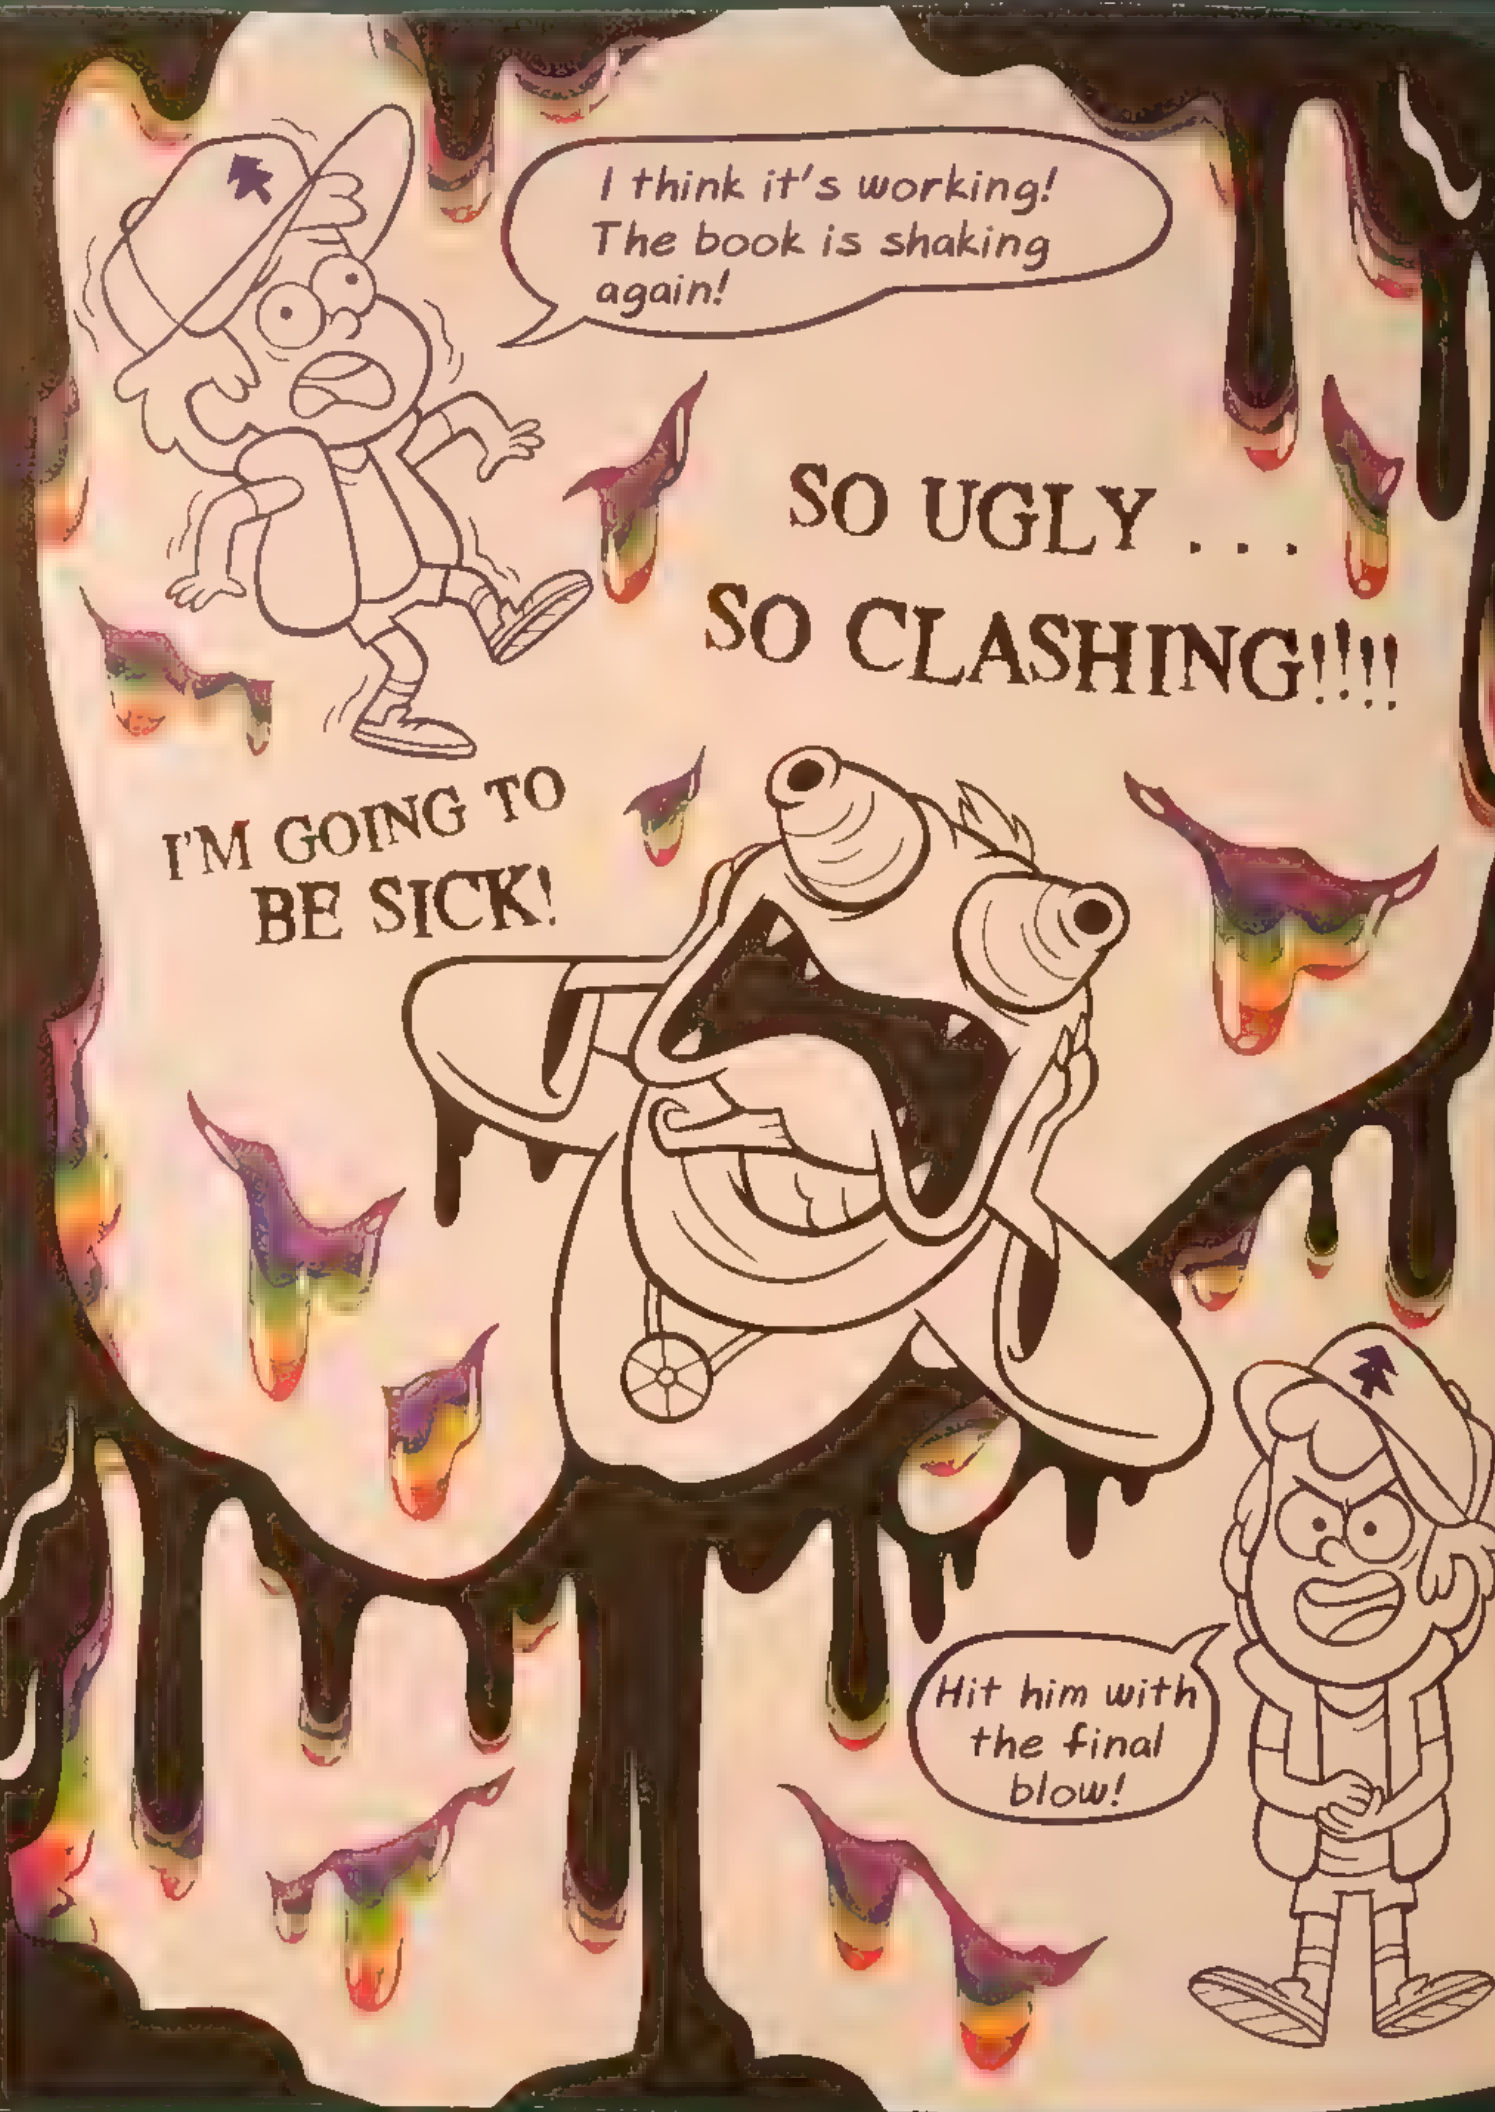

I believe in you! Blend green and orange together!
Put stripes where there shouldn't be stripes!
Make a thing ... uh ... way grosser than normal!

OK! I think I know what needs to be done.

No!

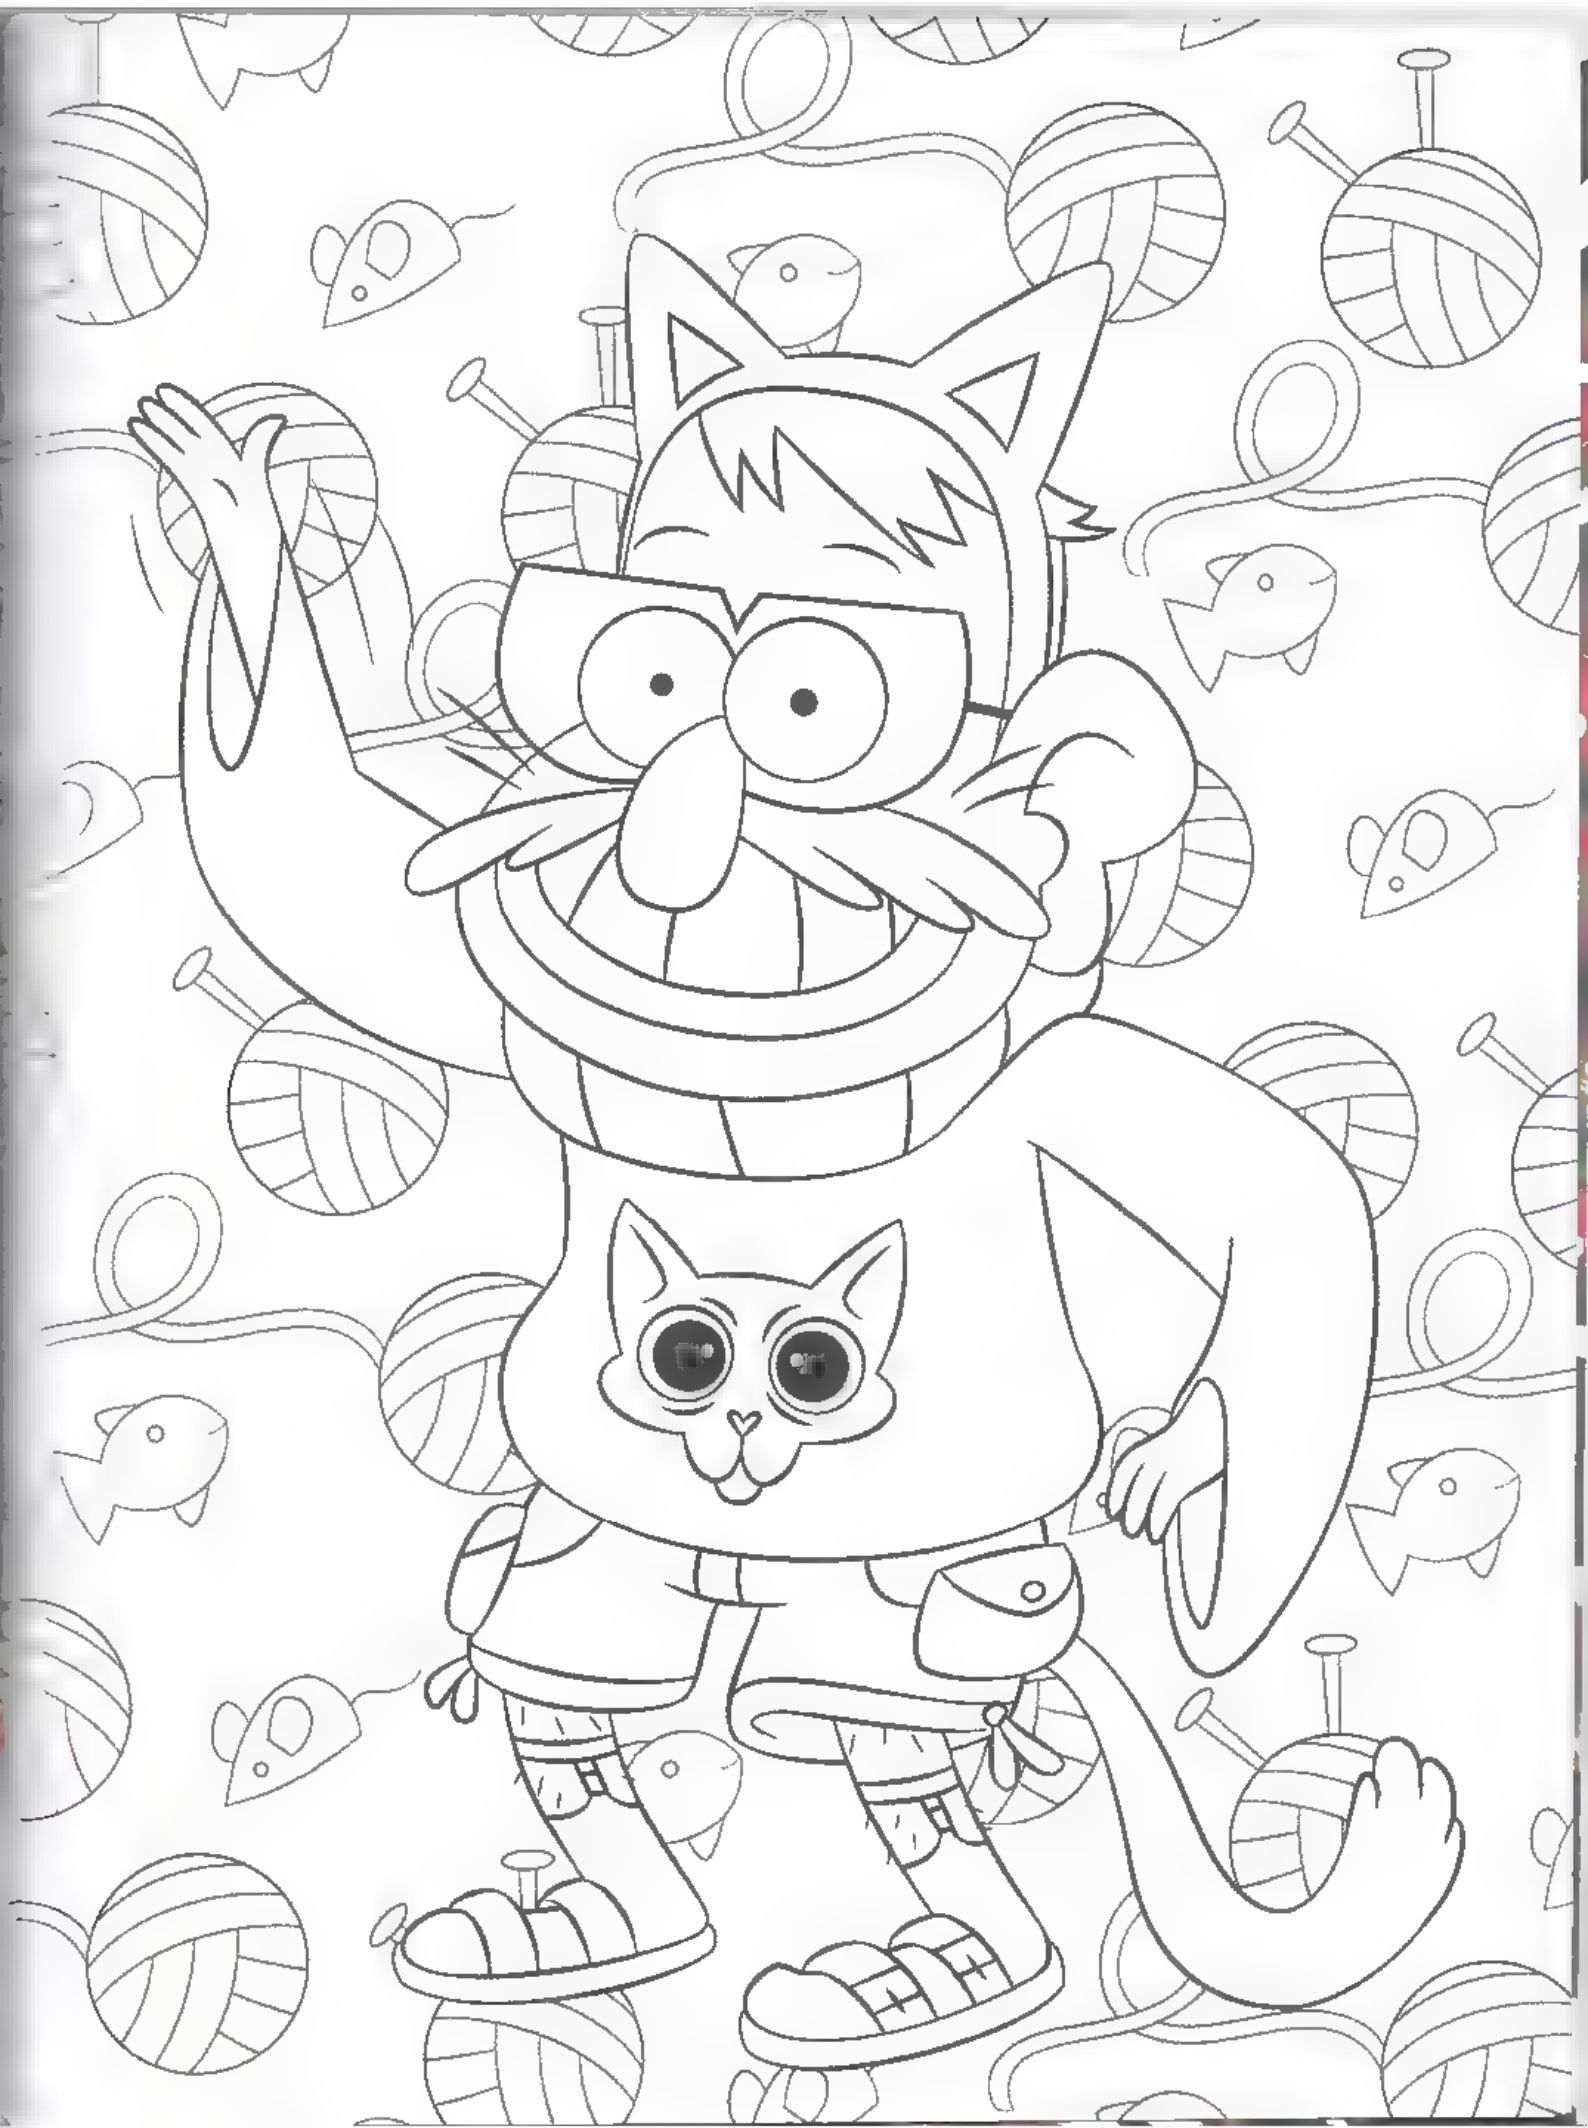

A cartoon illustration set within a dark, irregular border. The background is a light, mottled pinkish-white. A large, dark, branching structure, resembling a giant hand or a monstrous figure, dominates the scene. It has several colorful, flame-like or lava-like drips hanging from its fingers and branches. In the top left, a boy with a wide-brimmed hat and a backpack is running away from the viewer, looking back with a worried expression. A speech bubble above him says, "I think it's working! The book is shaking again!". In the center, a large, monstrous figure with a single eye and a wide, open mouth is shown. It has a small wheel on its back. To its left, the text "I'M GOING TO BE SICK!" is written. In the bottom right, another boy with a cap and a determined expression stands with his arms crossed, looking towards the monster. A speech bubble above him says, "Hit him with the final blow!". The overall style is whimsical and slightly grotesque.

I think it's working!
The book is shaking
again!

SO UGLY
SO CLASHING!!!!

I'M GOING TO
BE SICK!

Hit him with
the final
blow!

Woo-hoo! Mabel here, writing in black so that you can't have any colors. All the color is returned to Gravity Falls, and Dipper is FREE! IN YOUR FACE, CHAMELIUS, you dopey color vampire! You . . . Drac-hue-la!

Yeah! You can't pull a fast one on the Pines twins! This is becoming a whole page in my journal so that future people will be warned about you!

Color saved the day!

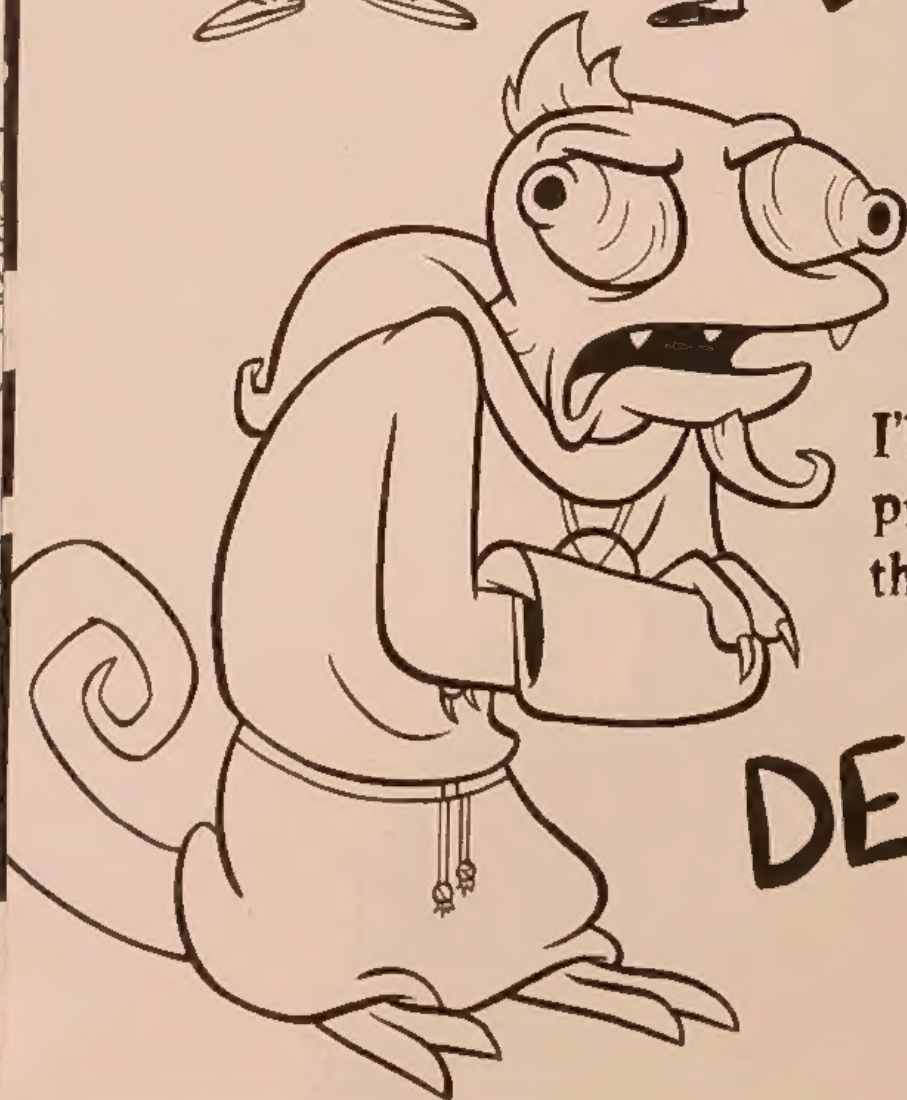

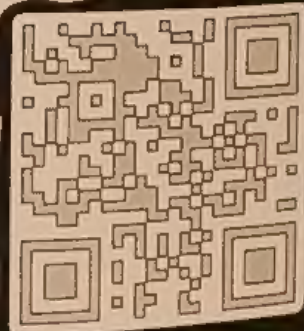

It also ruined it!

It ruined and saved itself! A metaphor for the human condition!

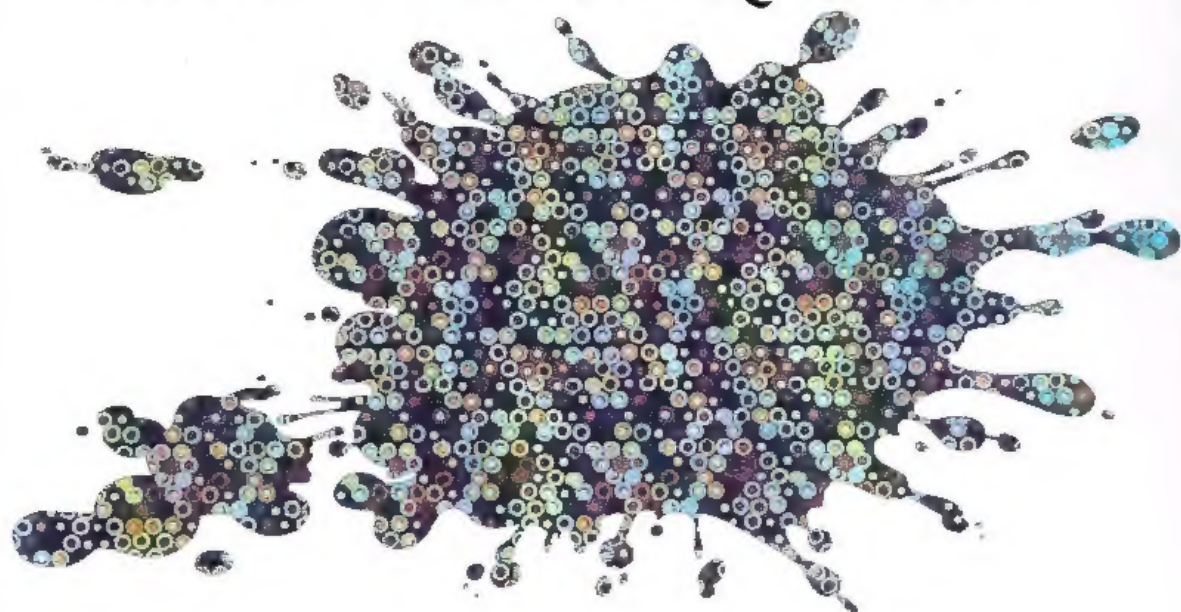

Although I AM sad that we didn't get to see that color from another world. Hey, Chamelius . . .

I'll show it to you if you promise NEVER to color in this book again!

DEAL!

Behold . . . **SHMERULEAN!**

Do not stare at it for too long.
It comes from a powerful
dimension that your human
eyes weren't designed to take in!

Prolonged staring
will surely drive
you mad!

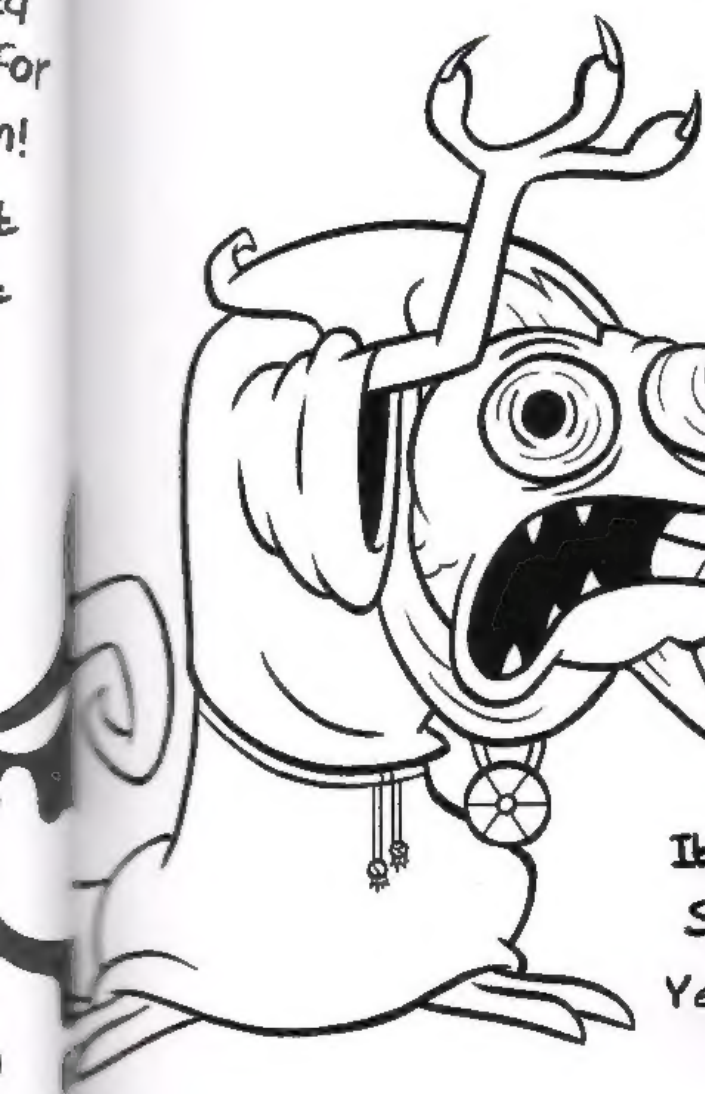

Pretty! Kinda just looks
like blue!

Yeah. I think I've seen a nail
polish of this exact color.

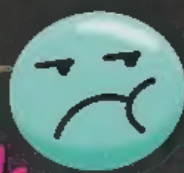

It's mine! Wanna go paint Grunkle
Stan's toenails while he's asleep?

Yeah! Anything to cover up the yellow.

Ooh . . . yellow.

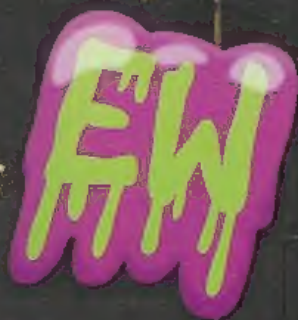

SERIOUSLY,
DON'T COLOR
THIS BOOK!

I REALLY
MEAN IT!!

Please . . . Nothing to see here!
Just a normal, fun, regular Gravity Falls
coloring book. Nothing magical or out of
the ordinary will happen if you color in
this book! Certainly no negative consequences
will arise from coloring these pages!

You won't get trapped or manipulated
or swindled! Surely not! The boy stuck
in the book, Dipper Pines, is happy
to be there and by no means
wants to escape.

This book is
bad news....
